

These are the minutes from the September 25, 2018 meeting of the Hanover Board of Health. Present were Mr. John Dougherty - Chair, Mrs. Gabrielle Mahoney – Board Member, Delshaune Flipp – Board Member  
Mrs. Kimberly Dixon - Health Agent, Will Barrett – Assistant Health Agent, Laurie Minasi – Barbershop

Having a quorum, Mr. Dougherty motioned to open the meeting at 6:01PM, Ms. Flipp seconded the motion.

**Appointments:**

6:15: Laurie Minasi – Barbershop – 122 Webster Street

**New Business:**

**Barber Shop:** Ms. Minasi came before the board to discuss potentially putting a barber shop at 122 Webster Street. Although the septic system is new, title 5 states that a system must be rated at 100 gallons per day per chair. Title 5 does not differentiate between a salon and a barber shop. The septic system on-site at 122 Webster Street is only rated for 200 gallons per day. This would allow for 2 chairs in the barber shop. Ms. Minasi is requested a variance to grant her 4 chairs as they are predominantly only cutting men's hair. Sinks are rarely used along with very little water. After brief discussion, Ms. Flipp motioned to grant the variance for 4 chairs at the barbershop, Mrs. Mahoney second, all in favor.

**Natural Gas:** Mr. Dougherty wrote a letter to support a bill that is backed by State Representative Decoste regarding natural gas infrastructure.

**Paramedicine:** Mrs. Mahoney met with members of the Hanover Fire Department to discuss paramedicine. There Visiting Nurses Association will be conducting educational workshops in order to develop a program to help identify people with needs.

**Septic Plan Approvals:**
