## REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Hanover:

We respectfully submit the one hundred and twenty-second Annual Report of the Officers and Committees of the Town of Hanover for the year ended December 31, 1974.

The year 1974 saw a continuation of the fuel crisis with its resultant high costs. Added to that was the continuing spiral upward of food, clothing and other items that have strained the weekly pay check to the point where savings were called upon. Your Board has concerned itself with these problems and has used every avenue available to it to try and minimize the effect to the citizens of Hanover.

Each year we see new legislation being proposed which not only continually erodes "Home Rule" but requires compliance without funding. Our complaints are loud and continuous to see that our interests are protected.

The Board meets on each Monday evening and the first and third Wednesday evenings of the month. Many special meetings are held to investigate complaints, to conduct Public Hearings and to exchange information between departments.

We continue to pursue all avenues to improve Public Safety, both in the home and on the highway.

We urge all citizens to attend Public Hearings, Meetings of Committees and to exercise your right to be heard on discussions involving Town, State and Federal Government regulations.

Howard F. Levings  
Allan A. Carnes  
Francis J. Mitchell

## REPORT OF THE TOWN CLERK

To the Citizens of Hanover:

This being my first year in office I wish to thank all Town Officials and Citizens for their help in making the transition as smooth as possible.

It has been a busy year with the Primary and State Elections and the many changes in the Election Laws. The major changes were the formation of the Office of Director of Campaign and Political Finance and later the acceptance of Question "5" on the November ballot. These changes will affect all office holders and office seekers in the state. Anyone involved in the local phase should contact this office for proper reporting forms.

We receive many calls regarding outside activities in the Town. Citizens wishing to leave information in this office regarding activities may do so.

Town Clerk receipts for the calendar year 1974 were as follows:

Marriage Intentions	352.00
Mortgage Recordings and Terminations	918.00
Vital Statistics	369.18
Pole Locations	57.25
Business Certificates	62.00
Gas Permit Renewals	37.00
Federal Liens	129.00
Town Publications	338.20
Raffle Permits	70.00
Board of Appeal Filings	665.00
Photo Copies	6.00
Voting Lists	19.20
Dog Licenses	4,426.90
Fish and Game Licenses	<u>4,246.25</u>
	\$11,695.98

Respectively submitted,

John W. Murphy

### **JOURNAL OF ANNUAL TOWN MEETING HELD ON MONDAY, MARCH 4, 1974**

The Annual Town Meeting at Hanover High School was called to order by George H. Lewald, Moderator at 8:30 P.M., Monday, March 4, 1974 with 533 voters present.

Reverend Lawrence J. Chane offered the invocation which was followed by the pledge to the flag.

The Moderator asked that the Town Clerk record that the Warrant had been served and returned as required by the Town By-Laws.

Mr. John Libertine, President of the Hanover Historical Society introduced Mrs. Georgia Ireland of Wellesley, regional coordinator for the American Revolution Bicentennial Administration and members of the town bicentennial committee. Mrs. Ireland designated Hanover as a bicentennial community and presented Miss Fanny Phillips, honorary chairman of the town bicentennial committee, the bicentennial flag. Miss Phillips in accepting the flag said it is with great gratitude that she accept the flag on behalf of the bicentennial committee and town. A scroll was presented to Francis J. Mitchell, chairman for the selectmen. Senator Allan McKinnon read a letter from Representative Gerry Studds congratulating town on bicentennial accomplishments. Robert Gillette of Pembroke, State Representative was also in attendance for the presentation of the bicentennial flag.

Treasurer, Dorothy E. Tripp read the following resolution on the death of Ralph D. Washburn.

The resolutions were adopted on a rising vote and ordered to be incorporated in the minutes of this meeting.

The Moderator outlined the procedure to be followed at the meeting in accordance with the Town By-Laws. He introduced the Selectmen, Clerk and the members of the Advisory Committee.

Mr. Willis Partridge, Chairman of the Advisory Committee spoke to clarify the language of the Warrant.

### ARTICLE 1

To see if the Town will accept the reports of the officers and committees as printed in the Town Report, or take any other action relative thereto.

**VOTED:** That the reports given be accepted as reports of progress, or as indicated.

### ARTICLE 2

To hear the reports of the Committees and act thereon, or take any other action relative thereto.

### REPORT OF TOWN GOVERNMENT STUDY COMMITTEE

This Committee was established by vote of the 1970 Town Meeting to consider the possible reorganization of certain areas of the Town's operations. On the recommendation of the Committee, the Town decided to consider and, upon such consideration, voted for the establishment of the Department of Public Works.

During its first year of operation, the Department of Public Works has been preoccupied with organizing the functions of the Town which by statute were assigned to it, namely, highway, water, tree and cemetery. Now that the Department has substantially completed its organization (including the hiring of a superintendent), the Committee intends to resume its study of organizational matters. For this reason, we ask that this report be accepted as a report of progress.

Respectfully submitted,

Cary P. Clark, *Chairman*  
S. Franklin Ames, *Board of Public Works*  
Francis J. Mitchell, *Selectman*  
Robert L. Kimball, *Planning Board*  
James A. McKenna, *Secretary*

## **REPORT OF POLICE STATION BUILDING COMMITTEE**

At the Annual Town Meeting in March of 1973, this committee sponsored an article #44 on the Town Warrant asking the town to appropriate a sum of money to construct and equip a new police facility in the town.

The committee had worked for two years to select an architect and a location for construction and deemed it in the best interest of the town to propose the new facility on land that had been donated to the town.

The plans that were presented were in the judgement of most law enforcement experts who reviewed them most efficient and practical and meeting all current Federal and State requirements.

The town in its wisdom, rejected this proposal and the committee was left up in the air as to the direction in which it should proceed.

Since no suitable property could be located on which to construct a new facility, and since the committee fund has been reduced to only \$2,681.44 which was not adequate to secure the services of a new consultant, the committee wishes to submit this report as final and thank the town for its consideration.

Respectfully submitted:  
John F. Forry, Jr., *Chairman*

## **REPORT OF THE DRAINAGE COMMITTEE**

To the citizens of the Town of Hanover and all Town Officials and Departments: During 1973 many minor complaints were answered and corrected. Several major projects were undertaken as follows:

Wing walls constructed at West Avenue Brook.

36" pipe laid and head walls constructed adjacent to old North Hanover Fire House to eliminate caving side walls of Old Brook.

300'-12" pipe laid on Old Town Way correcting an easement problem.

205'-24" pipe laid on Pine Tree Drive.

A new 24" culvert installed on North Main Street and head walls constructed.

A new 30" culvert installed on Whiting Street correcting an old stone culvert in danger of collapse.

400' brook adjacent to Myrtle Street cleaned.

Other projects needing attention are planned before the end of the 1974 fiscal year.

Since Article 19 proposes the formation of a new Drainage Coordinating Committee this must be considered a final report as of June 30, 1974, of the present committee.

Respectfully submitted,

William Coffin, *Chairman resigned*  
S. Franklin Ames  
Col. Turner Gilman  
Frederick Briggs  
Herbert D. Simmons

### REPORT OF THE JUNIOR HIGH SCHOOL BUILDING COMMITTEE

The Junior High School project has been successfully completed, and the Committee is pleased to report that there is a surplus in the building account of approximately \$95,000.00. Since this money was raised by Bond Issue, it can only be appropriated for a similar project.

The committee would usually, at this time, ask to be dissolved. However, the Committee wishes to have its report accepted as one of progress while it considers a request from the School Department to construct tennis courts which were deleted from the original plan.

Respectfully submitted,

John T. Thomson  
Donald E. Morrison  
John L. McLaughlin, Jr.  
Ralph L. Hadlock  
Richard H. Daley

**VOTED:** That these reports be accepted as presented.

### ARTICLE 3

To see if the Town will vote to fix the pay of its elective officers as required by law, or take any other action relative thereto.

**VOTED:** That the Town fix the pay of its elective officers as recommended under this Article of the Advisory Committee Report.

### GENERAL GOVERNMENT

*Board of Health*

**VOTED:** That the Town raise and appropriate the sum of \$1,000.00 for this purpose.

#### **ARTICLE 50**

To see if the Town will vote to adopt a Hanover Sign By-Law to become Article XXII of the By-Laws of the Town of Hanover as follows:

### **SIGN BY-LAW, TOWN OF HANOVER, MASSACHUSETTS**

#### **ARTICLE 1: Purposes**

This by-law is adopted for the regulation and restriction of billboards, signs and other advertising devices within this Town on public ways or on private property within public view of a public way, public park or reservation in order to protect and enhance the visual environment of this Town and the safety, convenience and welfare of its residents.

#### **ARTICLE 2: Authority and Interpretation**

This by-law is hereby declared to be remedial and protective and is to be so construed as to secure the beneficial interests and purposes thereof. This by-law is adopted pursuant to Chapters 93, and 43B of the General Laws of Massachusetts.

### **ARTICLE 3: Definitions**

**3.1. Accessory Sign:** Any sign or device of similar intent that advertises, calls attention to, or indicates the person occupying the premises on which the sign is erected or maintained, or the business transacted thereon, or advertises the property itself or any part thereof as for sale or rent, and which contains no other matter.

**3.2. Interested Person:** Any person residing in or owning or operating a business in this Town who requests the Sign Officer in writing that his name be placed on a mailing list. In addition, such list shall include the Board of Selectmen and the Planning Board of the Town of Hanover.

**3.3. Non-Accessory Sign:** Any sign not an accessory sign including, but not limited to, billboards.

**3.4. Person:** Shall include an individual, corporation, society, association, partnership, trust or other entity, public or private.

**3.5. Public way:** Shall include any private way that is open to public use.

**3.6. Sign:** Any permanent or temporary structure, billboard, device, letter, word, illuminated fixture, electric bulb, tube or similar contrivance, medal, banner, pennant, insignia, flag, or any other representation used as, or which is in the nature of, an advertisement, announcement, attraction or direction which is on a public way or on private property within public view of a public way, public park or reservation.

