# REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Hanover:

We respectfully submit the One Hundred and Thirty-Second Annual Report of the Officers and Committees of the Town of Hanover for the year ended December 31, 1984.

Frederick L. Briggs did not seek reelection to the Board of Selectmen. He served nine years on this Board with distinction, after having served nine years on the Board of Health. We, who served with him, enjoyed it and gained much from his knowledge of business and town affairs.

This 1984 Town Report is dedicated to Thomas Drew Bates who died on July 7, 1984, after serving for 15 years as Fire Chief, 32 years as a Part-time Police Officer, and 25 years as Supervisor of School Maintenance. We miss Drew and are grateful for his many years of service in so many areas.

During 1984, the Town lost several other active or retired public servants. They were:

Yolanda M. Colombo, who was appointed to the Hanover Housing Authority by the State, after many years of interest in environmental, political, civic and conservation matters. The Town has lost a vital, interested citizen.

Kenneth J. Kelley, a member of the Council on Aging, was involved in elder affairs, serving on the local, state, and national levels, after a lifetime career in labor concerns.

Frederick M. Barnicoat was prominent in Town government in the thirties, serving as a Police Officer, member of the Advisory Committee, Town Moderator, and as Selectmen/Assessor/Board of Public Welfare Member, when those three positions were combined. He was also elected and served as State Representative.

Timothy P. Cardwell, a Call Fireman with Station 1, died early in the year.

Our sympathy goes to the families of all these public servants.

We want to acknowledge those who have resigned appointments on various committees because of changes in circumstances:

G. Elliott Robinson resigned as Trustee of the Public Library after many years of valuable service.

Donna B. O'Neill has moved to Norwell, and has resigned from the Planning Board.

James E. Thompson has resigned from the Board of Appeals after more than twenty years of dedication, because of relocation.

Barbara Fishwick resigned from the Council on Aging, and as Representative to Old Colony Elderly Services.

Preston A. Landers, Sr. resigned from the Development and Industrial Commission.

Honore Taylor resigned from the Advisory Committee.

Elaine Antoine resigned from the Town Government Study Committee.

We thank them for the time and effort they have devoted to these positions, and would welcome any of them back if they should be in a position to serve once more. The town has benefitted from their generosity in sharing their expertise in so many fields.

Some of the positions have not been filled. We are always looking for citizens who wish to become involved in the many positions which are vacant during the year.

Phase I of the traffic study on Route 53 has been completed and presented to the State Department of Public Works for approval. We will continue to work toward a solution of the traffic problems which beset the town in this and other areas.

Special tribute was paid to Henry Newcomb, who is still very active with the Council on Aging, for his many years of service to the Town in this and other functions such as Emergency Communications Center Committee and Sealer of Weights and Measures.

With the help of Lawrence Slaney, Veterans Agent Edward Norcott, and the Veterans organizations, the Memorial Square in honor of Kenneth Pratt, a World War II Veteran, was dedicated on Veterans' Day. This dedication had been delayed for many years, and we were proud to take part in paying this Navy man the respect and tribute long due him. The square is combined with the memorial to Thomas V. Rubicus. They were boyhood friends, and both lost their lives in World War II. They lived in the Drinkwater section of Hanover, where their memorial square is located.

The Selectmen meet on Monday evenings at 7:00 P.M. Our meeting is open to the public and the press. We negotiate labor contracts with various town labor unions. We conduct public hearings on licensing matters relating to Alcoholic Beverages, Automobile Dealers, Gasoline Stations. During the year we issue proclamations to honor organizations, people, and events. We thank the employees, officers, and citizens of the Town for their cooperation and support.

Respectfully submitted,  
BOARD OF SELECTMEN

A. Donald Deluse  
Janet W. O'Brien  
Robert J. Nyman

## REPORT OF THE TOWN CLERK

To the Citizens of Hanover:

Presidential Election years are extremely busy years for this office. The percentages of turn-outs for this year's four elections are as follows: Federal Primary 26%, Town Election 44%, State Primary 50% and Presidential Election 86%. We had no long waiting lines thanks to the many people who voted during the daytime hours.

I want to thank the election workers for their efforts in helping to make the elections proceed so efficiently.

