DRAFT PHASE III REMEDIAL ALTERNATIVES PLAN DOCUMENT

Dear Mr. Hobill:

On behalf of the Cooperating Parties, Tetra Tech EC, Inc. is submitting this copy of the Draft Phase III Remedial Alternatives for the Fireworks Site, Release Tracking Number 4-0900, Permit Number 100223 for your review.

Tetra Tech EC's submission of this document does not constitute an acknowledgment of liability by any or all of the Cooperating Parties, and the Cooperating Parties each reserves its rights to dispute such liability in the future. Furthermore, this document contains no admissions of any kind, and should not be construed to contain any admissions.

As we discussed in our previous meetings with the Department, we look forward to your timely review of this document. We would also like to coordinate with you to prepare for a public meeting in Hanover in December to present these materials to the community. If you have any questions, please call the undersigned at (617) 457-8253.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Boyd Allen III', is written over a faint, larger version of the same signature.