**3.7. Standing Sign:** Any accessory sign that is not attached to a building.

**3.8. Sign, area of:** (a) the area of a sign shall be considered to include all lettering, wording, and accompanying designs and symbols, together with the background upon which they are displayed, and any frame around the sign and any "cutouts" or extensions, but shall not include any supporting structure or bracing if such structure or bracing is incidental to the function of the sign.

(b) the area of a sign consisting of individual letters or symbols attached to or painted on a surface, building, wall or window, shall be considered to be that of the smallest rectangle or triangle which encompasses all of said letters and symbols.

(c) Only one side shall be counted in computing the area of a double-faced sign.

**3.9. Temporary Sign:** Any sign, including political signs, not intended to be maintained permanently.

### **ARTICLE 4: Administration and Enforcement**

**4.1. Enforcement:** The Building Inspector of the Town of Hanover is hereby charged with the enforcement of this by-law and is hereby designated as the Sign Officer.

(a) The Sign Officer and his duly authorized agents shall, at reasonable times and upon presentation of credentials, have the power to enter upon the premises on which any sign is erected or maintained in order to inspect such sign.

(b) The Sign Officer is further authorized, upon notice as herein provided, to order the repair, removal or revocation of any sign which in his judgement is, or is likely to become, dangerous, unsafe or in disrepair, or which is erected or maintained contrary to this by-law. The Sign Officer shall serve a written notice and order upon the owner of record of the premises where the sign is located and any advertiser, tenant or other person known to him having control or a substantial interest in said sign, directing the repair or removal of the sign within a time not to exceed thirty days after giving of such notice. If such notice and order is not

obeyed within such period of time, the Sign Officer and his duly appointed agents shall, at reasonable times and upon presentation of credentials, have the power to enter upon the premises on which said sign is erected or maintained and repair or remove, or cause to be repaired or removed, said sign. All expenses incurred by the Sign Officer and his duly authorized agents in removing or repairing any sign shall be assessable against any person who failed to obey said notice and order and shall be recoverable with costs in any court of competent jurisdiction if not paid within thirty days after written notice of assessment is given by the Sign Officer to such person.

**4.2. Permits:** (a) No sign shall be erected, altered or enlarged until an application on the appropriate form furnished by the Sign Officer has been filed with the Sign Officer containing such information, including photographs, plans and scale drawings, as he may require, and a permit for such erection, alteration or enlargement has been issued by him. Such permit shall be issued only if the Sign Officer determines that the sign complies or will comply with all applicable provisions by this by-law. A schedule of fees for such permits shall be determined from time to time by the Board of Selectmen.

## **ARTICLE 5: Movement, Illumination and Color.**

**5.1. Movement.** No sign shall contain any moving, flashing or animated lights, or visible moving or moveable parts, except such portions of a sign that consist solely of indicators of time or temperature. Automatically or manually continuous changing message signs are not permitted.

**5.2. Illumination.** Signs may be illuminated only by the following means:

- (a) By a white, steady stationary light of reasonable intensity, shielded and directed solely at the sign.
- (b) By a white interior light of reasonable intensity.
- (c) Neon tubes or similar devices are not permitted.

**5.3. Color:** No sign shall contain more than four colors including background color. No sign shall contain colored lights, interior or exterior.

**5.4. Christmas Decorations.** Christmas decorations shall not be subject to this by-law for the period from November 1 to January 10 of any given Season.

**5.5 Interior Signs.** The provisions of the by-law shall apply not only to exterior signs but also to interior signs which are so placed as to be visible through windows, doors or other openings from the exterior.

## **ARTICLE 6: Non-accessory Signs.**

Non-accessory signs including billboards shall not be permitted.

## **ARTICLE 7: Accessory Signs**

**7.1 Residence Districts.** In an area zoned as Residence, no accessory sign shall be erected or maintained except as follows:

(a) One sign displaying the street number and/or name of the occupant of the premises not exceeding six square feet in area. Such sign may include identification of an accessory professional office or other accessory uses permitted in a residential district.

(b) One "for sale" or "for rent" sign not exceeding six square feet in area and advertising only the premises on which it is located. This type of sign is to be in

conformity with Article 5 and shall be removed within 30 days of the sale of said premises or within three days of the rental of said premises.

(c) One contractor's sign, not exceeding six square feet in area, maintained on the premises while construction is in process and containing information relevant to the project. Such sign shall be removed immediately upon completion of the construction but in any case within 60 days from the erection thereof, unless a written extension has been issued by the Sign Officer specifying the date when the extension expires.

(d) One identification sign not exceeding six square feet in area at any public entrance to a subdivision or multifamily development by special permit of the Sign Officer which shall specify limits on the size and the length of time such sign is to be maintained.

(e) Signs, entrance markers, etc. for a church, synagogue, school or similar institution shall be permitted. The size and location shall be at the discretion of the Sign Officer, but in no case shall a sign exceed 18 square feet in size nor shall it exceed 15 feet in height from the ground. The provisions of Article 5 shall apply to these signs.

(f) Where a legal, nonconforming business use is within a residential district, the Sign Officer may allow a sign exceeding the requirements above, provided said sign is in keeping with the general intent of this by-law and the appearance, placement and size will not harm the appearance and safety of the general area. In no case shall such signs exceed 50% of the area requirements in business zones. Before granting such a permit, the Selectmen shall hold a public hearing and give notice, at the petitioner's expense, to Interested Persons and abutters and shall reach a decision within ten days from the date of the hearing.

**7.2 Business Districts.** In an area zoned as a business, commercial or limited industrial district, no accessory sign shall be erected or maintained except accessory signs which are permitted in residential areas, as provided in section 7.1. of this Article, or accessory signs which comply with the following requirements:

**(a) Attached Signs:**

**(1) Location:**

(i) The sign shall be firmly affixed to the building.

(ii) The sign shall be affixed to the wall or facade of a building. Roof signs, so-called, shall be permitted if said signs do not project more than four feet above the roof line of a flat-roof building nor above the ridge of a pitched roof.

(iii) All attached signs shall be mounted parallel or flush with the building wall. Excepting for raised, molded letters and framing, no part of the sign shall project more than six inches from the wall of the building. Signs mounted perpendicular or at any angle to a wall are not permitted.

**(2) Size:** The area of any sign shall not exceed the lesser of (1) 250 square feet or (2) 10 percent of the area of the wall or facade upon which the sign is located. If a sign is located partially or entirely above the wall, as specified in Section 7.2.(a)(1)(ii), the area requirement shall still be based on the wall area as specified herein.

**(3) Number:** There shall be not more than one exterior sign per side for each business building except that if there be more than one public entrance to any such business, there may be one additional secondary sign for each such entrance; provided that the aggregate area of all such secondary signs shall not exceed 50% of the maximum permissible area authorized in section 7.2.(a)(2). In addition to the

foregoing sign or signs, one directory of the business establishments occupying a building may be affixed to the exterior wall of the building at each public entrance to the building. Such directory shall not exceed an area determined on the basis of one square foot for each establishment occupying the building. In areas such as shopping centers where one-story buildings are occupied by more than one business, the frontage actually utilized by each separate business shall be used to calculate the wall area for sign purposes and each such business shall be treated as if in a detached business building.

(b) **Standing Signs:** The Sign Officer may permit the erection of not more than one standing sign per building lot if said sign complies with Article 5 hereof and with the general purpose and intent of this by-law. In granting such permission, the Sign Officer shall specify the size, type and location of the sign and impose such other terms and conditions as may be deemed to be in the public interest; provided, however, that no such sign shall exceed 48 square feet in area or 15 feet in height from the ground. In cases of shopping malls and comparable multi-building commercial centers, more than one standing sign may be allowed at major street entrances provided such entrances are more than 250 feet apart.

### **7.3. Special Signs:**

(a) Signs painted or placed on the inside or outside of the glass of a window or otherwise located in an opening so as to be visible from the exterior shall be permitted in a business district, provided that the aggregate area of such sign shall not exceed 20 percent of the area of the window glass or of the opening. Signs and devices of this nature shall conform in all respects with Article 5.

(b) **Temporary Signs:** Temporary signs, including political signs, which comply with these by-laws shall be permitted in all districts as specified herein. Before a temporary sign (other than a temporary sign placed in a window) shall be erected or displayed, there shall be deposited with the Sign Officer the sum of \$25.00 for each commercial sign and \$25.00 for any fixed number of political signs. A removal date shall be specified in the permit. The deposit shall be refunded upon the timely removal of the sign or signs. In the event of failure to remove the sign or signs within the period prescribed, the Sign Officer shall apply the deposit towards the cost of removing the sign or signs, and any balance of the deposit shall be forfeited.

(1) Temporary signs may be authorized by the Sign Officer for public or charitable purposes.

(2) Any temporary sign, including public and charitable signs, shall comply with Article 5 of this by-law.

(3) Temporary signs, including political signs, shall be constructed in a manner deemed safe by the Sign Officer and in no case shall such signs be attached to or supported by a portable contrivance, wheeled or not wheeled, excepting such signs may be allowed for political purposes on an election day only. No vehicle, trailer, balloon, boat, etc. shall be used as a temporary or permanent means for exhibiting a sign which may circumvent or derogate from the intent of this by-law.

(4) **Parking Signs** in business districts. The provisions of Section 7.2 shall not apply to any sign limited solely to directing traffic within or setting out restrictions on the use of parking areas and not exceeding two square feet in area. These signs are, however, subject to other sections including Article 5.

## **ARTICLE 8: Nonconforming Signs.**

8.1. Any sign legally erected prior to the adoption of this by-law, or any amendment thereof, and which does not conform to this by-law shall be deemed

immediately nonconforming. As compensation to the owner or owners, such signs may continue to be maintained for a period not longer than five years after the date of adoption of this by-law. Such a sign shall not be enlarged, reworded, redesigned or altered in any way unless it is brought into conformity with this by-law. Any such sign which has been destroyed or damaged to such an extent that the cost of restoration would exceed 35% of the replacement value of the sign at the time of the destruction or damage, shall not be repaired or rebuilt or altered in any form unless in conformity with this by-law. In the case of signs erected by a specific Special Use Permit granted by the Hanover Board of Appeals during the period from June 14, 1965 through December 31, 1973, such signs shall not be deemed nonconforming for such length of time as said signs conform to the conditions of the Special Use Permit.