Barbara Baldwin, who attends Westfield State College, worked in this office during her summer vacation. The work she did was used as part of one of her courses at school. While working in this office she spent much of her time on a list of names of Veterans' buried in the Hanover Cemetery. Her work was very much appreciated.

On behalf of the Town I would like to express my sincere thanks to Mr. & Mrs. Jean-Francois Menard and Mr. David McKee for their thoughtfulness in presenting to the Town many old books and documents of great interest.

Town Clerk receipts for the Calendar Year 1984 were as follows:

## Journal of Presidential Primary Held Tuesday, March 13, 1984

The meeting of the Presidential Primary was called to order, Tuesday, March 13, 1984, 6:00 A.M. by John W. Murphy. The following election officers having been previously sworn, were present: Precinct 1 — Warden, Marjorie Thomson; Deputy Warden, John Thomson, Clerk, Philip Woods; Deputy Clerk, Sue Kelley; Inspectors, Marjorie Bryant and Lily Bostic; Deputy Inspectors, Ruth Thompson and Emma Laidlaw. Precinct 2 — Warden, Wallace Lindquist; Clerk, Joseph E. Hannigan; Deputy Clerk, Maurie Conlon; Inspectors, Barbara Smith and Jean Ahern; Deputy Inspectors, Bessie Buxton, Dorothy Kelley and William Michalowski. Precinct 3 — Warden, Kenneth Lingley; Clerk, Marie Forry; Deputy Clerk, Charles Conlon; Inspectors, Edith Bates and Josephine Kendrigan; Deputy Inspectors, Shirley Blanchard and Sally Murphy.

The ballot box was inspected and found empty. After being locked the keys were turned over to the Police Officer in charge. The polls were declared open and remained open until 8:00 P.M., when it was declared that they close. Ballot box #2 malfunctioned and seven (7) ballots were not recorded on the counter.

The following tellers were sworn to the faithful performance of their duties: Precinct 1 — Carol Huban, Maria R. Monks, Marilyn Fuller, Walter McDonough, Marilyn Pratt, Deirdre Taylor, Charles Fuller, Edward Hannigan, Richard Reed and Joel O'Brien. Precinct 2 — John B. Lingley, Joan Giroux, George Johnston, Robert O'Rourke, Charles Bradford, Barbara Tyrie, Michael O'Malley, Maryann Sullivan, Roberta Reed and Louise Ripley. Precinct 3 — Harry Monks, Joseph Zemotel, Margaret Zemotel, Judith McCormack, Marjorie Abbot, Prescilla Anderson, Donna Hoadley and Diane Campbell.

The results of the balloting was as follows:

## **Journal of Annual Town Meeting Held on Monday, May 7, 1984**

The Annual Town Meeting at Hanover High School was called to order by George H. Lewald, Moderator at 8:15 P.M., Monday, May 7, 1984, with 315 voters present.

The Town Clerk reported that the Warrant had been served and a return made as required by the Town By-Laws.

Rev. Frank S. Sparks of the first Baptist Church of Hanover offered the invocation which was followed by the pledge to the flag.

At this point in the Town Meeting the Advisory Board Chairman, Gerald Huban recognized the Capital Improvement Planning Committee and spoke highly on their work compiling their Annual Report and the work they had done since the conclusion of last year's Town Meeting.

**VOTED:** That the Town so do.

### **A TRIBUTE TO FANNY HITCHCOCK PHILLIPS**

Fanny Phillips was known and beloved by hundreds if not thousands of people. Those who knew her best affectionately referred to her as "Aunt Fan". She was, simply put, a remarkable woman. One member of this committee said, "She was the only female Renaissance Man I ever met".

Her varied interests and concerns spanned a range from amateur dramatics to gardening . . . from history to her church. She was by profession a teacher. She was by nature an activist in any cause that she joined.

Aunt Fan was born on September 18, 1888 in Hanover. She graduated from Hanover High School, class of 1906. She attended Thayer Academy, received her Bachelor's degree in 1911 and her Master's in 1914 from Radcliffe College. Her teaching career began at Thayer Academy in 1911. From 1914 to 1917, she taught History & English at Rest Haven School in Mendon, Massachusetts.

