Advisory Committee Budget Message

Budget Process

The Town of Hanover operates under the Town Manager Act, passed by the voters of the Town in 2009, in conjunction with various state statutes and local bylaws. The legislative branch of the local government is an open Town Meeting, in which all voters registered in Hanover are permitted to participate. Town Meeting has the sole authority to appropriate funds for the operating budget and capital projects. It is the Advisory Committee's responsibility to make budget recommendations to Town Meeting.

Like prior budgets, the FY2014 budget has been developed based upon conservative assumptions of available revenue, built to continue our strong financial performance and abundant reserves. The budget is based upon a budget ceiling or levy limit of revenue derived from local property taxes in accordance with Proposition 2¹/₂. Added to the tax revenues are projections for state aid; miscellaneous revenues, such as fees, permits, and interest earned; and available funds, such as free cash and transfers from Special Revenue Funds. Consistent with the financial policies of the Board of Selectmen, this budget was built with less reliance on free cash as a funding source.

While the projection of available revenues creates a budget ceiling for the Town, the budget was built using a "zero-based" approach, with each department building their budgets from the ground up to support expenses in education, general government, public safety, public works and maintenance, and community services.

This is the third budget under the Town Manager Act, and offers a format designed to provide plentiful information and graphic detail to assist the public in understanding how their public resources are allocated.

FY2014 Budget Recommendation

By state law, the Advisory Committee is required to support a balanced budget at Town Meeting. The FY2014 budget is in balance and leaves nearly \$1 million in free cash unspent, further strengthening the Town's commitment to healthy reserves. At Town Meeting, a proposed increase in expenditures in one area must be matched by either a corresponding decrease in expenditures in another area or a corresponding increase in revenues. Our proposed FY2014 budget proposal has been balanced without an operating override. This budget represents a rate of growth of 2.2 percent, lower than the Town's five year average, and lower than the 2.5% rate of property tax growth. It represents a collaborative effort between the Selectmen, Advisory Committee, and finance staff to fulfill the service needs of our community while honoring the conservative principles that provide financial stability.

Non-Financial Articles

As requested by the Town Moderator, main motions on non-financial articles are presented by the sponsor of the article, not the Advisory Committee. However, the Advisory Committee is still required to make a recommendation to Town Meeting. As of April 17, 2013, the date this report is being submitted to be printed, a number of main motions were not available for the Advisory Committee's consideration. Recommendations on these motions will be made at Town Meeting.

MUNICIPAL FINANCE TERMINOLOGY

The following terms are used frequently in the Annual Town Report and at Town Meeting. In order to provide everyone with a better understanding of their meaning, the following definitions are provided.

Appropriation

An appropriation is an authorization to make expenditures and to incur obligations for specific purposes. It is granted by Town Meeting and is usually limited in both the amount of and in the time period during which it may be expended. Any part of the omnibus budget (Article 13) not spent or encumbered by June 30 automatically reverts to surplus. A specific appropriation must be initiated within one year of approval or it reverts to surplus, also.

Budget

A budget is a plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the spring at Town Meeting for the fiscal year that begins July 1.

Capital Budget

A capital budget is a plan of proposed capital outlays for the next five years involving the acquisition of land or an expenditure of at least \$10,000 having a useful life of at least three years.

Capital Program

A plan of proposed capital outlays for the following five fiscal years that alerts Town Meeting of expected future capital outlays.

Cherry Sheet (State and County Charges and Receipts)

The "Cherry Sheet" (named for the color paper formerly used) is prepared by the State Department of Revenue. It charges the Town with its share of the expenses for running various state agencies and for county government. It credits the Town with its share of the Corporation Excise Tax, Individual Income Tax, Sales and Use Tax and the Massachusetts School Fund.

Fiscal Year

A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted FYxx with the last two numbers representing the calendar year in which it ends, for example FY10 is the fiscal year ending June 30, 2010.

Undesignated Fund Balance

This account represents the amount by which cash, account receivables and other assets exceed liabilities and reserves in the General Fund. It is increased by unexpended balances in the omnibus budget appropriations, unexpended balances in separate appropriations, and actual receipts in excess of budgeted amounts.

Free Cash (Surplus, E & D)

Free cash is that portion of the Town's General Fund Undesignated Fund Balance that the Commissioner of the Massachusetts Department of Revenue certifies, as of July 1 of each year, as available for appropriation by Town Meeting. It <u>is not cash</u>, but rather, the Undesignated Fund Balance less delinquent real and personal property taxes, motor vehicle excise receivables, and departmental receivables.

Overlay

The overlay is the amount raised by the assessors in excess of appropriations for the purpose of creating a fund to cover abatements granted and avoiding fractions.

Overlay Reserve

This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay Account for a given year and may be appropriated by vote of the Town or closed to surplus.

Reserve Fund

This fund is established by the voters at the Annual Town Meeting only for the use of the Advisory Committee to pay for "extraordinary and unforeseen" expenses that may occur and may not exceed five percent of preceding year's tax levy.

Stabilization Fund

An account from which amounts may be appropriated for any lawful purpose. Prior to FY92, use of the Stabilization Fund was restricted to purposes for which cities and towns could legally borrow. Revisions to Ch. 40, Sec. 5B removed this restriction and amounts from the Stabilization Fund can now be appropriated for any legal purpose. A two-thirds vote of Town meeting is required to appropriate money from the Stabilization Fund.

Tax Levy

The total amount to be raised by taxation of real estate and personal property. It consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Terms associated with Proposition 2 1/2:

Tax Levy Limit

The maximum amount of taxes that may be levied in any given year under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 percent of the prior year levy limit.

Excess Levy Capacity

The difference between the Town's tax levy limit and its actual tax levy. It is the additional amount of taxes that could be levied without an override.

Override

An amount, voted by the Town, that is permanently added to the tax levy. A majority vote of the Board of Selectmen is required to put an override question on the ballot. Override ballot questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the town.

Debt or Capital Exclusions

The Town can assess taxes in excess of the tax levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service or for payment of capital expenditures.

New Growth

The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land.

Transfers

The authorization to use an appropriation for a different purpose or to use moneys from a separate fund as a revenue source.

Water Enterprise

Effective July 1, 1992, a new enterprise fund was established to account for the operations of the Town's Water Department. This separate accounting demonstrates how much of the costs of providing this service are recovered through user charges and how much is being subsidized through taxes. Typically, as is the case with Hanover's Water Department, the costs of providing enterprise fund services are recovered fully by user charges. The accounting for enterprise funds is similar to a commercial business.

The enterprise form of accounting does not alter the budgetary approval process, but does require communities to budget all of the revenues and direct/indirect costs associated with providing the service in the enterprise fund. To the extent that user charges recover fully the cost of providing the service, the retained earnings (surplus) stay with the enterprise fund and may be appropriated by Town Meeting to increase the services provided, maintained for future capital purchases, or used to reduce increases in future user charges.

An enterprise fund provides management information: to measure performance of providing service; and to analyze the impact of increasing user charges and increasing the budget.