8.2. The compensation and exemptions granted in Section 8.1 to nonconforming signs and signs conforming under a Special Use Permit shall immediately terminate with respect to any sign which (1) shall have been abandoned; (2) advertises or calls attention to any products, businesses or activities which are no longer carried on or sold, whether generally or at the particular premises; (3) shall not have been repaired or properly maintained within sixty days after notice to that effect has been given by the Sign Officer; or (4) is a nonconforming non-accessory sign.

8.3. In any case, any nonconforming sign shall be made conforming within one year of the adoption of these by-laws insofar as the provisions of Article 5 are concerned, excepting existing, non-flashing neon tubes may continue in use for the full five year period.

8.4 No sign shall be affixed upon or painted upon any rock, tree or utility pole excepting legal signs as specified in Article 8.5.

8.5 Such signs as legal and public signs such as are required by law including "posting" signs, so-called, including "no hunting" and "no trespassing" signs; traffic signs; Historic markers; memorial signs; and similar signs are allowed in any district.

## **ARTICLE 9: Appeal**

Any person aggrieved by an order or decision of the Sign Officer under this by-law may file a written appeal with the Board of Appeals of the Town of Hanover within twenty-one days (21) after the order or decision of the Sign Officer: Upon filing of such an appeal, the Board of Appeals shall hold a public hearing thereon, notice of which shall be given by publication as specified by law and mailing, at the expense of the aggrieved person, to all interested persons. The granting of an appeal or any variance from these by-laws shall be based upon the applicant's proof that such a grant or variance would meet all three of the following criteria: (1) The situation is unique and distinctive to the particular property in question; (2) Strict implementation of the by-law would cause an undue hardship in the specific instance; and (3) Granting of the appeal or a variance from this by-law would not derogate from the intent of this by-law and would be in the public interest.

## **ARTICLE 10: Penalties**

Unless some other penalty is expressly provided by law, or some by-law of the Town, whoever violates any provision of this by-law or any lawful order of the Sign Officer shall be subject to a fine not exceeding \$50.00 dollars for each offense. Each day that such violation continues shall be construed as a separate offense.

**ARTICLE 11: Severability.**

The invalidity of any section or provision of this by-law shall not invalidate any other section or provision thereof.

*Board of Selectmen*

Motion to Amend this Article was defeated.

**VOTED:** That the Town accept this article as prepared.

**ARTICLE 51**

To see if the Town will vote to amend Article XVI of the By-Laws of the Town of Hanover by deleting Section 5 and renumbering Sections 6 and 7 to Sections 5 and 6, respectively, or take any other action relative thereto.

*Board of Selectmen*

## **JOURNAL OF STATE PRIMARIES HELD TUESDAY, SEPTEMBER 10, 1974**

The meeting for the State Primary was called to order Tuesday, September 10 1974, at 10:00 A.M. by John W. Murphy, Clerk. The Warrant was returned by John B. Lingley, Constable. The following election officers were in attendance, having been previously sworn in: Precinct 1: Warden, R. Irving Lovell; Deputy Warden, John Thomson; Clerk, Malcolm C. Hatch; Deputy Clerk, Cynthia Matthews; Inspectors, Ann Wilson, Danielle Guthrie, Marjorie Thomson, Thelma Nielsen; Deputy Inspectors, Linda Gillette, Barbara Beal. Precinct 2: Warden, Patricia Norcott; Clerk, Joseph Hannigan; Deputy Clerk, George Parker; Inspectors, Barbara Smith, Edith Bates, Stella DeCoste, Laura Murphy; Deputy Inspectors, Sally Murphy, Ruth Thompson. Precinct 3: Warden, David Studley; Clerk, Margaret Zemotel; Deputy Clerk, Anita Ekroth; Inspectors, Josephine Kendrigan, Annie Michalowski, Shirley Blanchard, Vivian Wheeler; Deputy Inspector, Janice Jaynes.

The ballot boxes were inspected and found empty. Counter turned to zero, the boxes were then locked with the keys being turned over to the Police Officer in charge. The polls were declared open and remained open until 8:00 P.M., when it was voted they be closed.

At approximately 5:10 P.M. ballot box #1 jammed. The police officer was called and the top unit opened. The problem was corrected, but the counter recorded once during this time; thereby, showing one count more than actual ballots cast.

The following tellers were sworn to the faithful performance of their duties:  
 Precinct 1: Emma Laidlaw, Gail Cheverie, Roger Leslie, Clair Ward, Barbara Nihan.  
 Precinct 2: Barbara Robison, Eleanor McInnes, Florence Oldham, John Lingley, Stephen Richardson. Precinct 3: Harry Monks, Jr., Shirley Collins, Lois Kendall, Thelma Litchfield, Dorothy Sturble, Avito d'Cicco. Police Officers on duty were Peter Hanson and Erwin Cobb.

The results of the balloting was as follows:

And to vote on the following questions:

**QUESTION NO.1**

**PROPOSED AMENDMENT TO THE CONSTITUTION**

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held August 25, 1971, received 212 votes in the affirmative and 39 in the negative, and in a joint session of the two branches held June 6, 1973, received 235 votes in the affirmative and 19 in the negative:

Yes  
No

**SUMMARY**

The proposed constitutional amendment, if approved, would replace the present Article 52 of the Articles of Amendment to the Constitution of the Commonwealth and would empower the General Court, by concurrent vote of the two houses, to take a recess or recesses amounting to not more than thirty days. The present Article 52 permits such recesses but provides that "no such recess shall extend beyond the sixtieth day" from the beginning of the legislative sessions.

## QUESTION NO.2

### PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held August 25, 1971, received 177 votes in the affirmative and 65 in the negative, and in a joint session of the two branches held June 6, 1973, received 166 votes in the affirmative and 93 in the negative?

Yes

No

### SUMMARY

The proposed constitutional amendment, if approved, would provide for a census in the year 1975 and every tenth year thereafter of the inhabitants of each city and town as a basis for determining the representative, senatorial and councillor districts for the ten year period beginning with the first Wednesday in the fourth January following the taking of the census, provided that the districts as established based on the 1971 census shall terminate on the first Wednesday in January, 1979. The census shall specify the number of inhabitants residing in each precinct of a town and each precinct and ward of a city.

Under the proposed amendment, the House of Representatives would consist of 160 members, in contrast to the present membership of 240, and the Senate of 40 members. The General Court would, at its first regular session after the year in which the census is taken, divide the Commonwealth into 160 representative districts and 40 senatorial districts of contiguous territory so that each representative and each senator will represent an equal number of inhabitants as nearly as may be; and such districts shall be formed, as nearly as may be, without uniting two counties or parts of two or more counties and, with respect to representative districts, without uniting, as nearly as may be, two towns or parts of two or more towns, two cities or parts of two or more cities, or a city and a town, or parts of cities and towns, into one district, and without dividing any town containing less than 2500 inhabitants. The General Court would be permitted to pass laws to limit the time within which judicial proceedings may be instituted calling in question any such division. The proposed amendment further provides that every representative, for one year at least immediately preceding his election, shall have been an inhabitant of the district for which he is chosen, and every senator shall be an inhabitant of this Commonwealth for five years at least preceding his election and at the time of his election shall be an inhabitant of the district for which he is chosen. Every representative and senator shall cease to represent his district when he shall cease to be an inhabitant of the Commonwealth. The manner of calling and conducting the elections for representatives and for senators and councillors, and of ascertaining their election, shall be prescribed by law. The amendment vests original jurisdiction in the Supreme Judicial Court, upon petition of any voter of the Commonwealth, filed with the clerk of said court, for judicial relief relative to the establishment of House of Representatives, councillor and senatorial districts.

### **QUESTION NO.3**

#### **PROPOSED AMENDMENT TO THE CONSTITUTION**

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held June 7, 1972, received 250 votes in the affirmative and 3 in the negative, and in a joint session of the two branches held June 6, 1973, received 253 votes in the affirmative and 0 in the negative?

Yes

No

#### **SUMMARY**

The proposed constitutional amendment would repeal Section 2 of Article 46 of the Articles of Amendments to the Constitution of the Commonwealth (the "anti-aid amendment", so-called), and replace it with a new Section 2, for the purpose of allowing grants in aid to private higher educational institutions or to students, or parents or guardians of students, attending such institutions.

The proposed amendment would delete the first clause of the present Section 2, which requires that all moneys raised by taxation in the towns and cities for the support of public schools, and all moneys appropriated by the Commonwealth for the support of commons schools shall be applied to or expended in only those schools conducted according to law under the order and superintendence of the authorities of the town or city in which the money is expended. The effect of the deletion of the first clause of Section 2 would be to remove the constitutional prohibition against the use of public moneys, which have been raised by taxation or appropriated for support of public schools, for grants in aid to private higher educational institutions or to students, or parents or guardians of students attending such institutions.

The proposed amendment would also alter the second clause of the present Section 2 by removing the prohibition against a grant, appropriation or use of public money or property or loan of public credit by the Commonwealth or any political subdivision for the purpose of founding, maintaining or aiding any school or institution of learning, whether under public control or otherwise, wherein any denominational doctrine is inculcated, or any other school or any college which is not publicly owned and under the exclusive control, order and superintendence of public officers or public agents. In place of the foregoing, the proposed amendment would prohibit the grant, appropriation or use of public money or property or loan of credit by the Commonwealth or any political subdivision for the purpose of founding, maintaining or aiding any primary or secondary school which is not publicly owned and under the exclusive control, order and superintendence of public officers or public agents.

The proposed amendment would also add to the present Section 2 a provision that nothing therein shall be construed to prohibit grants in aid to private higher educational institutions or to students, or parents or guardians of students, attending such institutions.