It was at this time that she started her 31 years of teaching at the Brearley School in New York City. History and History of Art were her subjects. She ended a distinguished career in 1948 as Associate Head of the school.

Aunt Fan was a world traveler. Her sabbaticals were spent in Europe. She spent a full year in Italy and the 1925/1926 academic year at the American Academy in Rome.

Aunt Fan really never left Hanover in her heart and she physically returned in 1948 to nearly four decades of active service to the community. Her family had always been involved with the John Curtis Library and she followed her uncle, her father and her sister as a Trustee. She served for 14 years and frequently hosted meetings at her home. The Phillips Room is a fitting memorial to her and her family.

To most of us, Aunt Fan's home epitomized the Hanover Historical Society. She served as its President and became its President Emeritus. She edited and wrote parts of the History of Hanover from 1910 to 1977 for the Bicentennial Celebration. She was Honorary Chairman of both the Bicentennial Committee and the 250th Anniversary Committee. In her case, the title "Honorary" merely meant she had to do more work than anyone else.

In collaboration with Anne Henderson, she produced a special 1850 Map of Hanover which is proudly displayed in many homes today.

When the Town purchased the Historic Stetson House, Aunt Fan was included in the Charter Membership of the Friends of the Stetson House, Inc., an organization which was set up to help maintain and utilize the property.

She was instrumental in securing the Morrill Allen Phillips Wildlife Sanctuary, a 40-acre site donated to the Town in memory of her father.

Her interests included work for the Visiting Nurse Association and she was a 50-year member of the Chief Justice Cushing Chapter of the DAR, serving as Chapter Regent for three years. She served two terms as president of the Hanover Garden Club and as recently as two years ago won a Blue Ribbon for her roses.

She was the official historian for the Visiting Nurse Association, the Historical Society, the Garden Club, the John Curtis Free Library and St. Andrew's Church.

This reminds us that Aunt Fan was a lifelong parishioner and supporter of her church. She was the first woman elected to the Vestry and was president of the Altar Guild and Woman's Guild. She served as chairman of the Southeastern District of Episcopal Church Women.

Aunt Fan lived a long and fruitful life. Her last public appearance was just about a year ago when, the day before her death, she fulfilled her inevitable civic duty by voting in the Town Election. We miss her and the Town is poorer for her loss. But we are gladdened by having been fortunate to know her and all of us are far richer as a result of her presence.

We respectfully move that this Town Meeting vote to accept this tribute, include it in the minutes of this 1984 Meeting and that a copy be presented to her family.

Respectfully submitted:

John S. Goldthwait, Hanover Historical Society

Esther T. Josselyn, Cushing Chapter, DAR  
Rev. Robert A. Mackie, St. Andrews Church

### **A TRIBUTE TO PAUL H. KENDRIGAN**

Paul H. Kendrigan was well known and highly respected by all who knew him.

He served the townspeople well as Veterans Agent for many years, and on the Board of Registrars.

He was Commander of the American Legion at the time of his death, and had served in that capacity several times previously.

He was Chairman of the Legion Housing for the Elderly. This development was a great accomplishment for our Town's elderly, and was the first such development in the country sponsored by the American Legion.

He was always supportive of the youth of our town.

He was a good friend and conscientious servant of the citizens of the Town of Hanover.

We wish this tribute to be made part of the official records of this Town Meeting of May 7, 1984.

Board of Selectmen

Frederick L. Briggs  
A. Donald Deluse  
Janet W. O'Brien

At this time Moderator, George H. Lewald also expressed his feelings and appreciation of Paul Kendrigan for his conscientiousness and job well done over many years.

Hanover High School students serving as Selectmen and Accountant as Student Government Representatives were introduced.

A. Donald Deluse read this letter of appreciation for Frederick L. Briggs.

On the occasion of the last Town Meeting of the last term of Frederick L. Briggs as Selectman, we want to express appreciation for his nine years of faithful service in that office.

He performed the duties of Selectman conscientiously and with devotion, attending meetings faithfully and considering all matters before the Board with fairness.

