Subject: Town Manager

RE: Letter of Support

Town Manager - Troy Clarkson

Good morning,

After catching a news clip over the weekend where a recently elected Stoughton Board of Selectman apparently removed & replaced their Town Manager only to be immediately faced with a potentially expensive lawsuit & possibly replacement of the board, I was a little nervous seeing our Town Manager's contract was up for renewal at the September 5th meeting.

Hopefully this is just a routine contract renewal. With all that goes into the Town Manager's position, the way our town has been growing it's fantastic that we have an experienced Town Manager to work with the myriad of departments as well as dealing with the intricate development projects.

Just wanted to shoot you a quick note indicating my support for Troy Clarkson and also to say, "thank you" for all you do for our town.

Best, John Mahoney