#### **QUESTION NO.4**

##### **LAW PROPOSED BY AN INITIATIVE PETITION**

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held May 17, 1972, received 131 votes in the affirmative and 121 in the negative, and in a joint session of the two branches held May 8, 1974, received 139 votes in the affirmative and 119 in the negative?

Yes

No

##### **SUMMARY**

The proposed constitutional amendment would revise Article 78 of the Articles of Amendment to the Constitution to permit the expenditure of money from the highway fund for mass transportation lines and other mass transportation purposes in such manner as the Legislature may direct. The highway fund includes receipts from fees, duties, excises and license taxes relating to registration, operation or use of motor vehicles and taxes from the sale of motor vehicle fuels. The expenditure of money from such fund is presently restricted to highway and bridge construction, reconstruction, maintenance and repair, enforcement of state traffic laws, and administration of the tax statutes which provide highway fund receipts.

#### **QUESTION NO. 5**

##### **LAW PROPOSED BY AN INITIATIVE PETITION**

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 73 in the affirmative and 150 in the negative and was disapproved in the Senate by a vote of 16 in the affirmative and 22 in the negative?

Yes

No

##### **SUMMARY**

Provisions of the act establish an independent Corrupt Practices Commission, with five members to be appointed by the Governor to staggered five year terms. The Commission has subpoena powers and is to investigate, by means of secret hearings, candidates' compliance with all state and federal laws relating to political campaign contributions and expenditures and corrupt practices. If probable cause is shown, the Commission is required to direct the Attorney General to take further action in the proper form and is required to make public a report of such action. In cases involving the campaign practices of the Attorney General himself, a special attorney is to be appointed. If no probable cause is shown, the Commission is to state so publicly.

Further, the proposed act extends the application of the current statute regarding the disclosure of campaign expenditures and contributions, to all

candidates for office above the town and city level, with the exception of President and Vice President of the United States. The act requires all such candidates to receive and disburse all amounts greater than \$25 by check, and makes it a crime to knowingly receive cash payment from a candidate or his committee for a service costing more than \$25. The act also requires candidates to designate a single bank as depository of funds and as recordkeeper, with records of receipts and expenditures to be open to public scrutiny.

Provisions of the act extend present campaign spending limits to cover all media expenses and require all media firms (including: television, radio, newspaper, billboard, magazine, advertising, public relations, printing, opinion polling, computer, telephone, telegraph) to report the purchase of media services by candidates. Media expenses of candidates for the offices of district attorney, clerk of court, register of probate and insolvency, register of deeds, county commissioner, county treasurer and sheriff are limited to \$.07 for each resident of the respective electoral district. Other provisions of the act require candidates, upon official announcement or filing of nomination papers, to report all political receipts and expenditure since the date of the last general election for the office sought, and count such expenditures toward spending limits. The act also limits candidates to one political committee.

The act establishes a maximum penalty of one year imprisonment and/or \$10,000 fine for individuals engaged in corrupt practices, and a \$50,000 fine for corporations so involved. In addition, the Attorney General is permitted to bring an action for the removal of a candidate whose election was materially aided by corrupt practices on the part of the candidate or one acting in his behalf, where such removal is otherwise authorized by law.

## JOURNAL OF THE STATE ELECTION HELD TUESDAY, NOVEMBER 5, 1974

The meeting for the State Election was called to order Tuesday, November 5, 1974, at 6:00 A.M. by John W. Murphy, Town Clerk. The warrant was returned by David G. Zwicker, Constable. The following election officers were in attendance having been previously sworn in: Precinct 1; Warden, John Thomson; Deputy Warden, Patricia Norcott; Clerk, Malcolm Hatch; Deputy Clerk, Cynthia Matthews; Inspectors, Marjorie Thomson, Laura Murphy; Deputy Inspectors, Barbara Beal, Annie Michalowski, Claire Ward. Precinct 2; Warden, R. Irving Lovell; Deputy Warden, Thelma Nielsen; Clerk, Joseph Hannigan; Deputy Clerk, George Parker; Inspectors, Barbara Smith, Stella DeCoste; Deputy Inspectors, Edith Bates, Vivian Wheeler, Ann Wilson. Precinct 3; Warden, David Studley; Deputy Warden, Ruth Thompson; Clerk, Anita Ekroth; Deputy Clerk, Margaret Zemotel; Inspectors, Josephine Kendrigan, Janice Jaynes; Deputy Inspectors, Danielle Guthrie, Sally Murphy, Charles Conlon.

The ballot boxes were inspected and found empty. The counters were turned to zero, the boxes were then locked with the keys being turned over to the Police Officer in charge. The polls were declared open and remained open until 8:00 P.M.

Due to the size and complicated folding of the ballots, each ballot box jammed several times, resulting in a discrepancy in the counters and the actual ballots cast. Ballot boxes #1 and #3 recorded one ballot more than actual cast while ballot box #2 recorded three less ballots than actual cast.

The following tellers were sworn to the faithful performance of their duties: Precinct 1; Avito d'Cicco, Ruth Moran, Mary Fauz, Carol Atkins, Dorothea Reich, Rose Quigley, Albert Hawkins, Priscilla Maxwell, Phyllis Garland, Herbert Tripp, Roger Leslie, A. Donald Deluse: Precinct 2; Barbara Robison, Eleanor McInnes, Gail Cheverie, Joan Hannigan, Ann O'Rourke, Claire Nagle, Florence Oldham, Edna Trefethen, Frances Cummings, Linda Gillette, John Lingley, Thelma Litchfield, Mark Savage, Lauren Draper: Precinct 3; Harry Monks, Dorothy Struble, Tanya Parker, William McLeod, Pasqualina Monks, Shirley Collins, Helen Woodward, Ruth Bubier, Shirley Blanchard, Harry Winslow, Lois Kendall, Diantha Guimares. Police Officers on duty were Erwin Cobb, Robert Colby and William Spooner.

The results of the balloting was as follows:

Precinct 1	1,307
Precinct 2	1,408
Precinct 3	<u>1,210</u>
Total Ballots cast	3,925

This total included 113 absentee ballots.

## ANNUAL REPORT OF THE BOARD OF REGISTRARS

The Board of Registrars have added 126 new voters to the list of registered voters during the year 1974. As of December 31, 1974, the registered voters were listed as follows:

Republicans	1,325
Democrats	1,730
American	0
Unenrolled	2,124
<b>Total Registered Voters</b>	<b>5,179</b>

The term "Unenrolled" means not registered in any political party.

The Town Census taken in January, 1974, shows the population of Hanover to be 10,980. This is the first year that the census was compiled and set up by a computer system. Because of this system, the voting list was updated and provided within a short time.

Residents may register at the Town Clerk's Office daily Monday through Friday during regular office hours and Monday evenings 7 to 9 P.M. except when registration is closed by law prior to elections and town meetings. The board also holds special registration sessions before town elections, town meetings, presidential and state primaries and elections.

Notification of special sessions were published in the local newspapers.

Signatures on all petitions and nomination papers were checked and certified.

A call to the office of the Town Clerk can straighten out questions regarding dates of registration, party affiliations, etc.

Respectfully submitted:

Eleanor M. Kimball, *Chairman*  
Elizabeth T. Amazeen  
Paul H. Kendrigan  
John W. Murphy, *Town Clerk*

## REPORT OF ASSESSORS

To the Citizens of the Town of Hanover:

The following report covers the twelve months of calendar year 1974. The six months, January 1 through June 30 comprise the final six months of the eighteen month fiscal changeover period and the figures used in this report represent one-third of that eighteen month budget. The six months, July 1 through December 31 comprise the initial six months of Fiscal Year 1974-75 and the figures used herein represent one-half of that budget. Consequently two sets of figures reflecting two separate tax periods must be used to submit our 1974 recapitulation.

<b>TOTAL TAXES LEVIED ON PROPERTY</b>	(2) 2,378,585.50	2,062,257.53

- (1) The total valuation of the Town for both periods is based on assessments as of January 1, 1974. However, the slightly lower figure for the second period reflects adjustments made in the first period that necessarily altered the total valuation.
- (2) The total taxes levied on property in the first period are slightly higher than the net amount to be raised by taxation, as the tax rate was rounded out at \$34.00 to avoid the use of a fractional rate. This is a standard practice in establishing local tax rates.

Please remember that it is the citizens of the Town who ultimately determine the tax rate by their allocation of funds at Town Meetings.

Should any questions arise pertaining to this report or your personal taxes, please feel free to consult any of us at your Assessors Office.

## REPORT OF THE PLANNING BOARD

To the Citizens of the Town of Hanover:

Calendar year 1974 has seen very little activity with respect to new subdivisions although several are in the preliminary plan stage and will undoubtedly be submitted for consideration when the economic situation, especially with respect to interest rates, improves. During the year our valued vice-chairman, Joseph J. Zemotel, found it necessary to resign because of travel incident to changed employment. The remaining members of the Planning Board, together with the Board of Selectmen, selected a replacement, Mrs. Janet W. O'Brien. The Planning Board then designated John A. Libertine as vice-chairman.

Respectfully submitted,  
*Hanover Planning Board*  
Turner W. Gilman, *Chairman*  
John A. Libertine, *Vice-Chairman*  
Roger A. Leslie, *Clerk*  
Robert L. Kimball  
Janet W. O'Brien

## REPORT OF THE PARK AND RECREATION COMMITTEE

The Hanover Park and Recreation Committee respectfully submits the following report.

In the Spring and Summer the Committee maintained and readied the fields of the town so that 800 of our youth were able to successfully complete a boys baseball and girls softball program.

The Summer Playground Program, headed by Mr. David Guenard, started their season with 187 families registering for summer activities. Cultural, nature and athletic activities were offered to 536 children. An Arts and Crafts Workshop was initiated in July and the response to this program was so great that the Committee recommends a full-time arts and crafts teacher be added to the staff of the Summer Playground Program.

The playground staff consisted of one program director, one part-time arts and crafts teacher and six playground specialists.

In the Fall our fields were used by 160 boys for football and soccer. In addition the Park and Recreation Committee offered tennis lessons to the residents.