ARTICLE 26. To see if the Town will vote to amend the Zoning Bylaw for the Town in the manner described below, or, to see if the Town will vote to take any action relative thereto:

Amend the Hanover Zoning Bylaw, Section 6, "Use Regulations" by deleting "6.12 Interchange District" in its entirety and replacing it with the following new section:

<u>6.12.0 – INTERCHANGE DISTRICT</u>

Purpose: The purpose and intent of allowing for the "Interchange District" Overlay Zoning is to encourage and promote the planning and development of projects that are characterized by economically viable commercial uses which are regional in nature and benefit from or require adjacent highway access and to allow development of housing alternatives to typical detached single family residential subdivisions that are suited to the housing needs of the community.

- **6.12.10** Uses Allowed: The following uses are allowed in the Interchange District.
 - A. Uses allowed in underlying Districts pursuant to the requirements of such Districts, except as otherwise provided herein.
- **6.12.20** Uses Permitted by Special Permit: The following uses are permitted upon application to and granting of a Special Permit in the Interchange District.
 - A. Uses allowed by Special Permit in underlying Districts pursuant to the requirements of such Districts.
- **6.12.30** Uses Permitted by Special Permit and with Site Plan Approval: The following uses are permitted upon application to and granting of a Special Permit with Site Plan Approval in the Interchange District.
 - A. Uses allowed by Special Permit and with Site Plan Approval in underlying Districts pursuant to the requirements of such Districts.
- **6.12.40** Additional Uses Permitted by Special Permit and with Site Plan Approval: The following additional uses are permitted in the Interchange District without regard to the underlying District upon application to and granting of a Special Permit with Site Plan Approval by the Planning Board, acting as the Special Permit Granting Authority, as specified in Section 10 of this Bylaw. The applicant shall demonstrate to the Board that said use is safe and appropriate for the specific site and that it will not create a nuisance by virtue of noise, traffic generated or unsightliness.
 - A. Hotel.
 - B. **Convention Center or Conference Center** developed in conjunction with a hotel facility. A convention center or conference center shall be defined as a facility designed to accommodate 500 or fewer persons and used for conventions, conferences, seminars, and entertainment functions, along with accessory functions including food and beverage preparation and service for on-premises consumption. A conference center shall be defined as a facility used for service organizations, business and professional conferences, and seminars which may include sleeping, eating, and recreation accommodations principally intended for use by conference attendees. The accommodations can include sleeping, eating, and recreation. Any convention center or conference center shall be part of the

physical complex of a hotel and shall be subject to the management and operation by said hotel.

C. **Office Use.** An office use shall be defined as a development that contains one or more separate non-residential buildings which may be occupied for business office, medical and professional office and research and development uses, including supporting ancillary uses, and open space. Ancillary uses allowed within approved office buildings may include food service, sandwich and coffee shops, convenience retail, banking facilities including ATMs, newsstands, and like uses principally for the convenience of office park employees. An office building shall be designed, planned, constructed and managed on an integrated and coordinated basis with special attention to circulation, parking, utility needs, and aesthetics.

D. **Restaurants**.

- E. **Retail Stores, Grocery or Service Establishments** the principal activity of which shall be offering goods or services at retail within a non-residential building which is within the Interchange District.
- F. **Parking Garage** (subject to architectural design review pursuant to subsection 6.12.80.B) serving uses located within the Interchange District. The maximum height allowed for any parking garage within the Interchange District is four (4) stories. Multi-level parking garages, whether for non-residential or residential use, shall be subject to the same dimensional requirements as non-residential structures.
- G. **Surface Parking Lots, Access Roads, Driveways, and Utilities** serving uses located within the Interchange District, whether or not on the same lot as such uses.
- H. **Wastewater Treatment Plant or Facility** designed and operated in accordance with the applicable requirements of, and having a groundwater discharge permit from the Massachusetts Department of Environmental Protection in accordance with, the provisions of 314 C.M.R. 5.00, and intended principally to service the uses located within the Interchange District.
- I. **Automobile Dealerships s**hall be allowed only within six hundred (600) feet of the northeast Interchange District boundary line abutting the Rightof-Way for Route 3 and the Route 3/Route 53 interchange.
- J. **Automobile Service or Repair Shops** shall be allowed only as secondary use to an automobile dealership.

- K. **Residential Uses** shall be allowed in the Interchange Zoning District only as outlined below.
 - 1. No more than 35% of the area of the entire Interchange Zoning District shall be allowed for residential use.
 - 2. Minimum Lot Size for a residential development within the Interchange Zoning District shall be fifteen (15) acres.
 - 3. Dimensional Requirements for all Residential Projects Permitted Pursuant to Subsection 6.12.40.K. Any residential projects developed under Section 6.12.40.K shall conform to the below set of dimensional requirements.
 - a. Floor Area Ratio shall be used when determining the size of the residential buildings. The Floor Area Ratio (FAR) shall not exceed twenty percent (20%) of parcel area for residential development in the Interchange Zoning District. Density figures shall be allowed as a ratio in proportion to the actual area of the lot in question. Wetlands shall not be used when calculating floor area ratio requirements.
 - i. Floor Area Ratio (FAR) -- The fixed relation between the lot area and the floor area of all multiplefamily residential buildings, excluding the floor area of uninhabitable spaces including but not limited to garages, carports, breezeways, stairways, hallways and balconies and excluding the area of any floor more than four feet below average grade where no part of such basement is used for sleeping rooms or other living quarters, and expressed as a fraction of floor area/lot area.
 - 4. Dwelling units in the Interchange Zoning District shall be comprised of a mixture of dwelling types such that:
 - a. Not less than fifty percent (50%) of the total number of units shall be one-bedroom units. This percentage may be reduced by the Planning Board in its sound discretion, consistent with an appropriate plan to no less than 40%.
 - b. Not more than 5% of the total number of units shall be three-bedroom units.
 - 5. Maximum lot coverage, including structures, parking, service and

storage areas shall not exceed sixty percent (60%) of the lot area exclusive of wetlands.

