Universal Life Insurance

Universal life from Allstate Benefits provides a lump-sum cash benefit upon death. Plus, life-event riders can be added to enhance the life coverage.

universal life

Life insurance coverage is for the living; those left behind must deal with final expenses, bills, mortgage, and expenses associated with day-to-day life. It can also help provide financial security during life-changing events that occur as you age and your needs change. Plus, fund value accumulation allows for loans and withdrawals when needed.*

Life coverage helps offer peace of mind during life's changing events. Below is an example of how life insurance benefits might be paid.**

 <p>Jane and John choose life insurance coverage offered through their Employer</p>	<p>Jane is single and chooses an \$80,000 face amount, plus riders. Her goal is to build fund value and provide final expenses.</p> <p>John is married and chooses a \$150,000 face amount. His goal is to protect his family and help pay debts should he die unexpectedly.</p>	<p>Jane is in an auto accident resulting in extensive injuries and is unable to return to work for 9 months.</p> <p>While John is out of town visiting friends he is in an automobile accident, suffers extensive injuries, and dies on the way to the hospital.</p>	<p>Our Waiver of Premium rider paid the planned premiums for Jane's life insurance policy for the last 3 months of her disability.</p> <p>Premiums paid: Yes</p> <p>Our life insurance coverage provided the following for John's family (his designated beneficiaries):</p> <p>Life Insurance: \$150,000 Total Cash Benefits: \$150,000</p>

prepare for the future today

Where do you see yourself 5 or 10 years from now—getting married, having children, paying for your child's college education?

What if your life or that of your loved one was cut short by an unexpected death? How would you, your spouse or your children survive financially? If you have children you understand the day-to-day living expenses for education, tuition, school supplies, clothing, food, athletics or other expenses throughout their growing years.

Losing a loved one can be devastating. Final expenses and daily bills shouldn't add to the stress. Our coverage may be used to: pay off a mortgage or debts, provide for child care or educational expenses, or replace income to continue the same standard of living.

how it works - You decide how much life insurance fits your family's needs and your budget. Premium payments are deducted from your paycheck and added to the fund value which earns at least 4% interest annually. Each month expenses and cost of insurance charges are deducted from the fund value and any excess in the fund continues to earn interest. Interest is not taxed as income until it is withdrawn.*

fund value and premium payments - Over time, as you continue to pay your premium, your fund value may grow. Monthly premiums are flexible, meaning you can choose to pay as much or as little as you can afford, subject to policy minimums and maximums.