For the first time the Committee extended their recreational activities to the winter months – instructional swimming and skiing lessons were offered and 125 boys and girls took part in these programs.

Your Committee feels that recreation in the town of Hanover should become a year round activity for all of its residents. In the future we will be working towards this end.

Respectfully submitted,

Jack MacDougall, *Chairman*  
James M. Wheeler  
Harold Smith  
Diana Morris  
Ronald Babineau  
Gene Macomber

## REPORT OF TAX COLLECTOR – 1974

To the Board of Selectmen, Town of Hanover

This year I shall follow your suggestion and make a very brief report.

My accounts are now based on collections for a fiscal year. Collected and turned over to the Treasurer for the calendar year of 1974 was the total amount of \$5,195,507.94. Details of this Department's collections will be found under the Town Accountant's Report.

The collection of Real Estate and Personal Property on a 6 month basis has no doubt helped the Town Treasury. There was no money borrowed during the calendar year of 1974 in anticipation of revenue to be collected.

There have been many complications implementing the new fiscal year program and few positive directives from the State Tax Commission. Hopefully, I have used good judgment in the questionable areas and proceeded in the best interest of the Town and its taxpayers.

My sincere thanks to my co-workers for their devotion and dedication throughout the year.

Respectfully submitted

Eleanor S. Blaisdell  
*Collector of Taxes and Water Rates*

## REPORT OF THE POLICE DEPARTMENT

To the Board of Selectmen and the Citizens of the Town of Hanover:

I hereby submit the following report of the Police Department from January 1, 1974 to December 31, 1974.

In the coming months we hope to circulate to the Town Residents information on several different types of crimes that we are all beginning to know and experience. It is our hope that the information will assist one and all to recognize and report different types of crime that are taking place here in Hanover and to assist persons to help us prevent many of these crimes. WE NEED YOUR HELP.

I would like to thank the Hanover School Committee for the assistance they gave to this Department last year in renovating downstairs at the Police Station on Main Street. We now have four extra rooms and it is a comfort to have the space that has been provided. Also our Thanks to Dr. Robert P. Fox, Superintendent of Schools and Kenneth R. Johnson, Assistant Superintendent, for their assistance given in this project.

I would like to thank the people of Hanover, The Board of Selectmen, the Fire Department, Members of the Hanover Police Department, Neighboring Police Departments, State and County Officers for their assistance and cooperation last year.

If the current child rearing in America continues on the same trend we can expect increased alienation, indifference, antagonism and violence on the part of the younger generation in all segments of our society. The average age for persons who commit the two most common felony crimes, auto thefts and burglary is 15 years old. Seventy Five percent of all crime is committed by persons in the age groups, 14 to 29 years of age. At the rate of increase in juvenile crime, one out of every six juveniles will have been in trouble before the age of 21 years. Four out of every ten people will have been arrested. There must be an increase in the study of youth and why they turn to anti-social acts.

Law enforcement is bound to suffer more than we can afford when the never-overpaid Police Officer assigned to risk his very life in the task of say, ferreting with supposed criminals in a darkened building at three o'clock on a rainy winter morning. He must stake the security of his family upon a snap determination as to whether some Judge or Jury, in the ivory tower quiet of Court or Jury Room, will find that he used more or greater force than was reasonably necessary under the circumstances.

David G. Zwicker  
*Chief of Police*

## EMERGENCY COMMUNICATION CENTER

To the Citizens of Hanover:

For the fourteenth consecutive year we can again report an increase in the number of routine and Emergency calls handled by the Center. As our Town grows in residential population and increases its Commercial activities this trend will continue.

The Committee wishes to express its thanks for the cooperation of the Board of Selectmen, Police Department, Fire Department, Department of Public Works and to thank our operators for their loyalty and valued performance during 1974.

Respectfully submitted,

Robert P. Coburn  
Henry S. Newcomb  
John Thomson  
*Communication Committee*

## REPORT OF THE BOARD OF FIRE ENGINEERS

To the Citizens of the Town of Hanover:

The Board of Fire Engineers submits its report for the year 1974 – We have had a busy year with a total of 456 runs, an increase of 34 runs over last year. A breakdown of runs is as follows: 78 building fires, 73 resuscitator calls, 56 car fires, 92 woods and grass fires, 12 false alarms, 19 mutual aid calls, assist police 15, bomb scares, stove fires, gas leaks, electrical fires, etc. – 111 calls.

All inspections required by law have been made – schools, rest homes, clinics and all places of public assembly. Fire drills have been held in all schools, 92 oil burner permits issued and inspections made, 117 rocket permits and 10 explosive permits issued.

Fire training classes are conducted on a regular schedule, under our training officer Lieutenant Houghton. 22 men completed fire fighting phase 1 (16 week course) – 17 men completed officers class – 16 hours. One man will be completing his 81 hour E.M.T. Course soon giving us 4 E.M.T. men – our 2 fulltime men attended. 32 hours of classes at Moon Island, courtesy of the Boston Fire Department. 3 Articles have been placed in the Town Meeting Warrant for 1975:

- (1) For a 750 G.P.M. Pumper to replace Engine 2 at Four Corners Station.
- (2) Replace the 1971 Chief's Car.
- (3) \$2500.00 for Fire Hose.

The Board thanks all departments for their help and cooperation throughout the year and to our firefighters for their dedication to the Fire Service.

*Hanover Board of Fire Engineers, Lawrence E. Slaney, Chief.  
Charles Inglis, Clerk – Wendell Blanchard, T. Drew Bates,  
Ernest Bourque, Edgar Packard.*

From the Chief:

As this will be my last report as Chief, due to my retirement in July, I take this means of thanking the Townspeople and the Board of Fire Engineers for their cooperation and confidence in me for the past 9 years. To the Board of Selectmen for appointing me to the Board for 30 years, and to the men of the department who I have been privileged to serve with for 47 years. It has been a pleasure and an honor to have worked with all of you.

Thank you all

Lawrence E. Slaney, *Chief.*

## **DRAINAGE COORDINATING COMMITTEE**

To the Citizens of Hanover:

A Drainage Coordinating Committee was established by Article 19 of the Annual Town Meeting of 1974 and, effective June 30, 1974, replaced the previous Drainage Committee. The new committee will consider only those drainage problems which are beyond the responsibility of any single element of Town Government, and expects to be especially involved in Stream Clearance requests. The Committee has adopted no formal organization and will meet at the call of any of its members when problems arise.

Respectfully submitted,

S. Franklin Ames, *Board of Public Works*  
Turner W. Gilman, *Planning Board*  
Edward R. Hammond, Jr., *Board of Health*

## **REPORT OF THE GAS INSPECTOR**

To the Board of Selectmen and the Citizens of Hanover:

We hereby submit our report of the Gas Inspector's Department for the period of January 1, 1974 to December 31, 1974.

There were 122 permits issued and acted upon. \$497.00 in fees collected and turned over to the Town Treasurer.

We appreciate the cooperation of the homeowners, contractors, and all Town Departments.

Respectfully submitted,

Robert J. Stewart, *Gas Inspector*  
Theodore F. Luscinski, *Assistant Inspector*

## REPORT OF THE INSPECTOR OF WIRES

To the Board of Selectmen and Citizens of Hanover:

We hereby submit the fourteenth annual report of the Wire Inspector's Department for the period January 1, 1974 to December 31, 1974.

There were 314 permits issued and acted upon. \$4967.00 in fees were collected and turned over to the Town Treasurer.

We appreciate the cooperation of the homeowners, contractors, and all departments in making this a safer town electrically.

Respectfully submitted,

Robert Montgomery, *Wire Inspector*  
Charles C. Pratt, *Deputy Inspector*

## REPORT OF THE ANIMAL INSPECTOR

To the Citizens of Hanover:

I submit my report for 1974:

## TRUSTEES FOR PLYMOUTH COUNTY COOPERATIVE EXTENSION SERVICE

by Edgar W. Spear, *Director*

The Plymouth County Cooperative Extension Service's office is located on High Street, Hanson and can be reached by calling 293-3541 or 447-5946.

This is repetitious but for the information of new residents, we are the educational arm of the University of Massachusetts and the U.S.D.A. at the county level. This is where the name "Cooperative Extension" is derived.

We have many and varied educational programs.

Free bulletins are on display at our office on lawn care, gardening, nutrition, home canning and freezing, to name just a few. If you pass our office on your travels, stop and visit us.

The number of soil samples tested continues to increase each year which is a free service to the Plymouth County residents. This year, with more gardeners, we were swamped with soil samples.

Posters and leaflets describing our staff services have been placed in every town hall and library in the county along with timely leaflets for distribution. With more food production and preservation by home gardeners, our Home Economists are available for advice. Citizens are encouraged to bring to the attention of their Town Director any suggestions to improve our services.

Plymouth County continues to have the most active 4-H Program in Massachusetts. Increased enrollment continues in our new Urban 4-H program and we have had added to our staff a new Associate 4-H Agent's position. 4-H has become more than just "cows and cookies" and varied programs are available for all young people.

Through our Nutrition Program in Brockton we have made available to every town "Mulligan Stew" film, an excellent source of nutrition lessons for young people.

Our Life and Earth 4-H Science Projects such as Embryology and Ocean Science are being made available to all of Plymouth County's School Systems.

In addition to our regular staff, we have five Regional Community Development Specialists who work closely with all the towns on varied projects and are available for assistance to all towns.

Our Board of Trustee members are:

Mr. Gilbert Blackledge, *Chairman*  
Mr. Fred Freidenfeld, *Vice-Chairman*

**1974 REPORT OF TRUSTEES FOR  
COUNTY COOPERATIVE EXTENSION SERVICE**

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town or by the Federal Government for carrying out the provisions of the law under which they are appointed.

Their agents have made contacts during the past year in every community either by public meetings, individual visits, group discussions, demonstrations or otherwise, in attempting to assist the needs of the citizens toward helping to solve management problems, better living and better community service and have been ably assisted by many local volunteer leaders.

