

We are in the middle of our 2017 Hurricane Season!

When the weather is calm we need to make an emergency plan for a hurricane.

- Be sure you are signed up for alerts and warnings
 - Sign up for Red Alerts on the hanover-ma.gov home page
 - If you are a twitter user follow - @HanoverEMA for updates
- Build or restock your [basic disaster supplies kit](#), including food and water, a flashlight, batteries, chargers, cash, first aid supplies and more.
- Make an [emergency plan](#).
 - Develop a Family Communication plan
 - Plan shelter options
 - Know your evacuation route
- If you are in a flood plain you might want to consider buying [flood insurance](#).
- Familiarize yourself with local emergency plans. Know where to go and how to get there should you need to get to higher ground or to evacuate.
 - Hanover's Shelter is the High School. If the shelter is open during an emergency, alerts and updates will be put up on the town web site and alerts will be sent via Red Alerts and through Social Media and reverse 911.
- Stay tuned to local [wireless emergency alerts](#), TV, or local radio WATD for weather updates, emergency instructions, or evacuation orders.