Even though differences of opinion arose, it was possible to work out solutions because of the ability to see both sides of an issue. We are proud of the rapport that has grown between the members of this Board, who while not always seeing eye to eye, have been able to compromise and solve problems without the recriminations, accusations, and hard feelings, which seem to be so common in other towns.

We will miss Fred, whose business experience has added a dimension which has been helpful to the Board. We hope he will consider public office again after a brief respite.

Although issues that come up in the course of a Selectman's duties often present a very serious challenge to the entire Board, there have been many lighter moments that have made serving with Fred a pleasure.

It is appropriate that we are paying tribute to Fred on the last day of Student Government Week. His interest in government was started through a similar program when he was in school. He was instrumental in reviving the custom of Student Government Week, which we now hold annually at Town Meeting time.

On behalf of all the Citizens of Hanover, the remaining members of the Board of Selectmen pay tribute to Fred, and ask all present to join in thanking him for his years of service to the Town of Hanover.

Sincerely,

A. Donald Deluse  
Janet W. O'Brien

## **ARTICLE 2**

To hear reports of the Committees and act thereon, or take any other action relative thereto.

**VOTED UNANIMOUSLY:** That the Town so do.

## **TOWN GOVERNMENT STUDY COMMITTEE**

To the citizens of the Town of Hanover,

Since last year's Town Meeting, the Town Government Study Committee has continued in its efforts of studying the various government organizations to determine whether some consolidation or other change could prove to be beneficial. Our attention this past year has been primarily focused on the transfer station. The study, now well underway, is considering 1. what changes, if any, should be made to enhance transfer station operations and 2. whether it would be advantageous for the day-to-day supervision of this facility to be transferred from the Board of Health to the Department of Public Works.

With regard to the first objective, the committee is in the process of preparing a report to be submitted to the Board of Health and others. The report will set forth several recommendations which we believe will reduce costs or improve transfer station operations if implemented.

Concerning the second objective, the feasibility of having the Department of Public Works administer the transfer station operations is still in the process of being deliberated. A number of questions have been raised during our various meetings which require further research. We now expect that a decision whether such a change is desirable will be made during the forthcoming year.

Lastly, we would like to extend our sincere thanks to the Commissioners of the Department of Public Works, Members of the Board of Health and all others in town government with whom we have worked this past year. Your efforts on our behalf are, once again, most appreciated.

Respectfully submitted,

Richard B. Smith, Chairman  
Wallace L. Lindquist, V. Chairman  
Elaine L. Antoine, Clerk  
David G. Butterworth  
Walter I. McDonough

#### **BY-LAW STUDY COMMITTEE**

During the past year the By-law Study Committee has, in addition to reviewing and monitoring the bylaws, researched the statute laws and other town bylaws on such widely related areas as helicopter landing pads, gun control and town meeting procedures. We are presently engaged in the formulation of a bylaw concerning the quorum and some of the other procedures that are followed at our Town Meeting.

We offer our services to any organization of Town government which would like aid in researching or writing a by-law. These services are also extended to any citizen or other organization in the Town.

We ask that the Town consider this as a report of progress.

Respectfully submitted,

Donald W. Moores, Chairman  
William N. Middleton  
Kathy C. Gilroy  
Edward S. Vaughn, Jr.  
William B. Sides

## **CABLE TELEVISION STUDY COMMITTEE**

Pursuant to Article 14 in the Town Warrant of October 1980, the Selectmen appointed the Cable Committee and our work began. An extensive study was done into the cable television industry and the needs of the Town of Hanover. The Commonwealth of Massachusetts has a By-law outlining the procedure, and the company selected was County Cable Television of Hanover.

It became clear to us that a regional cable system was necessary for the survival of cable television in Hanover, as well as in all of the South Shore communities.

County Cable Television of Hanover is a partnership with Bay Cable Associates, who also own the Weymouth system. There are five Founding Limited Partners who are all long-time residents of our Town. Before the final license could be signed, it became evident additional financing was necessary.

Fortunately for Hanover, that came from American Cablesystems, a company that is blanketing our area with cable TV, from Milton, Quincy, Hull, Hingham, Cohasset, Scituate, Norwell and now Hanover. Our service will come from satellite reception facilities on the Norwell-Scituate line.