Purchases were made during the 1973-1974 year (of 18 months) for material needed in carrying on the various Extension programs. The appropriation made by your town was used for residents of the town and expended as follows:

Books and Manuals purchased	
for Town Officials	\$ 76.13
Town Director's expense	12.00
Bulletins, Paper, etc.	11.87
Total:	\$100.00
1973-1974 Appropriation	\$100.00
Suggested appropriation	
for next 12 months —	
'75 - '76	\$100.00

## **REPORT OF THE COUNCIL FOR AGING**

To the Citizens of Hanover:

The Council for Aging increased their members to seven during 1974. Regular monthly meetings were held on the last Tuesday of the month at the Grange Hall on Circuit Street, with 95% of the members attending.

At several meetings we had special speakers on such subjects as a Mini-bus, Hot Lunches and our Senior Aide program. Housing was also discussed.

The Hot Lunches were started in September, which has proved very successful with approximately 65 in attendance weekly.

The Council is planning to make our present quarters into a "Drop-in" Center for the elderly.

Several bus trips with luncheon served at well-known restaurants have been taken by the Golden Age Club. The number taking these trips has almost doubled in the past year and we hope the coming year will be a successful one.

The 1975 meetings will be held on the third Tuesday of the month.

## **CIVIL DEFENSE REPORT**

To the Board of Selectmen and the Citizens of the Town of Hanover:

We hereby submit the following report from January 1, 1974 to December 31, 1974.

There were no declared emergencies during this period. There was one simulated emergency, "Beaufort", which was a hurricane in which Hanover was right in the middle.

We appreciate the cooperation of all the departments in the town. Without their help there would be no Civil Defense in our town.

Respectfully submitted,

Walter L. Colby, *Director*  
John Thomson, *Deputy Director*

## **REPORT OF THE PERSONNEL BOARD**

This past year has seen many problems arise. To assure that more of them will be problems of the past, the Personnel Board has worked on a complete rewriting of the Personnel By-Laws for the Annual Meeting in May. The Board has also had all job descriptions rewritten and brought up to date. This has been a time consuming task, but one that is to the benefit of employees and the Town.

We wish to thank all Boards, Committees and Officials for their promptness and thoroughness in the preparation of the job descriptions.

With circumstances changing so rapidly within the Town, we can expect another heavy work-load next year.

Again, we would like to thank everyone for their assistance this year.

## REPORT OF THE BOARD OF HEALTH

To The Citizens of Hanover:

We respectfully submit our annual report for the year 1974.

The Board meets every Monday evening at 7:30 P.M. with the exception of holidays and special meetings may be held on the following Wednesday if the Board deems it necessary and notices are properly posted.

The Board has completed the first year with a full time Health Agent which enabled us to update our inspection programs and the overall efficiency of the department. We have received considerable recognition for our restaurant inspection program and seminars which were held by the Board for all food establishment personnel within the Town.

The Transfer and Recycling Station continues to operate in an efficient manner. We are presently disposing of approximately 120 tons per week. The recycling of newspaper and cardboard are producing approximately 40 tons per week. Due to the economy the prices for recycling these materials have been reduced sharply but continues to contribute revenue to the operation. In addition the Board has added glass recycling and though there is little revenue realized from this operation it has reduced the cost of disposal. It is our hope that the citizens of Hanover will continue to cooperate with the Board and their employees in the recycling effort.

The mosquito control program was continued and the Board feels it was the most successful spraying we have had since its inception.

Mr. Briggs served on the Visiting Nurse Advisory Committee as well as the Ambulance Study Committee. Mr. Hammond served as a member of the Town's Drainage Coordinating Committee. Mr. Sullivan served as a member of the Sewer Study Committee.

70 Disposal Works Construction Permits were issued for the year 1974. The Board imposed a testing ban from June 24, 1974 to November 1, 1974. It is our plan to continue to impose testing bans during the summer months.

The Board would like to thank all Town Officials, Employees and Citizens for their cooperation in 1974.

The following complaints were processed during the year 1974:

- 50 - Communicable Diseases were reported
- 16 - Complaints of various unsanitary conditions
  - 1 - Complaint regarding the public water supply
- 23 - Sewage complaints
  - 4 - Brook and pond water complaints
  - 4 - Sub-standard housing conditions reported
  - 4 - Drainage complaints
- 85 - Dead animals picked up as health hazards
- 15 - Restaurant complaints of uncleanness
  - 9 - Mosquito complaints
- 10 - Miscellaneous complaints
- 13 - Unsatisfactory products not meeting public health standards
  - 3 - Complaints of bats and rats
  - 5 - Landlords not providing heat
  - 1 - Complaint of unsatisfactory milk
  - 1 - Neglect of elderly complaint
  - 7 - Illegal dumping complaints
  - 8 - Neglect of animals.

All complaints were followed through by our Agent and to the best of our knowledge have been resolved.

Respectfully submitted,

Frederick L. Briggs, *Chairman*  
Albert E. Sullivan, Jr.  
Edward R. Hammond, Jr.

## **REPORT OF THE HANOVER VISITING NURSE ASSOCIATION, INCORPORATED**

To the Board of Selectmen and The Citizens of Hanover:

Regular monthly meetings of the Board of Management are held on the second Tuesday of the month. Meetings open to the public are held in January and April.

During the year Board members assisted the nurse at Well-child Conferences, Pre-school Child Conferences and the Health Maintenance Conferences for the elderly.

In April all pre-school children were screened for Amblyopia in conjunction with the pre-school registration of the School Department.

In cooperation with other organizations, Board members helped with screening for Mr. Fit, a heart attack prevention program.

Camperships were awarded to five children in the summer. A total of \$1700 was given in scholarships to Hanover residents. A baby-sitting course was held for Junior High School students; sixty-five completed the course and were awarded certificates.

The Association maintains a well-stocked equipment room with sick room supplies available to any Hanover resident. Board members helped at the Glaucoma Clinic sponsored by the Board of Health. The Board cooperated with State and Federal Health Departments in testing children for lead poisoning.

Special thanks are extended to the Board of Management and to the nurses: Edna G. Anderson, R.N.; Avery Andrew, R.N.; Susan Hillman, R.N.; and Marilyn DeBoer, R.N.

## REPORT OF THE VISITING NURSE

To the Selectman, the Hanover Visiting Nurse Association, and the Citizens of Hanover:

The agency is certified (yearly) as a Home Health Agency, and offers Nursing (bedside), Physical Therapy, Speech Therapy, Occupational Therapy, Medical Social Service Counseling, Home Health Aides, and Health Supervision to residents of Hanover.

Payment for these services are most times paid for by Medical Health Insurances, Medicare, Medicaid, and various other agencies.

A total of 2298 visits were made this year, of which there was 860 Nursing, 125 Physical Therapy, 1 occupational Therapy, 163 Home Health Aides, 1013 Health Supervision, and 136 unclassified.

Eighteen Well Child Conferences were held this year. 296 children attended and received physicals, immunizations, and health counseling. The Lead Poison Testing was added this year. Dr. Mary E. Butterworth was in attendance at all conferences.

Eleven Senior Citizens Conferences were held with 253 attending. Speakers in the health field lectured at a number of the conferences.

Seventy courtesy calls were made to new babies and 32 cards were sent to families when the birth was a repeat.

Mr. Fit (Multiple Risk Factor Intervention Trial), a concentrated heart attack prevention program, sponsored by the Boston University School of Medicine was held. Many other organizations and nurses throughout the town worked with this agency on this program. 481 men and 286 women were screened and those found to be in the high risk area were referred for further screening and treatment.

The nurses have attended in-service programs, lectures, and seminars throughout the year to keep up with the latest trends in Public Health Nursing.

The Nurses' office is located at the Town Hall. Telephone hours are 8:30 - 9:00 A.M. and 1:00 - 1:30 P.M., Monday through Friday.

Respectfully submitted,

Edna G. Anderson, R.N.  
*Senior Nurse*

## **REPORT OF THE BOARD OF APPEALS**

To the Board of Selectmen and Citizens of Hanover.

The Zoning Board of Appeals held scheduled meetings at the Hanover Town Hall on the second and fourth Tuesday of each month, excluding holidays.

Seventeen public hearings were held by the Board on applications requiring approval for permitted uses, petitions of appeal from administrative officials, and petitions for variance of the Zoning By-Law. Fifteen decisions were filed at the Office of the Town Clerk as required by statute law and two cases, 74-21 and 74-22 were continued into 1975. Five applications and/or petitions were withdrawn without prejudice before a decision was made.

We wish to thank all officials and Boards of this Town for their assistance given to us this year.

## REPORT OF THE LIBRARIAN

In 1974 the circulation of the John Curtis library was 95,501. This is the largest percentage of increase in one year in the history of the library. It is also interesting that, according to figures required by the state, over 150 books each month are borrowed by people from other towns, including Norwell, Hanson, Marshfield, Scituate, Abington and Pembroke.

The Hanover Junior Women's Club has met with us monthly and the Hanover Historical Society has not only met in the library, but will be moving back into the building in 1975. We welcome them. We have also run two story hours a week for four year olds during the school year.

We wish to thank the many people in Hanover who both donated books and bought them to benefit our Air Conditioning Fund. We acquired our first unit in July and hope to get the second this coming summer so the upstairs may be used with more comfort.

As the population of the town increases and the recession deepens, the library will be busier and busier, but we welcome a visit from each and everyone of you and hope to continue our helpful service.

Respectfully submitted,

Marian V. MacDuff  
*Librarian*

## TRUSTEE'S REPORT JOHN CURTIS FREE LIBRARY

The Trustees greatly appreciate the interest and enthusiasm displayed by the people of Hanover in supporting and promoting the library's growth.

Our young men from the South Shore Vo-Tech High School are busy remodeling the basement into two rooms under the direction of Mr. Peter MacDonald and Mr. Theodore Maki. The only cost to the library is for the materials and supplies. One of the rooms is to be used by the Hanover Historical Society to display and store their memorabilia. The other room is to be used as a work and rest area for the librarians. It will contain storage facilities and a compact kitchen unit. The Vo-Tech students have also wired the air-conditioner unit in the main room of the library. This unit was paid for through the sale of used books and from donations.