- 6. A minimum fifty (50) foot wide continuous and heavily vegetated Buffer Area, measured from the boundaries of the Interchange District, shall be provided for any residential development within the Interchange District from the boundaries of the abutting Residential A District as further defined by Section 8 of the Zoning Bylaws, "Landscaping and Buffer Zones." The buffer area shall be continuous, heavily vegetated, and shall be of a minimum width of not less than fifty (50) feet. No buildings, structures, parking areas, or other new construction shall be allowed within the Buffer Area, except for pedestrian paths, signage and utilities serving uses within the Interchange District, as shown on an approved Site Plan. The buffer area shall be landscaped with natural vegetation, new plantings, or a combination, which shall include groundcover, shrubs, and trees in accordance with the provisions of Section 8 of this Zoning Bylaw. The requirements of Section 8 may be increased, reduced or waived by the Planning Board in its sound discretion, consistent with an appropriate plan for the overall landscaping of the proposed development that is protective of abutters outside the Interchange District and enhances the visual character of the development. This provision shall not apply at those boundaries of the Interchange District along any state numbered highway, including Route 3 and Route 53.
- 7. A minimum setback shall be provided from the boundaries of the Interchange District for any residential buildings within the Interchange District from the boundaries of the abutting Residential A District as follows:
 - a. Building setbacks shall be equal to three (3) times the finished height of the proposed residential building. Setbacks shall be exclusive of any required buffer areas.
 - b. This provision shall not apply to those boundaries of the Interchange District along any state numbered highway, including Route 3 and Route 53.
- 8. Any residential building or structure within the Interchange District shall not exceed fifty (50) feet at any face measured from the average grade for each such face, and shall not exceed four (4) stories above the average grade at the foundation lines.
- 9. Primary access for all development within the Interchange District shall be provided from Route 53. Additional access to the development may be allowed from Webster Street if requested and

approved by the Planning Board. No vehicular access to the Interchange District shall be located within the Buffer Area required under Section 6.12.40.K.6. No vehicular access to the Interchange District shall be allowed through any existing residential zones before, during or after construction of the development.

- 10. There shall be at least two (2) parking spaces for each dwelling unit for the use of the occupants thereof and their guests, except to the extent that the requirements of this section are reduced by the Planning Board upon the request of the Special Permit applicant. All parking spaces shall be a minimum of nine (9) feet in width by eighteen (18) feet in length and within reasonable proximity to the dwelling units which they serve. Parking spaces may be located in driveways or parking lots or in garage facilities either attached to, or detached from, the principal structure(s).
- 11. All residential buildings and structures shall be designed in an architectural style compatible with that of a suburban New England village environment. Exterior walls shall be clad in wood, brick, stone or other building materials traditionally used in New England. Roofs shall have a minimum pitch of 8:12 and flat roofs shall be permitted only when hidden by a raised parapet. Porches, pent roofs, roof overhangs, hooded front doors or other similar architectural elements shall define the front entrance to all structures. Architectural Plans showing elevations of all typical principal structures shall be prepared by a Registered Professional Architect. The Planning Board may reduce or waive these requirements for plans that they deem as appropriate to the site.
- 12. Final Architectural Design plans for residential development projects shall be required prior to final approval and issuance of a special permit.
- 13. All buildings, structures, open spaces, roads and drives, parking areas and other development features shall be designed and located with consideration for the existing natural terrain and minimizing overall environmental impacts on the site, to the extent practical in view of the proposed development program.
- 14. All exterior lighting, whether placed along roads, drives, or walks, in parking areas, or on structures or other facilities, shall be arranged and shielded so as not to distract in an unreasonable manner the occupants of any dwelling(s) nor shine directly upon abutting properties and/or public ways.

- 15. All access roads and drives and all interior roads and drives shall be designed and constructed in accordance with the provisions of the Planning Board Rules & Regulations Governing the Subdivision of Land unless specific provisions are waived by the Board as part of the Interchange District Residential Component Special Permit.
- 16. All existing or proposed utilities and municipal services shall be installed underground at the time of initial construction except to the extent that this provision is waived by the Planning Board as part of the Interchange District Residential Component Special Permit.
- 17. Provisions shall be made for the storage, collection and removal of all solid waste generated by buildings or uses within the Interchange District. All necessary waste storage facilities, including but not limited to dumpsters, shall be screened from public view by wood stockade, brick or similar fencing or walls, a minimum of six (6) feet in height, and in no case less than the height required to shield the structures from public view. Trash removal shall be limited to between the hours of 7AM and 7 PM.
- 18. Proposed developments shall be subject to the provisions of Section 11 and Section 10.030 of the Zoning Bylaw for project thresholds, submission of a Development Impact Statement (DIS) and mitigation of development impacts accordingly. Said DIS shall include sections addressing impacts from the proposed development on the environment, traffic, municipal facilities and services (police, fire, public works, etc.), water supply, utilities and infrastructure and wastewater. The Traffic Impact Assessment required under Section 10.120.A. shall be prepared by a registered professional Traffic or Civil Engineer. The Environmental Impact Assessment required under Section 10.120.B. shall be prepared by a registered professional Environmental Engineer or other gualified professional(s) with expertise in the relevant subject matter areas. The applicant shall mitigate all off-site traffic impacts anticipated by the proposed development, through the provision of reasonable offsite improvements to road capacity and safety or by other effective means. The DIS shall include an assessment of the sound and visual impacts from the proposed development on adjacent residential properties and shall propose buffering and screening sufficient to mitigate sound and visual impacts from the proposed development.
- 19. All applications shall be reviewed by the Planning Board's Consultant Review Engineer. The applicant, in accordance with the

Planning Board Rules and Regulations, shall deposit with the Treasurer of the Town funds in the amount of six thousand dollars (\$6,000.00) for the purpose of covering the initial costs associated with said engineering review. Funds shall be accounted for in accordance with G.L. c. 40 sec. 54G, and unexpended funds shall be returned to the Applicant. The applicant shall provide additional funds in an amount sufficient to return the consultant review fund to \$6,000, whenever notified by the Planning Board that actual remaining funds are less than \$3,000. The Planning Board may require that the applicant and developer maintain such consultant review funds during both permitting and construction of the project to ensure proper construction and compliance with permit conditions.

- **6.12.50** Prohibited Uses: The following uses are prohibited within the Interchange District whether or not allowed in the underlying District.
 - A. Warehousing and similar storage facilities that are used for temporary storage and distribution of goods.
- **6.12.60** Dimensional Requirements for all non-residential projects permitted pursuant to subsection 6.12.40:
 - A minimum one hundred and fifty (150) foot wide continuous and heavily A. vegetated Buffer Area, measured from the boundaries of the Interchange District, shall be provided for any non-residential development within the Interchange District from the boundaries of said District as further defined by Section 8, "Landscaping and Buffer Zones." The buffer area shall be continuous, heavily vegetated, and shall be of a minimum width of not less than one hundred and fifty (150) feet. No buildings, structures, parking areas, or other new construction shall be allowed within the Buffer Area, except for pedestrian paths, signage and utilities serving uses within the Interchange District, as shown on an approved Site Plan. The buffer area shall be landscaped with natural vegetation, new plantings, or a combination, which shall include groundcover, shrubs, and trees in accordance with the provisions of Section 8 of this Zoning Bylaw. The applicant shall have the burden of proof to ensure that sufficient landscaping exists or is proposed to provide a continuous buffer and visual screening from the development for any and all residential uses. The requirements of Section 8 may be waived or reduced by the Planning Board in its sound discretion, consistent with an appropriate plan for the overall landscaping of the proposed development that is protective of abutters outside the Interchange District and enhances the visual

character of the development. This provision shall not apply at those boundaries of the Interchange District along any state numbered highway, including Route 3 and Route 53.