County Cable Television of Hanover is owned and operated by Bay Cable Affiliates with American Cablesystems as an Investor Limited Partner. County Cable purchases cable service from them. The final license was signed last October 26th and construction began just before Christmas. The first subscribers received service on April 9th and about 40 homes now have cable. The installations will soon be at a rate of about 10 a day. Installations have started in the North Hanover area and will work southward. Installations of strand cable through-out the Town is almost complete. The electronics have been installed on some poles and installations are proceeding. Sales marketing has begun. An office has been opened at 193 Rockland Street. The entire Town should be completed by October 1st or sooner.

As chairman of the Cable Committee, I would like to thank the members: Guy Evans, Gerard Malnati, Edward McVinney, Steven Parsons, and Joseph Zavalia. Any one of us will be happy to answer any questions you may have.

Respectfully submitted,

W. Scott Obreza

The Moderator, George H. Lewald outlined the procedure to be followed at the meeting in accordance with the Town By-Laws. He explained his job and the responsibilities of the Advisory Committee. He introduced the members of the Advisory Committee.

### **ARTICLE 20**

To see if the Town will vote to amend the By-laws of the Town of Hanover by adding Chapter 4-15, Fire Chief and Deputy Fire Chief as printed below, or take any other action relative thereto.

Board of Selectmen

#### **4-15 Fire Chief and Deputy Fire Chief**

##### **Section 1.**

There shall be a Fire Chief and Deputy Fire Chief appointed by the Board of Selectmen for an indefinite term, subject to a six-month probationary period.

##### **Section 2. Qualifications**

The Fire Chief and Deputy Fire Chief shall be appointed on the basis of their qualifications and fitness for service. The Chief shall have a minimum of five years experience as a Full-time Firefighter, have attained at least the rank of Lieutenant, and have served at that rank or a higher one for a minimum of one year.

The Deputy Chief shall have a minimum of three years experience as a Full-time Firefighter.

Other desirable qualifications for either position shall include the ability to communicate effectively both orally and in writing, have proven supervisory abilities, and be able to develop and implement a budget.

The Board of Selectmen may establish other criteria for these positions to assure the selection of qualified persons to administer the Department.

##### **Section 3. Authority**

The Fire Chief shall have that authority granted to him under the provisions of the Massachusetts General Laws, Chapter 48, Section 42A and 43, which was accepted by vote of Town Meeting in 1976.

#### **Section 4. Duties**

**The Chief shall manage the overall operations and personnel of the Fire Department and include the following duties:**

**a. The Chief shall maintain departmental discipline, assign shifts and duties, and have all other disciplinary authority as conferred upon Fire Chiefs by Massachusetts General Laws.**

**b. The Chief shall be responsible for the proper maintenance of property in the care and custody of the Department.**

**c. The Chief shall be responsible for all departmental expenditures, disbursements, and collected funds in accordance with Massachusetts General Laws and By-laws of the Town of Hanover.**

**d. The Chief shall prepare a proposed budget for the department annually.**

**e. The Chief shall make such reports of departmental activities as may be required by the Board of Selectmen.**

**f. The Chief shall perform or cause to be performed all fire related duties and tasks considered necessary by the Board of Selectmen, not in contravention of the Massachusetts General Laws.**

**g. The Deputy Chief shall work under the direction of the Chief, and the Chief may delegate to the Deputy Chief such duties and responsibilities as he deems necessary to insure the proper administration of the Department.**

#### **Section 5. Suspension or Discharge**

**a. During the probationary period, the Board of Selectmen may suspend or discharge the Fire Chief without a hearing prior to such action. Within twenty-four hours, the Board shall notify the Chief in writing, of the reasons for the suspension or discharge. In the event of discharge or a suspension of greater than five working days, the Chief may request a hearing in accordance with Paragraph c.**

**b. After the probationary period, the Fire Chief may be suspended for more than five working days, only after prior notice is given by the Board of Selectmen. The Chief shall be entitled to a hearing in accordance with Paragraph c.**