The children's story hours are held twice weekly under the direction of Mrs. Nancy Grundy and have been very successful. There are approximately seventy-five children attending.

Our thanks go to the Department of Public Works who are doing an excellent job in maintaining the library grounds.

The Trustees welcome and encourage any recommendations or suggestions from the people of Hanover concerning your library.

Respectfully submitted,

Pearl A. Sapiro, *Chairman*  
Charles W. Adams, *Treasurer*

## REPORT OF THE CONSERVATION COMMISSION

To the Citizens of Hanover:

This past year has seen progressive growth of the green belt or open space areas by about another one hundred acres of some very fine upland and water retention areas. A very large piece purchased was the Clark area off King Street. A vast tract was obtained off Plain Street from Mr. Wills. We also were able to add fifteen acres to the Harrington property so now we own all the way to Summer Street.

The Scouts and other various groups have been very helpful this year as always with their many conservation projects.

Our areas this year have been used in season for skating, fishing, hiking, horseback riding, birdwatching etc.

The Commission meets at least twice a month with numerous special meetings to view problem areas as we are called on to view. Numerous hearings under Chapter 131 Section 40, the Wetlands Protection Act, have been held and decisions rendered.

The Commission wishes to point out the need for consulting engineer work due to the complexity of the wetlands hearings.

One of the leading areas to be solved will be the general business area on Route #53 on both sides.

We wish to thank all the Town Departments and the many interested citizens for their cooperation.

## REPORT OF HANOVER HOUSING AUTHORITY

The Housing Authority has continued its efforts to obtain approval from the Department of Community Affairs for an Elderly Housing Project of 80 units. At the time of the writing of this report, a proposal is pending before the D C A and we are quite hopeful that preliminary approval will be forthcoming in the near future.

During the past year the Housing Authority was saddened by the deaths of two of its members, our original Chairman, George Savage and Frederic Smith; and further by the resignation of Jean Souther who moved from Hanover. All three had

been original members of the Authority and had spent many hours of hard work without an opportunity to see any tangible results. They will be missed and in the future the townspeople will be the beneficiaries of their efforts.

The Authority has entered an agreement with the South Shore Community Action Council for assistance in administering the program for rental housing under Chapter 707 of the General Laws. Through our joint efforts, help was rendered to several needy families.

With the announcement by the State that more funds will be made available for public housing, we are optimistic that there will be some favorable action on our request.

## REPORT OF THE BUILDING INSPECTOR

To the Board of Selectmen and Citizens of Hanover:

The nationwide decrease in the construction business during 1974 had little affect in the Town of Hanover. Even thou the majority of surrounding towns showed a substantial decrease in building during 1974 Hanover showed an increase.

On March 27th of 1974 a new Sign By-Law was approved by the Attorney-General. The enforcement of this By-Law was placed under this office and many non-conforming signs were removed and replaced by those conforming to the new By-Law. Sign Permits issued under the new By-Law totaled 59 in 1974.

The new dwellings constructed in Hanover over the past ten years are as follows:

1965 - 159	1970 - 61
1966 - 84	1971 - 64
1967 - 106	1972 - 15
1968 - 146	1973 - 42
1969 - 127	1974 - 53

The Building Permits issued in 1974 were as follows:

New Dwellings	53
Accessory Buildings	16
Additions, Remodeling	48
Business Buildings	25

Signs	59
Swimming Pools	40
Miscellaneous	<u>7</u>
<b>Total</b>	<b>248</b>

Building Permit and Sign Permit Fees collected by this office in 1974 totaled \$5528.50 and this amount was turned over to the Town Treasurer. The total estimated value of new construction in 1974 was \$3,505,155.00.

This office appreciated the cooperation of the Plumbing and Wiring Inspectors and the Board of Health Agent during 1974.

This office is located on the second floor of the Town Hall and is open Monday through Friday from 8:30 A.M. to 12 noon and 1 P.M. to 4:30 P.M.

## BOARD OF PUBLIC WORKS

Board of Selectmen:

Submitted herewith is the Annual Report of the Board of Public Works. Due to the change in the fiscal year, I am sure that your Board appreciates that this report concerns activity for only six months of the present fiscal year and the closing of the 18 month transitional fiscal period.

Since the last report, a full-time Superintendent of Public Works has been engaged in organizing & coordinating the divisions that made up the separate entities which existed prior to the establishment of a Board of Public Works. This is an on-going effort, and the Board is generally pleased with the results over the first year and trust that in the future the public will begin to realize the advantages to be gained from having a coordinated Department of Public Works.

All of our divisions ended up the 18 month fiscal period well within budgetary limits, and a resulting surplus was recognized which was returned to the E and D fund except for the surplus water revenue which is held for future appropriations for that division's operations.

A few brief observations about the divisions is set forth.

### HIGHWAY DIVISION:

Continued reconstruction and improvement to the town's highways was carried on during the past year. Complete reconstruction was finished on Plain Street and Cedar Street, except for a final coat of asphalt on a portion of Spring Street. The

sidewalks were completed on Cedar Street and the initial drainage system for the complete reconstruction of Summer Street was commenced.

In addition, the Highway Division was involved in several drainage projects.

New equipment purchased at the last Annual Town Meeting, most notably a vacuum sweeper is performing well. The sweeper resulted in a considerable reduction of man hours involved in the annual clean-up of the roadsides in the Spring.

Another mild winter has resulted in a savings in the snow and ice account, which is helpful considering the over-all increases in costs of operating and purchasing supplies and materials.

### **WATER DIVISION:**

During the past year the complete meter billing program was installed and is operating with what appears to be success and overall acceptance by the residents of the town.

The new water treatment plant was dedicated and open for public inspection at a ceremony at which Congressman Gerry Studds was the principal speaker. The town was fortunate to receive a 50% federal grant for this project.

As the operation of the treatment plant goes on into the last of its first year, it is apparent that the extremely high cost of electric power and chemicals will cause the expenses for operation of the plant to exceed all projections. The fuel adjustment on electric power will cause the cost of electricity to double over our past projections, and the increase in cost of chemicals in some items is as much as 200% to 300%. It is hoped that our revenues will prove sufficient to avoid an increase in water charges, although it appears inevitable that at sometime soon a decision will have to be made whether or not to increase water charges or subsidize the water division operation from general tax revenue.

The cleaning and painting of the School Street water tank has been completed and a request for continuance of the cleaning and painting program will be made in the budget for the next fiscal year.

Seismic surveying for water sources continued at the close of the last fiscal period, and will continue to be a budgeted item in order to identify as many as possible potential water sources in the town.

Expenses for exploration in this fiscal period and other engineering expenses will be delayed and may have to be deferred in order to balance the budget due to the increased costs of operating the treatment plant caused by the cost of electric power and chemicals which I have mentioned.

### **TREE DIVISION:**

The Tree Division continued its usual spraying program and a modest program of removal of diseased trees and setting out new trees. Roadside trimming was carried on whenever possible within budget limitations.

Reorganization of this division with the Cemetery, and hopefully within another year, certain maintenance functions for the Playground and Conservation Commission will upgrade the programs and efficiency of the Tree Division.

Reorganization of this type will necessarily incur added expense, and the Board of Public Works is moving cautiously in this area considering the current economic situation.

#### **CEMETERY DIVISION:**

The Cemetery Division has been most active in the past year carrying on the expansion of the Cemetery in Center Hanover to a point where the expansion will be complete in the Spring of this year. The new additions, Sections 12 thru 19, adds approximately 600 new lots. Under new regulations adopted by the Board of Public Works these lots will be available in multiples of two rather than the three and six grave lots as were available in the past. This policy appears to be more in line with current family situations and should result in a more efficient use of space and avoid the possibility of having numbers of unused lots for many years.

A new rate schedule was adopted by the Board of Public Works setting forth a new policy whereby one-half the cost of a lot is automatically paid into a perpetual care account, which in the long run will result in all of the lots having perpetual care and building a perpetual care fund which will have income sufficient to defray a large portion of the costs of operating the cemetery.

## 1974 ANNUAL SCHOOL REPORT

Individuals learn, and a school system, its curricula and activities all are geared to make it possible for each individual to learn as well and as much as he or she can. This 1974 Report emphasizes some of the activities that affect the quality of learning by individuals this year past.

The better organization of subject matter and activities is the single most important thing a system can do to provide for the needs of each individual. This year several of the major goals published in Hanover's *Educational Objectives* were organized. To improve the student's ability to communicate effectively, the Language Arts curriculum, grades K-5 was improved. In a mechanistic society there is a greater need than ever before for communication between people, "little people" as well as adults. It is subsumed that communication will influence a child's future more than any other area of the curriculum. Besides curriculum change, many specific actions occurred. Parents visited elementary schools to explain their hobbies and occupations thus expanding horizons while cementing parent-child, home-school understandings. "Humanities Night" and many other activities where children communicate with adults, a student-parent Book Club, older youngsters working with younger children on projects, Bicentennial Week preparations, more musical performance, Learning Contracts that place individual responsibility on the learner for accomplishment of a set of tasks tailored to his needs and abilities are but some implementing activities in the elementary schools. In the middle grades stress was placed on basics in such areas as spelling and improved teaching techniques. In grades 11 and 12, both English and Social Studies courses are now on a semester basis allowing for a greater range of subjects and more flexibility for the student. This has led to more courses being taken and some specialization and acceleration for individual students. Foreign language offerings now allow for five years of both French and Spanish with conversational language in both subjects being offered also. Late afternoon and evening courses are now being taught in several subjects to expand both the subject and scheduling options at the high school. This development can lead to more course offerings and a solution to the space problem as enrollments continue to increase.

The science curriculum, grades 6-12 was also revised in accordance with the five year general curriculum development plan. Through a variety of coordinated activities, experiments and readings, each young person is encouraged to improve his scientific approach both to his/her interest and appreciation of science and in his application of scientific methods to life. These courses, and the ones developed earlier in English, social studies and math establish achievement levels. This accountability should do much to show students, parents, teachers and the general public the level attained by students, individually and collectively.