- B. A minimum three hundred (300) foot setback shall be provided from the boundaries of the Interchange District for any non-residential buildings within the Interchange District from the boundaries of said District. This provision shall not apply to those boundaries of the Interchange District along any state numbered highway, including Route 3 and Route 53.
- C. A 50 foot heavily vegetated buffer and a setback equal to 2 times the proposed building height will be required for any non-residential structures within 600 feet of the boundaries of the Interchange District along any state numbered highway including Rte. 3 and Rte. 53 that also directly abuts a residential district.
- D. Any non-residential building or structure within the Interchange District shall not exceed seventy (70) feet at any face measured from the average grade for each such face, and shall not exceed six (6) stories above the average grade at the foundation lines.
- E. Any buildings within the Interchange District in excess of forty (40) feet or three (3) stories in height shall be located within three hundred (300) feet of the northeast Interchange District boundary line abutting the Right-of-Way for Route 3 or the Route 3/Route 53 interchange.
- F. Lot Frontage within the Interchange Zoning District shall be a minimum of one hundred-fifty (150) feet. If a lot abuts more than one way, only one lot frontage is required to meet this minimum.
- G. Minimum Lot Size for non-residential developments within the Interchange Zoning District shall be ten (10) acres.
- H. Maximum lot coverage, including structures, parking, service and storage areas shall not exceed sixty percent (60%) of the lot area exclusive of wetlands.
- I. Maximum building coverage shall not exceed thirty percent (30%) of the lot area exclusive of wetlands.
- **6.12.70** Parking Requirements for all projects permitted pursuant to Section 6.12.40:

- A Unless otherwise specified within this Section, all applicable requirements of Section 9, "Parking Requirements" shall apply within the Interchange District. The Planning Board may waive or reduce the requirements of Section 9 for development within the Interchange District in accordance with the requirements of Section 9.300.
- B. In determining the parking requirements for a non-residential development within the Interchange District, the Planning Board shall reference Table 9-1 and other parking standards such as those published by the Institute of Transportation Engineers, and shall set such requirements as are necessary to meet the realistic requirements of the proposed development. In setting such requirements, the Planning Board shall take due account of the ability of various uses having different peak demand periods to share parking facilities.
- C. All parking spaces shall be a minimum of nine (9) feet in width by eighteen (18) feet in length.
- D. Notwithstanding the provisions of Section 9 "Parking and Loading Requirements" parking spaces for all hotel uses within the Interchange Zoning District shall be provided at a ratio of at least one (1) space per every bedroom plus adequate loading, service and employee parking commensurate with the use, as determined by the Planning Board in consideration of the proposed use and location.
- E. Notwithstanding the provisions of Section 9 "Parking and Loading Requirements" parking spaces for all convention and conference uses within the Interchange Zoning District shall be provided at a ratio of at least one (1) space for every three (3) seats or occupants permitted by the Building Code and certified by the Inspector of Buildings plus adequate loading, service and employee parking commensurate with the use, as determined by the Planning Board in consideration of the proposed use and location.
- F. Notwithstanding the provisions of Section 9 "Parking and Loading Requirements" parking spaces for all office uses within the Interchange Zoning District shall be provided as one space per three hundred sq. ft. of GFA, but not fewer than five per separate enterprise, plus adequate loading, service and employee parking commensurate with the use, as determined by the Planning Board in consideration of the proposed use and location.

- G. Parking lots may be constructed with concrete or granite curbing. All access drives must be constructed with granite curbing. No bituminous curbing may be utilized along any access drives or within any parking lots.
- H. A non-residential use or building within the Interchange District need not be served by a parking facility located on the same building lot.
- I. The Planning Board may reduce the requirements of Section 6.12.70 in accordance with the provisions of Section 9.300 and further taking into account any shared parking facilities, existing or proposed.
- J. Primary access for all development within the Interchange District shall be provided from Route 53. No vehicular access to the development shall be located within the Buffer Area required under Section 6.12.60.B. No access to any development in the Interchange District shall be allowed through any existing residential zone before, during or after construction of the development.
- **6.12.80** Additional Requirements for all projects permitted pursuant to Section 6.12.40:
 - A Traffic Impact Assessment shall be required in accordance with Section 10.120.A. to determine the necessary capacity of such roads and/or drives, and to determine what transportation improvements will be required by the applicant for existing and proposed roads to ensure such capacity is provided for under the proposed development scheme.
 - B. All proposed non-residential buildings within the Interchange District shall be subject to design review and approval by the Planning Board prior to obtaining a building permit. Architectural Plans shall be provided to the Planning Board by the applicant for all buildings and structures proposed. Such Architectural Plans showing elevations of all typical principal structures shall be prepared by a Registered Professional Architect.

The applicant shall provide specifications for building materials and shall ensure that the facades of all buildings are reasonably articulated. The applicant shall be required to adhere substantially to the design scheme submitted and approved by the Planning Board as part of any Building Permit application and to substantially complete approved facade treatments prior to issuance of Site Plan Signoff by the Planning Board or Town Planner and prior to the issuance of any Certificate of Occupancy. Minor modifications to approved site plans and building designs that do not depart from the overall design concept or represent a change in architectural style may be reviewed and approved by the Town Planner and authorized on that basis, or referred to the Planning Board for review under the Limited Site Plan Review procedures of Section 10.400 as a modification to the previously approved plans.

Except on the ground floor of structures, vertical dimensions of all windows should be greater than their horizontal dimensions. Porches, pent roofs, roof overhangs, hooded front doors or other similar architectural elements should define the front entrance to all structures.

- C. All non-residential buildings, structures, open spaces, roads and drives, parking areas and other development features shall be designed and located with consideration for the existing natural terrain and minimizing overall environmental impacts on the site, to the extent practical in view of the proposed development program.
- D. All exterior lighting, whether placed along roads, drives, or walks, in parking areas, or on structures or other facilities, shall be arranged and shielded so as not to distract in an unreasonable manner the occupants of any dwelling(s) nor shine directly upon abutting properties and/or public ways. All lighting shall be pure white illumination. A detailed lighting plan shall be submitted as part of any Special Permit application to verify compliance with this section. Said plan shall include illumination labels and detailed specifications for proposed lighting fixtures.
- E. All existing or proposed utilities and municipal services within the Interchange District shall be installed underground at the time of initial construction except to the extent that this provision is waived by the Planning Board as part of the Special Permit.
- F. Provisions shall be made for the storage, collection, and removal of all solid waste generated by buildings or uses within the Interchange District. All necessary waste storage facilities, including but not limited to dumpsters, shall be screened from public view by wood stockade, brick or similar fencing or walls, a minimum of six (6) feet in height, and in no case less than the height required to shield the structures from public view. Trash removal shall be limited to between the hours of 7AM and 7 PM.
- G. Individual lots within the Interchange District may contain multiple buildings and multiple uses, and individual buildings within the Interchange District may contain a combination of uses as provided for in an approved development plan.