**c. After completion of the probationary period, the Fire Chief can be discharged only for just cause. The Board of Selectmen shall forward written notice of discharge, together with the reasons therefor to the Fire Chief within twenty-four hours of the decision. Within seventy-two hours, the Fire Chief may file a written request for a hearing. The hearing shall be open to the public if so requested by the Chief. The Chief shall be entitled to legal counsel at the hearing, and the hearing shall be informal subject only to the rules of procedure established for regular meetings of the Board of Selectmen. Said hearing shall be held within five days of receipt of a written request. Within seven days of the hearing, the Board of Selectmen shall**

confirm or reconsider their decision in a public meeting of the Board. This action will be effective immediately unless otherwise specified by the Board.

d. The disciplinary procedure, notice, and hearing requirements outlined in a, b, and c shall also apply to the Deputy Chief.

#### **Section 6. Employment Contract**

The Board of Selectmen shall prepare contracts for the Chief and Deputy Chief setting forth their annual compensation, fringe benefits and other terms and conditions of employment. The contracts shall be reviewed annually and revised as necessary.

#### **Section 7. Applicability**

This By-law shall apply only to a Fire Chief or Deputy Chief appointed after this By-law is approved by Town Meeting.

**VOTED UNANIMOUSLY:** That the Town so do.

### **ARTICLE 21**

## JURY LIST

The Office of Jury Commissioner for the Commonwealth of Massachusetts is in the process of establishing a new system of jury selection in Plymouth County under General Laws, Chapter 234A, as amended in October, 1982. The new system will eliminate all exemptions and allow all citizens to serve for One day/One Trial. Jurors will be chosen from a list of residents submitted on June 1 of each year. Until this sytem has been established, jurors will continue to be drawn from the following list. It is expected that the new system will begin in January 1986.

# REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

To the Board of Selectmen and the Citizens of Hanover:

I hereby submit my annual report for the year ending December 31, 1984.

The Department responded to a total of 1,513 calls in 1984, the busiest year in our history:

Total number of fire calls	542
----------------------------	-----

Total number of ambulance calls	971
---------------------------------	-----

A total of \$25,797.88 in ambulance fees and \$1,210.00 in smoke detector inspection fees were collected and submitted to the Town Treasurer.

The May Annual Town Meeting voted to support the formation of a committee to examine the need for a new Fire Department Headquarters facility. This committee will be reporting their findings this coming May. This issue is one of the most important to face the fire department and the citizens of Hanover in many years. The future of your fire department, and its ability to keep pace with the rapid growth our community is experiencing, is dependent upon this committee's recommendations.

I wish to thank the many officers and firefighters, who unselfishly give so much year after year. Also, the continued support and cooperation of the many Town Department Heads, employees, and citizens of the Town of Hanover.

Respectfully submitted

Wendell Blanchard  
Chief

## **REPORT OF THE EMERGENCY COMMUNICATION CENTER**

To the Board of Selectmen:

The Emergency Communications Center Committee is pleased to submit its Annual Report for 1984.

The Center continued to conduct its role in the protection of life and property for the Citizens of the Town of Hanover.

The Committee would like to extend its thanks and expression of appreciation to the Dispatchers, for their dedication and efforts during the year.

The Committee and the Town will miss the services of two individuals who played a very active role in the operation of the Center.

Ms. Meredith Hannigan was a full-time dispatcher at the Center for many years. Her efforts and responsiveness to the duties and responsibilities of a Dispatcher contributed much to the successful operation of the Center.

At years end the Committee regretfully accepted the resignation of Fire Chief Wendell Blanchard from the Committee. Chief Blanchard's dedication, support and cooperation to the Communications Center in his positions of Fire Chief and Committee Member did much to make the Center a successful operation for many years. Buddy's experience and leadership will be missed by all of the Dispatchers and the Committee Members.

Calls to the Center should be restricted to emergency situations, whenever possible. Routine matters should be directed to specific Town Departments or Boards during normal business hours. Calls to the Center for emergency assistance, should provide clear information of the type of incident, specific location and any details pertinent to the dispatching of the services needed. Callers should remain on the phone, if practical, until the Dispatcher hangs up to assure proper and full receipt of the required details.