This year has seen a renewed interest in job training and career development. There was a 14 per cent decrease of graduates going on to higher education but 51 students found full-time employment upon graduation. Courses in typing increased markedly in the high school and 40 students are currently enrolled in a work-study high school program. Distributive Education continues with full enrollment. All students are employed in addition to completing studies at school. The career education trailer was obtained, equipped and is now in operation beside the high

school manned by volunteer staff members. A career information night was held for parents of eighth graders, a part-time vocational education counselor operates in the junior high and career education is emphasized also in the elementary schools.

The physical education and athletics program has been reorganized to provide continuous progress for each child from kindergarten through twelfth grade. The basic concepts and activities are rhythms, gymnastics, individual and dual sports and team games. The program should help achieve pertinent educational objectives developed in the 1973 master plan. Some new activities in the physical education program includes co-ed physical education classes in the high school. A three-season intramural program at the junior high has 65 per cent participation while a volunteer after school swimming program and special gym classes for children with coordination problems are extra features at Cedar School. The athletics program has both expanded and excelled this year. Girl's gymnastics has become an interscholastic sport. Another fine gym show capped the junior high winter physical education program. A late afternoon gymnastics program for girls of grades four and five was begun through the Extended Opportunities Division of the schools, along with a variety of programs for adults interested in physical education and sports. A girl's JV softball team was organized this year extending the sport to youngsters of a wider skill range. Hanover's athletic teams continue to emphasize participation of young people with all levels of skill but the varsity teams receive most public recognition. The ice hockey team won the league title in its third year of operation. Girl's basketball won both the league championship and the Eastern Mass. title. The fall cross country team also was Eastern Mass. champions and the soccer team won the league title and took part in the Eastern Mass. tourney. The football team, for the second straight year, won both the league title and the Eastern Mass. Superbowl game in Division IV.

Providing for the individual learning of each young person with special needs was a major goal as mandated by an act of our legislators effective this fall. As defined by the law, about 10 per cent of the population is entitled to special services. The law also extends these benefits to those from ages three to twenty-one. Much time and money was spent planning and implementing the program in Hanover but, as always, there is more that should be done. First comes a full or intermediate evaluation of the child. This involves a group of specialists working with the parent and child. It takes from 12 to 20 hours to complete and costs \$200. to \$300. To date 59 full and 168 intermediate evaluations have been completed and more are being done. Next comes the providing of added services as directed by the evaluators. This may vary from extra tutoring to special help for handicaps within the mainstream of an educational program. More complicated are the situations where transportation and treatment is needed at a variety of day and residential centers throughout the state, with a few even out-of-state. This mandated, individualized program, while of great help in education these deserving youngsters can add hundreds of man hours of staff time and thousands of dollars per child in educational costs.

Part of the individualized services involved the youngest children. A census of preschoolers is done each year with followup of youngsters with special needs; parents seeking help for such children should contact the Superintendent's Office. Many programs have been arranged for preschoolers in hopes that their needs can

be met more easily and effectively at a young age. An extensive kindergarten orientation program is in operation and special programs are offered by speech and hearing teachers aided by trained volunteers. Large and small groups and individual session with Guidance and Health Specialists are provided to help children better understand themselves and to improve their self image. Other health workers aided by volunteers run programs as varied as a scoliosis detection clinic or a blood donor program for high schoolers.

Providing the great variety of services for individuals meant much staff training and administrative reorganization. In-service time, when students are released, was invaluable in providing workshops for teachers, orientation sessions, full courses preparing for the special education programs and even a two-town staff meeting for professional improvement. There were in-service and evening credit courses on humanizing the classroom, combining theory with daily application. Expanded parent services and conferences occurred in these afternoon and evening periods when the staff was freed to help youngsters by working closely with the parents. There was further refinement of interdisciplinary team teaching in the junior high while at Sylvester School both team programs were organized for many students with improved self-contained classrooms for pupils who need the more structured situation. The junior high principal received the Annual Award of the MACLD for services to special needs pupils at his school. The administrators with the superintendent began a management-by-objectives approach to their own professional development. A planning-programming-budgeting-system is being developed by key staff members which should produce better financial planning and more effective use of available resources throughout the system.

This school year was determined to be one of austerity with limited budgets and no new staff, despite the increasing school population and demands for new programs, based on legislative and state mandates. Energy restrictions limited night use of schools, heat and lights were kept to the minimum and changes were put off for another year. Two fires in Curtis School did result in renovation to the basement section, but the school paper supplies not completely burned were used by students where appropriate. Each school had a drive to conserve paper and other supplies.

The Hanover Schools are dedicated to helping individuals learn — each to his or her full capacities. The true test of our efforts will not be found in budgets, or records, or statistics but in the kind of person our graduates become.

## **REPORT OF THE COMMITTEE MEMBER FOR HANOVER OF THE SOUTH SHORE REGIONAL SCHOOL DISTRICT**

There have been a number of happenings this year which may be of interest to the town.

1. For the first time, we have had applications from girls and two have been admitted, one in electronics and one in drafting.

2. We have started experimental courses in four subjects: auto body repair, carpentry, auto repair and welding. Three other courses were offered, but too few students applied to make them economical to operate. Unfortunately, the courses chosen are trades in which it is difficult to find employment.
3. The three year courses started several years ago have proven to be viable additions to our offerings. Some students have been able to transfer to the four year courses as openings became available.
4. In accordance with Section 38M of Chapter 71 of the General Laws (g.l.) a student advisory council has been elected and at least one of it's members has attended most every school committee meeting since January 1974. This has been a satisfactory innovation in my opinion.
5. At the state level, Commissioner of Education Anrig, is doing some things which should have been done long ago. For one, he has had legislation passed which changes the emphasis for teacher certification to ability to perform rather than to just take courses at some school of education. This has been long overdue.
6. The department has also contracted with several companies in the Boston area to assume the responsibility of teaching the students. This is necessary as Mrs. Ann Hardenberg of the Board of Education stated because "Education is too important to be left just to educators." To which I say amen.

Respectfully submitted,

V.F. Harrington

## **SOUTH SHORE REGIONAL SCHOOL DISTRICT TREASURER'S REPORT**

### **Fiscal Period January 1, 1973 to June 30, 1974**

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6, 1960, I submit herewith details of the January 1, 1973 thru June 30, 1974 financial transaction of the School District.

Details are presented with respect to the January 1, 1973 to June 30, 1974 (18 months fiscal period) of estimated expenditures and their apportionment to member towns, actual receipts and expenditures, and a balance sheet and statement of outstanding debt as of June 30, 1974.

Total operating expenditures for the fiscal period were \$1,235,746.27 which involved salaries and wages of \$950,930.53 and other expenses of \$284,815.74 details of which are shown in the expenditure schedule.

Capital Outlay for the fiscal period involving cost of new equipment was \$62,674.01.

On May 31, 1973, a total amount of \$6,572.65 involving wage increases for the period September 1, 1973 thru November 13, 1971 was paid to all employees of the School District and charged to Surplus Revenue in accordance with approved Massachusetts legislation. This resulted from a favorable decision by the Federal Office of Wage Stabilization Cost of Living Council under date of April 30, 1973, whereby approval was granted to pay wage increases for the above stated period, after an appeal by the South Shore Regional Vocational Teachers Federation had been previously denied by the Internal Revenue Service.

Various additional expenditures under self-explanatory titles were made as per details set forth in the expenditure schedule.

Surplus Revenue was determined to be \$449,718.60 as of June 30, 1974 and was derived from the following sources:

Balance January 1, 1973		\$231,638.32
Additions:

**REPORT OF THE TOWN ACCOUNTANT**  
**For the Fiscal Period January 1, 1973 to June 30, 1974**

Board of Selectmen

I submit, herewith, the report of the Town Accountant in accordance with Chapter 41, Section 61, of the General Laws of Massachusetts for the fiscal period ending June 30, 1974, showing in detail the receipts and expenditures of the various Town Departments. Also included is a Balance Sheet showing the General Accounts, Debt Accounts, Trust Funds and Federal Revenue Sharing Fund for the fiscal period ending June 30, 1974.

The accounts of the Treasurer and Tax Collector were found to be in agreement with the amounts shown in this report.

I would like to publicly thank all of the various Town Officials for the cooperation they have extended to me throughout the period.

Respectfully submitted,

John A. Ashton  
*Town Accountant*

## **REPORT OF THE DEVELOPMENT AND INDUSTRIAL COMMISSION**

To the Citizens of Hanover:

The Development and Industrial Commission meets at the Town Hall on the third Monday evening of each month.

Anyone having business with the Commission may make an appointment through the Selectmen's office or any member of the Commission.

Heavy trucking on residential streets is an increasing problem and the Selectmen and D.P.W. have asked the Commission to seek ways to ease the situation.

Pursuant to this we have met with several business and industrial people over the past months. They recognize the problem and are eager to work with us to find a solution. Hopefully we will have recommendations to make by late summer or early fall. In the meantime any positive suggestions from you will be gratefully received and thoughtfully considered.

Respectfully submitted,

Philip T. Frank, *Chairman*  
John Crafts  
Carol Monahan  
William McKnight

## **REPORT OF THE DEPARTMENT OF VETERANS' SERVICES**

Benefits provided to needy Veterans of the Town of Hanover in accordance with Chapter 115, General Laws, Commonwealth of Massachusetts as amended, was approximately \$67,000.00 during the eighteen month period 1973-1974.

The Office of Veterans' Services also provided to Veterans of Hanover and their dependents information, advice and assistance to enable them to gain the benefits to which they may be entitled relative to compensation, pension, hospitalization, education, and other benefits provided by the United States Veterans' Administration.

Office hours at the Town Hall are each Monday and Thursday evening from 7 to 9 P.M.

I again wish to express my sincere appreciation to the members of the Board of Selectmen, the Advisory Committee, the Town Accountant and to other Town Officials for their cooperation and guidance.

Respectfully submitted,

Edward J. Norcott  
*Director of Veterans' Services*  
*Veterans' Agent*