- Η. All proposed non-residential and/or residential developments shall be subject to the provisions of Section 11 and Section 10.030 of the Zoning Bylaw for project thresholds, submission of a Development Impact Statement (DIS) and mitigation of development impacts accordingly. Said DIS shall include sections addressing impacts from the proposed development on the environment, traffic, municipal facilities and services (police, fire, public works, etc.), water supply, utilities and infrastructure and wastewater. The Traffic Impact Assessment required under Section 10.120.A. shall be prepared by a registered professional Traffic or Civil Engineer. The Environmental Impact Assessment required under Section 10.120.B. shall be prepared by a registered professional Environmental Engineer or other gualified professional(s) with expertise in the relevant The applicant shall mitigate all off-site traffic subject matter areas. impacts anticipated by the proposed development, through the provision of reasonable off-site improvements to road capacity and safety or by other effective means. The DIS shall include an assessment of the sound and visual impacts from the proposed development on adjacent residential properties and shall propose buffering and screening sufficient to mitigate sound and visual impacts from the proposed development.
- I. All applications shall be reviewed by the Planning Board's Consultant Review Engineer. The applicant, in accordance with the Planning Board Rules and Regulations, shall deposit with the Treasurer of the Town funds in the amount of six thousand dollars (\$6,000.00) for the purpose of covering the initial costs associated with said engineering review. Funds shall be accounted for in accordance with G.L. c. 44 sec. 53G, and unexpended funds shall be returned to the Applicant. The applicant shall provide additional funds in the amount of \$3,000, whenever notified by the Planning Board that actual remaining funds are less than \$3,000. The Planning Board may require that the applicant and developer maintain such consultant review funds during both permitting and construction of the project to ensure proper construction and compliance with permit conditions.
- **6.12.90** Severability: The invalidity of any section or provision of this bylaw shall not invalidate any other section or provision thereof.

Planning Board

Planning Board to make main motion.

Recommendation to be made at Town Meeting.

ARTICLE 27. To see if the Town will vote to amend the Zoning Bylaw by amending Section 2.100, Definitions, by adding a definition for medical marijuana treatment centers, as follows, or take any other action relative thereto.

MEDICAL MARIJUANA TREATMENT CENTER

Any medical marijuana treatment center, as defined under state law, as a not-for-profit entity (as defined by Massachusetts law only), that acquires, cultivates, possesses, processes (including development of related products such as food, tinctures, aerosols, oils, or ointments), transfers, transports, sells, distributes, dispenses, or administers marijuana, products containing marijuana, related supplies, or educational materials to qualifying patients or their personal caregivers, which is properly licensed and registered by the Massachusetts Department of Public Health pursuant to all applicable state laws and regulations.

This definition shall be placed within this section in alphabetical order with the other definitions.

And by adding the following language as a new subsection 6.15, Temporary Moratorium for Medical Marijuana Treatment Centers at the end of Section 6, Use Regulations:

6.15 TEMPORARY MORATORIUM - MEDICAL MARIJUANA TREATMENT CENTERS

6.15.1 **PURPOSE.** This moratorium is intended to provide restrictions that will allow the Town of Hanover ("Town") adequate time to consider whether to allow facilities associated with the medical use of marijuana (including Medical Marijuana Treatment Centers as defined herein), to the extent that such facilities are permitted under state laws and regulations, and, if so, where and under what conditions. Given that a law permitting the cultivation, distribution, possession and use of for the Commonwealth marijuana medical purposes in of Massachusetts was approved by vote at the state election on November 6, 2012 and has become effective on January 1, 2013, and that the Massachusetts Department of Public Health has yet to promulgate the regulations by which facilities that produce or dispense medical marijuana shall be registered and administered, a restriction on the establishment of such facilities and other uses related to the regulation of medical marijuana in the Town shall provide the opportunity: to study and consider the potential impacts of such facilities and other related uses on adjacent uses and on general public health, safety and welfare; to study and consider the related novel and complex legal and planning issues; and to develop zoning and other

applicable regulations that appropriately address these considerations consistent with statewide regulations and permitting procedures.

- **6.15.2 EXCLUSION OF OTHER MARIJUANA USES.** Any establishment that acquires, cultivates, possesses, processes (including development of related products such as food, tinctures, aerosols, oils, or ointments), transfers, transports, sells, distributes, dispenses, or administers marijuana, products containing marijuana, related supplies, or educational materials to qualifying patients or their personal caregivers shall not be permitted if such establishment has not been properly registered and licensed in accordance with applicable state and local laws and regulations, or is not operated as a not-for-profit entity, or otherwise fails to meet the definition of a Medical Marijuana Treatment Center.
- **6.15.3 EXCLUSION OF ACCESSORY USES.** In no case shall the acquisition, cultivation, possession, processing, transference, transportation, sale, distribution, dispensing, or administration of marijuana, products containing or derived from marijuana, or related products be considered accessory to any use.
- **6.15.4 TEMPORARY MORATORIUM**. The use of land and/or structures for Medical Marijuana Treatment Centers and related uses shall not be permitted in any zoning district in the Town so long as this Moratorium is effective, as set forth in subsection 6.15.5 below and notwithstanding any provision in the Zoning Bylaws of the Town to the contrary. Use variances shall be strictly prohibited. During this Moratorium, the Town shall undertake a planning process consistent with the purposes set forth herein.
- **6.15.5 EXPIRATION.** This Moratorium shall be effective until May 1, 2014, which is one (1) year from the deadline for the Massachusetts Department of Public Health to promulgate regulations pursuant to the Medical Use of Marijuana Law voted at the state election on November 6, 2012, or until such future time that the Hanover Town Meeting enacts superseding zoning bylaw(s) that set forth the allowed locations, dimensional, parking and other requirements applicable to medical marijuana uses (including Medical Marijuana Treatment Centers).

Planning Board Police Chief

Planning Board to make main motion.

We move that the Town accept this article as written.

The Advisory Committee supports the motion presented by the Planning Board.

ARTICLE 28. To see if the Town will vote to amend Section VI - General Articles of the General Bylaws of the Town by adding the following item as a new section or, to see if the Town will vote to take any action relative thereto:

6-28 Discharges To The Municipal Storm Drain System

Section 1. Purpose

Increased and contaminated stormwater runoff is a major cause of: impairment of water quality and flow in lakes, ponds, streams, rivers, wetlands and groundwater; contamination of drinking water supplies; alteration or destruction of aquatic and wildlife habitat; and flooding.

Regulation of illicit connections and discharges to the municipal storm drain system is necessary for the protection of the Town of Hanover's water bodies and groundwater, and to safeguard the public health, safety, welfare and the environment.

The objectives of this By-Law are:

- 1. to prevent Pollutants, as defined herein, from entering the Town of Hanover's municipal separate storm sewer system (hereinafter, the "MS4");
- 2. to prohibit illicit connections and unauthorized discharges to the MS4;
- 3. to require the removal of all such illicit connections;
- 4. to comply with state and federal statutes and regulations relating to stormwater discharges;
- 5. to establish the legal authority to ensure compliance with the provisions of this By-Law through inspection, monitoring, and enforcement.
- 6. to provide the authority for the adoption of regulations by the Planning Board and Conservation Commission to aid in the implementation and enforcement of this Bylaw.