Respectfully submitted,

Kenton W. Greene  
John B. Lingley

## **REPORT OF THE BOARD OF APPEALS**

To the Board of Selectmen and Citizens of the Town of Hanover:

The Zoning Board of Appeals held seven (7) public hearings during the calendar year 1984 on applications and petitions pursuant to Chapter 40A, the Zoning Act, Mass. General Laws. Three cases, 84-1 (Pelican Realty Trust), 84-3 (Halaron Realty Trust), and 84-7 (Frattalone) were withdrawn without prejudice. Six decisions were filed in the Office of the Town Clerk as required by statute law. The decision of Case No. 84-11, (Beta and Alpha Nominee Trusts) will be filed in 1985.

Superior Court activity: Plymouth County, decision of BA Case No. 80-12 (Beta Nominee Trust) appealed to the Court March 1981 (CA81-12993) was settled out of court. Decision of BA Case No. 81-13 (Jurgela) appealed to the Court September 1981 (CA81-13847) is still pending. Decision of BA Case No. 83-8 (Leslie) appealed to the court December 1983 (CA83-18213) was upheld by the court August 1984. Decision of BA Case No. 84-2 (Griffin) appealed to the court August 1984 (CA84-19550) was settled by agreement of the Court, Griffin and Town of Hanover with a time limit for compliance to the decision.

We wish to thank James E. Thompson for his more than 20 years of outstanding service to this Board.

We also wish to thank all the offices of this town and the surrounding towns for their cooperation.

## **REPORT OF THE INSPECTOR OF WIRES**

We hereby submit the report of the Inspector of Wires for the period January 1, 1984 through December 31, 1984.

During this period, a total of 356 permits were initiated and submitted to the Town Treasurer.

We would like to take this opportunity to thank the townspeople, contractors and members of all town departments for their assistance and cooperation during 1984.

Respectfully submitted,

William F. Laidler  
Inspector of Wires  
Robert Stewart  
Inspector of Wires (Alternate)

## **DPW REPORT**

The sharp increase in new commercial developments and residential subdivisions which began in 1983 continued unabated through 1984. The use of a part-time inspector to oversee the construction of public utilities and roads in new subdivisions to assure adherence to the Town regulations, has been highly successful. The inspector has also been utilized to inspect new commercial developments within the Water Resource Protection District to assure the special provisions included for protection of the Town water supply aquifer are constructed as designed and specified.

The Department staff continues to aid other Town agencies and civic organizations. The High School playing fields were improved and protected through the removal of the connecting road pavement between the parking lot and Cedar School and the installation of guardrail posts to prevent field damage from unauthorized vehicle entry onto the fields. The soil in the many traffic islands and Memorial Squares at street intersections is tilled and fertilized each Spring in preparation for planting by the Town's Garden Clubs. The Board commends the efforts of all those involved in making these small areas truly islands of beauty in an otherwise drab backdrop of asphalt. The Department also accomplished projects at the Grange Hall for the Council on Aging and the Police Boys Club.

Charles Jokinen, a 28-year employee of the Department retired this year and was presented with a plaque in appreciation for his years of service.

The Board appreciates the effort made by all personnel to continue to provide the Townspeople with the excellent quality of service they have experienced over past years.

### **HIGHWAY DIVISION**

The Board continued development and updating of a five year plan for road improvements and maintenance. Highest priority is being given to those roads which are most heavily travelled and in greatest need of maintenance.

The 2400 square foot addition to the Department garage was completed and is in use.

Road improvements completed in 1984 included:

#### **Reconstruction —**

Winter St., pavement reclamation of second section

Whiting St., new drainage and pavement within the 2500 ft. section north of Webster St.

#### **Resurfacing —**

Silver St. and 3000 ft. of Center St.

#### **Seal Coat —**

Brook Circle, Franklin Rd., Lincoln Lane, Jefferson Rd., Monroe Rd., Jackson Rd., Main St. from Silver St. to Plain St. and Pine St.

## **WATER DIVISION**

The Water Treatment Plant has completed 10 years of operation and a major maintenance program has been started. The program will be carried out in three phases over three years to minimize the plant shut down periods. The first phase will be accomplished in early 1985.

The equipment for the groundwater protection monitoring wells has been received and will be installed and put into operation in Spring 1985.