Section 2. Definitions

For the purposes of this By-Law, the following shall mean:

AUTHORIZED ENFORCEMENT AGENCIES: The Town of Hanover Planning Board [the Board]) and Conservation Commission [the Commission], its employees or agents designated to enforce this By-Law.

BEST MANAGEMENT PRACTICE ("BMP"): An activity, procedure, restraint, or structural improvement that helps to reduce the quantity or improve the quality of stormwater runoff.

CLEAN WATER ACT: The Federal Water Pollution Control Act (33 U.S.C. § 1251 *et seq.*) as hereafter amended.

CRAWL SPACE: A low space beneath the lowest story of a building that serves no other purpose (i.e., storage, living space) other than giving workers access to building utilities (e.g., plumbing or wiring equipment).

DISCHARGE OF POLLUTANTS: The addition from any source of any pollutant or combination of pollutants into the municipal storm drain system or into the waters of the United States or Commonwealth from any source.

GROUNDWATER: Water beneath the surface of the ground.

ILLICIT CONNECTION: A surface or subsurface drain or conveyance, which allows an unauthorized discharge of pollutants into the municipal storm drain system, including without limitation sewage, process wastewater, or wash water; and any connections from indoor drains, sinks, or toilets, regardless of whether said connection was previously allowed, permitted, or approved before the effective date of this By-Law.

ILLICIT DISCHARGE: Direct or indirect discharge to the municipal storm drain system that is not composed entirely of stormwater, except as exempted in Section 8. The term does not include a discharge in compliance with an NPDES Storm Water Discharge Permit or a Surface Water Discharge Permit, or resulting from firefighting activities exempted pursuant to Section 8, of this By-Law.

IMPERVIOUS SURFACE: Any material or structure on or above the ground that prevents water infiltrating the underlying soil. Impervious surface includes, without limitation, roads, paved parking lots, sidewalks, tennis/sports courts and rooftops.

MUNICIPAL SEPARATE STORM SEWER SYSTEM (MS4) or MUNICIPAL STORM DRAIN SYSTEM: The system of conveyances designed or used for collecting or conveying stormwater, including any road with a drainage system, street, gutter, curb, inlet, piped storm drain, pumping facility, retention or detention basin, natural or man-made or altered drainage channel, reservoir, and other drainage structure that together comprise the storm drainage system owned or operated by the Town of Hanover.

NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) STORM WATER DISCHARGE PERMIT: A permit issued by United States Environmental Protection Agency or jointly with the State that authorizes the discharge of pollutants to waters of the United States.

NON-STORMWATER DISCHARGE: Discharge to the municipal storm drain system not composed entirely of stormwater.

PERSON: An individual, partnership, association, firm, company, trust, corporation, agency, unincorporated entity, business enterprise, authority, department or political subdivision of the Commonwealth or the federal government, to the extent permitted by law, and any officer, employee, or agent of such person.

POLLUTANT: Any element or property of sewage, agricultural, industrial or commercial waste, runoff, leachate, heated effluent, or other matter whether originating at a point or nonpoint source, that is or may be introduced into any sewage treatment works or waters of the Commonwealth. Pollutants shall include without limitation:

- (1) paints, varnishes, and solvents;
- (2) oil and other automotive fluids;
- (3) non-hazardous liquid and solid wastes and yard wastes;
- (4) refuse, rubbish, garbage, litter, or other discarded or abandoned objects, ordinances, accumulations and floatables;
- (5) pesticides, herbicides, and fertilizers;
- (6) hazardous materials and wastes; sewage, fecal coliform and pathogens;
- (7) dissolved and particulate metals;
- (8) animal wastes;
- (9) rock, sand, salt, soils unless applied for the purpose of public safety during winter conditions;
- (10) construction wastes and residues; and
- (11) noxious or offensive matter of any kind.

PROCESS WASTEWATER: Water which, during manufacturing or processing, comes into direct contact with or results from the production or use of any material, intermediate product, finished product, or waste product.

RECHARGE: The process by which groundwater is replenished by precipitation through the percolation of runoff and surface water through the soil.

STORMWATER: Storm water runoff, snow melt runoff, and surface water runoff and drainage.

SURFACE WATER DISCHARGE PERMIT. A permit issued by the Department of Environmental Protection (DEP) pursuant to 314 CMR 3.00 that authorizes the discharge of pollutants to waters of the Commonwealth of Massachusetts.

TOXIC OR HAZARDOUS MATERIAL or WASTE: Any material, which because of its

quantity, concentration, chemical, corrosive, flammable, reactive, toxic, infectious or radioactive characteristics, either separately or in combination with any substance or substances, constitutes a present or potential threat to human health, safety, welfare, or to the environment. Toxic or hazardous materials include any synthetic organic chemical, petroleum product, heavy metal, radioactive or infectious waste, acid and alkali, and any substance defined as Toxic or Hazardous under M.G.L. Ch. 21C and Ch. 21E, and the regulations at 310 CMR 30.000 and 310 CMR 40.0000.

WATERCOURSE: A natural or man-made channel through which water flows or a stream of water, including a river, brook or underground stream.

WATERS OF THE COMMONWEALTH: All waters within the jurisdiction of the Commonwealth, including, without limitation, rivers, streams, lakes, ponds, springs, impoundments, estuaries, wetlands, coastal waters, and groundwater.

WASTEWATER: Any sanitary waste, sludge, or septic tank or cesspool overflow, and water that during manufacturing, cleaning or processing, comes into direct contact with or results from the production or use of any raw material, intermediate product, finished product, byproduct or waste product.

Section 3. Applicability

This By-Law shall apply to flows entering the municipally owned storm drainage system.

Section 4. Authority

This By-Law is adopted under the authority granted by the Home Rule Amendment of the Massachusetts Constitution and the Home Rule Procedures Act, and pursuant to the regulations of the federal Clean Water Act found at 40 CFR 122.34.

Section 5. Responsibility for Administration

The Board and Commission shall administer, implement and enforce this By-Law. Any powers granted to or duties imposed upon the Board and Commission may be delegated in writing by the Board and Commission to employees or agents of the Board and Commission.

Section 6. Regulations

The Board and Commission may promulgate rules and regulations to implement and enforce the purposes of this By-Law. Failure by the Board or Commission to promulgate such rules and regulations shall not have the effect of suspending or invalidating this By-Law.

Section 7. Prohibited Activities

<u>Illicit Discharges</u>. No person shall dump, discharge, cause or allow to be discharged any Pollutant or non-stormwater discharge into the municipal separate storm sewer system (MS4), into a watercourse, or into the waters of the Commonwealth.

<u>Illicit Connections</u>. No person shall construct, use, allow, maintain or continue any illicit connection to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.

<u>Obstruction of Municipal Storm Drain System</u>. No person shall obstruct or interfere with the normal flow of stormwater into or out of the municipal storm drain system without prior written approval from the Board.

Section 8. Exemptions

Discharge or flow resulting from firefighting activities.

Discharge or flow resulting from DPW ice and snow control operations

The following non-stormwater discharges or flows are exempt from the prohibition of non-stormwaters provided that the source is not a significant contributor of a pollutant to the municipal storm drain system:

- (1) Waterline flushing;
- (2) Flow from potable water sources;
- (3) Springs;
- (4) Natural flow from riparian habitats and wetlands;
- (5) Diverted stream flow;
- (6) Rising groundwater;
- (7) Uncontaminated groundwater infiltration as defined in 40 CFR 35.2005(20), or uncontaminated pumped groundwater;
- (8) Water from exterior foundation drains, footing drains (not including active groundwater dewatering systems), crawl space pumps, or air conditioning condensation;
- (9) Discharge from landscape irrigation or lawn watering;
- (10) Water from individual residential car washing and temporary fundraising car wash events;
- (11) Discharge from dechlorinated swimming pool water (less than one ppm chlorine) provided the water is allowed to stand for one week prior to draining and the pool is drained in such a way as not to cause a nuisance;
- (12) Discharge from street sweeping;
- (13) Dye testing, provided verbal notification is given to the Commission prior to the time of the test;

- (14) Non-stormwater discharge permitted under an NPDES permit or a Surface Water Discharge Permit, waiver, or waste discharge order administered under the authority of the United States Environmental Protection Agency or the Massachusetts Department of Environmental Protection, provided that the discharge is in full compliance with the requirements of the permit, waiver, or order and applicable laws and regulations;
- (15) Discharge for which advanced written approval is received from the Board as necessary to protect public health, safety, welfare or the environment; and
- (16) Discharge allowed under a Board-issued special permit/subdivision approval or under a Conservation Commission-issued Order of Conditions

Section 9. Sump Pumps

Other than sump pumps installed within crawl spaces, all sump pumps tied into the MS4 shall be registered with the Commission. If, for reasons of protecting public health or the environment, the Commission deems it necessary, disconnection of sump pump(s) or pretreatment of discharge may be required.

Section 10. Emergency Suspension of Storm Drainage Access

The Board or the Commission may suspend MS4 access to any person or property without prior written notice when such suspension is necessary to stop an actual or threatened discharge of pollutants that presents imminent risk of harm to the public health, safety, welfare or the environment. In the event any person fails to comply with an emergency suspension order, the Board or the Commission may take all reasonable steps to prevent or minimize harm to the public health, safety, welfare or the environment.

Section 11. Notification of Spills

Notwithstanding other requirements of local, state or federal law, as soon as a person responsible for a facility or operation, or responsible for emergency response for a facility or operation has information of or suspects a release of materials at that facility or operation resulting in, or which may result in, discharge of pollutants to the municipal drainage system or waters of the Commonwealth, the person shall take all necessary steps to ensure containment, and cleanup of the release. In the event of a release of oil or hazardous materials, the person shall immediately notify the Hanover Fire and Police Departments. In the event of a release of non-hazardous material, the reporting person shall notify the Authorized Enforcement Agency no later than the next business day. The reporting person shall provide to the Authorized Enforcement Agency written confirmation of all telephone, facsimile or in-person notifications within three business days thereafter. If the discharge of prohibited materials is from a commercial or industrial facility, the facility owner or operator of the facility shall retain on-site a

written record of the discharge and the actions taken to prevent its recurrence. Such records shall be retained for at least three years.

Section 12. Enforcement

The Board and Commission or an authorized agent of the Board or Commission shall enforce this By-Law, regulations, orders, violation notices, and enforcement orders, and may pursue all civil and criminal remedies for such violations. This includes costs borne by the Board, which were directly associated with the investigation that led to the discovery of the illicit discharge.

Civil Relief. If a person violates the provisions of this By-Law, regulations, permit, notice, or order issued thereunder, the Board or Commission may seek injunctive relief in a court of competent jurisdiction restraining the person from activities which would create further violations or compelling the person to perform abatement or remediation of the violation.

Orders. The Board and Commission or an authorized agent of the Board or the Commission may issue a written order to enforce the provisions of this By-Law or the regulations thereunder, which may include: (a) elimination of illicit connections or discharges to the MS4; (b) performance of monitoring, analyses, and reporting; (c) that unlawful discharges, practices, or operations shall cease and desist; and (d) remediation of contamination in connection therewith.

If the enforcing person determines that abatement or remediation of contamination is required, the order shall set forth a deadline by which such abatement or remediation must be completed.

Any person that violates any provision of these regulations may be punished, under MGL C. 40 s 21D as a noncriminal offense, by fines of not more than \$300. Each day or portion thereof during which a violation continues shall constitute a separate offense. The Board and Commission or its duly authorized agent is an authorized officer to impose such fines.

Remedies Not Exclusive. The remedies listed in these regulations are not exclusive of any other remedies available under any applicable federal, state or local law.

If the property owner violates more than one provision of this By-Law or any condition of an approval issued hereunder, each provision, or condition, so violated shall constitute a separate offense.

Entry to Perform Duties Under this By-Law. To the extent permitted by state law, or if authorized by the owner or other party in control of the property, the Board, its agents, officers, and employees may enter upon privately owned property for the purpose of performing their duties under this By-Law and regulations and may make or cause to be made such examinations, surveys or sampling as the Board deems reasonably necessary.

Section 13. Severability

The provisions of this By-Law are hereby declared to be severable. If any provision, paragraph, sentence, or clause, of this By-Law or the application thereof to any person, establishment, or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this By-Law.

Section 14. Transitional Provisions

Property owners shall have 30 days from the effective date of the By-Law to comply with its provisions provided good cause is shown for the failure to comply with the By-Law during that period.

Planning Board Conservation Commission

Planning Board to make main motion.

We move that the Town accept this article as written.

The Advisory Committee supports the motion presented by the Planning Board.

ARTICLE 29. To see if the Town will vote to amend the Zoning Bylaw for the Town in the manner described below, or, to see if the Town will vote to take any action relative thereto:

Amend the Hanover Zoning Bylaw, Section 6.020.C, by deleting the text thereof in its entirety and replacing said text so as to reenact said bylaw with the following text:

To be inserted in place of Section 6.020.C

C. FAMILY ACCESSORY DWELLING UNITS

1. Purpose

The purpose of this Bylaw is to enable owner occupants of single family homes to provide:

a. Safe, decent, and affordable housing that meets the changing needs of the Hanover community while protecting the character

and property values of the Town's single family dwellings;

b. An opportunity for family members who choose to live in proximity, but separate from other family members.

2. Use and Dimensional Regulations

- a. A family accessory dwelling unit is a self-contained housing unit incorporated within a single-family dwelling, (not within accessory structures in accordance with this By-law) that is clearly a subordinate part of the single-family dwelling.
- b. Family accessory dwelling units shall be designated for one or more persons related to the primary owner-occupant by blood, marriage, or legal adoption.
- c. Family Accessory Dwelling Units created under this bylaw shall require a special permit from the Zoning Board of Appeals.
- d. The unit will be a complete, separate unit containing both a kitchen and bath.
- e. Only one (1) accessory dwelling unit may be created within a dwelling.
- f. Only one (1) accessory dwelling unit may be created on any residential lot.
- g. The owner(s) of the residence in which the accessory dwelling unit is created must continue to occupy at least one of the dwelling units as their primary residence, except for bona fide temporary absences.
- h. Unless otherwise required by the State Building Code, any new exterior stairs needed to provide primary or secondary means of egress for the accessory dwelling unit shall be located on the side or rear of the building.
- i. Off-Street parking spaces shall be available for the use by owneroccupants and tenants. The number of parking spaces required shall be as deemed appropriate by the Zoning Board of Appeals.
- j. The proposed attached dwelling unit shall contain no more than thirty three percent (33%), inclusive of all lofts and any attic areas seven feet or greater in height, of the gross area contained in the primary residence, exclusive of all unfinished cellars and attics, or no more than eight hundred (800) square feet of area, whichever is less.
- k. An accessory dwelling unit may not have more than two (2) bedrooms.
- I. The construction of any accessory dwelling unit must be in conformity with the State Building Code, Title V of the State Sanitary Code and other local Bylaws and regulations.
- m. Upon filing an application for a special permit, the owner-occupants

of single-family dwelling units shall also submit a signed affidavit denoting familial status with the Board of Appeals.

- n. The owner-occupant shall annually re-certify the status of occupants and family status with the Building Commissioner. The property owner shall be required to notify the Building Commissioner of a change of tenants at any time during the twelve-month period within thirty calendar days of said change.
- o. Upon receiving a special permit, the owner(s) must file on subject property a Declaration of Covenants at the Plymouth County Registry of Deeds. The Declaration shall state that the use of the family accessory dwelling unit shall be restricted to relatives of the owner of the premises. A time-stamped copy of the recorded Declaration shall be provided to the Zoning Board of Appeals.

3. Accessory Dwelling Units in Existence Before the Adoption of a Family Accessory Dwelling Unit Bylaw

To ensure that accessory apartments or conversions in existence before the adoption of this Accessory Dwelling Unit Bylaw are in compliance with the State Building Code Regulations the Zoning Board of Appeals may authorize, under a Special Permit and in conjunction with the Building Commissioner, use as a Family Accessory Dwelling Unit.

a. The Board will review each existing use on a case-by-case basis to determine if the dwelling conforms to State Building Code Regulations.

b. The applicant must follow the same procedure described in this Section including the submission of a signed affidavit declaring owner occupancy and familial status and a Declaration of Covenants to be recorded at the Registry of Deeds.

4. Administration and Enforcement

It shall be the duty of the Building Commissioner as the Local Project Administrator, to administer and enforce the provisions of this Bylaw for family accessory dwelling units as follows.

- a. No building shall be constructed or changed in use or configuration until the Building Commissioner has issued a permit. No accessory dwelling unit shall be occupied until a certificate of occupancy has been issued by the Building Commissioner where required.
- b. The Building Commissioner shall refuse to issue any permit, which would result in a violation of any provision of this by-law or in

violation of the conditions or terms of any Special Permit or variance granted by the Zoning Board of Appeals or its agent.

- c. Construction or use according to a building permit or special permit shall conform to any subsequent amendment of this section unless the construction or use is begun within a period of not more than six (6) months after the issuance of a permit granted before the effective date of the amendment. To qualify for this exemption, construction must be completed in a continuous and expeditious manner.
- d. The dwelling must remain owner-occupied, with the homeowner continuing to occupy at least one of the dwelling units as their primary residence.

Any accessory living area without proper documentation recorded and filed with the Town will be subject to fines noted in the Hanover Zoning Bylaw Section 12.500.

- e. The Hanover Zoning Bylaw Section 12 Administration shall be applied in the event of violations, prosecution of violations, and building fees.
- f. Appeals shall refer to the procedures in the Hanover Zoning Bylaw Section 12.200.
- g. Accessory dwelling units created under this Bylaw shall not be sold separate or apart from the principal structure to which it is an accessory use.

Amend the Hanover Zoning Bylaw Section 2.100 Definitions by adding the following definitions:

Family Accessory Dwelling Unit: A Family Accessory Dwelling Unit is a self-contained housing unit incorporated within a single-family dwelling, (not within accessory structures in accordance with this By-law) that is clearly a subordinate part of the single-family dwelling and complies with the criteria stated in Section 6.020.C.

Family accessory dwelling units shall be designated for one or more persons related to the primary owner-occupant by blood, marriage, or legal adoption.

Primary Residence: A dwelling where the owner-occupant has a true, fixed, and permanent home and principal establishment, and occupies it for a major portion of a calendar year, except for bona-fide temporary absences.

Building, Attached: A building having a substantial portion of one or more walls in common with an adjacent building.

ARTICLE 43. Will the Town authorize the Board of Selectmen to petition the Great and General Court to amend Chapter 67 of the Acts of 2009, the Hanover Town Manager Act, as follows:

1. add a section 7 to section 2.(C) as follows:

"(7) The board of selectmen, in consultation with the Town Manager, shall develop a personnel system to include, but not be limited to, classifications and pay schedules, benefit programs, personnel and hiring policies and practices and regulations for Town employees";

- 2. delete and replace Section 4.(A)(1) as follows:
 - "The Town Manager shall appoint and remove all non-elected department heads and approve the appointment and removal of all other employees, except employees of the school department. The Town Manager shall consult with the appropriate elected or appointed board, commission, committee or official and the Board of Selectmen prior to making such department head appointments or removals. Prior to the finalization of the appointment to a department head position, the town manager shall provide notice to the board of selectmen of the anticipated appointment and the terms and conditions of employment contemplated relative to the appointment. The Board of Selectmen shall approve or disapprove the appointment and the terms and conditions of employment within twenty (20) days of such notice. A failure of the Board of Selectmen to act in such twenty (20) day period shall be deemed as approval. Any adjustment of the terms and conditions of employment of department heads or the termination or removal of department heads shall be subject to the same notice and approval requirements as set forth above for appointments";
- 3. add to Section 4.(A)(2) between "shall," and "subject to" in the first sentence "in accordance with the personnel system developed under Section 2.(C)(7) of this act and", so the sentence shall read as follows: "(2) Department heads shall, in accordance with the personnel system developed under Section 2.(C)(7) of this act and subject to the consent and approval of the Town Manager, appoint or remove assistant department heads, officers, subordinates and employees, including employees serving under elected and appointed boards, commissions, committees and officials for whom no other method of selection is provided in this act, except employees of the school department, provided, however, that the department head shall consult with the appropriate elected or appointed board, commission, committee or official prior to making such appointments or removals. The Town Manager may transfer personnel between departments as needed"; and
- delete and replace Section 4.(A)(6) as follows:
 "administer the personnel system developed by the Board of Selectmen under Section 2.(C)(7) of this act";

or take any action relative thereto?

Board of Selectmen to make main motion.