Planning for major new water mains to improve the distribution system flow capacities is in progress and a consultant will be selected in early 1985 for the design and preparation of construction plans and specifications.

The 2 million gallon water standpipe off Union St. was completely repainted, inside and out this year and should require no further major maintenance for about 10 to 12 years.

Construction of a new 8 inch water main on Main St. to eliminate the poor water quality presently caused by low flow rates in the existing deadend main was completed. The line will be placed in service in Spring 1985 after pressure testing and disinfection have been accomplished.

Periodic flushing of the system to remove accumulated sediments and the annual leak detection survey were accomplished. These are routine operations and will be conducted each year to maintain our present high degree of water quality and to minimize or eliminate costly losses through leaks.

## **PUBLIC GROUNDS**

A topographical map of the Town Cemetery property on Silver St. was obtained to provide the base information for the preparation of a master development plan. The master plan will allow the Board to estimate when the Cemetery will be full and begin searching for additional land. This year, 28 lots were sold and 65 burials made.

In addition to the routine playing field maintenance tasks, including the continual repair of damages from vandalism, the ground crew makes an extra effort each Spring to ready the fields for the coming season of use. New chain link fence was installed around the outfields of the three baseball fields at Ellis Field with funding from the Mildred Ellis Trust Fund.

Extensive roadside brush trimming to remove visibility hazards was required this year and 67 dead or dangerous street trees were removed. Spot spraying to combat particular insect problems was also carried out.

The Board and Department staff express their appreciation to the Townspeople for the continued support and cooperation in their continuing efforts to maintain and improve the Town's public facilities.

Respectfully submitted,

Board of Public Works

## REPORT OF THE HOUSING AUTHORITY

In facing the housing problems of Hanover, the Hanover Housing Authority has found critical housing needs going unmet. Housing opportunities for family housing are limited to almost negligible numbers. Unavailable units for the elderly and the handicapped has resulted in a waiting list of two to three years for those eligible in the two elderly complexes in town. The cost to purchase a family home, coupled with rising mortgage interest rates, has created a housing problem for another segment of our community — our young, married families.

The need for rental assistance has increased in direct proportion to the cost of living and available rental units. The rental housing problem has been created by the lack of sufficient rental housing units, the lack of funds provided by the State and Federal agencies to build family housing units, and the need to change local restrictions on housing units for rental.

In our Report to the Town of Hanover in 1983, the Housing Authority submitted two recommendations to ease the critical housing shortage. We reaffirm that position, as follows:

- a. Reevaluate current zoning practices to assure regulations that provide incentives for compact and moderate density development;
- b. Encourage development of two-family housing and revise restrictions prohibiting conversion of large, single-family homes into two or more units.

The Hanover Housing Authority further recommends that the serious needs of the young, married family, financially unable to meet the high cost of home ownership, be addressed:

- a. By giving priority to those qualified young families to purchase property taken by the Town for taxes;
- b. That the Authority be funded through Town, State or Federal agencies to purchase rental properties for rental or eventual sale to such young, married families.

In a continuing effort to ease the housing shortages within our Town, the commissioners have encouraged and assisted our Executive Director, Stanley B. Goldman, in the preparation and filing of applications for various funds. During the past year, applications were filed for Chapter 707 Rental Assistance, to assist individuals and families to live in private, moderately-priced rental units they otherwise could not afford. Through the expertise and diligence of Mr. Goldman, the Housing Authority is presently administering seven Chapter 707 rental assistance units in Hanover.

Our Executive Director, with the assistance of our capable Executive Secretary, Carol A. Franzosa, has also been administering the Section 8 Rental Assistance Mobility Program for four recipients residing in Hanover who obtained their certificates from the towns of Norwood, Middleboro and Pembroke.

In addition to both the State and Federal Rental Assistance Programs, the Housing Authority has filed applications for Chapter 667 Elderly and Handicapped Housing, and Chapter 705 Family Housing, without success thus far.

The Housing Authority's most recent project has been the Chapter 689 Housing for the Handicapped. This program provides funds to convert existing structures, or build for use, a group-home or community residence for people who are physically and/or mentally handicapped. With the support and encouragement of the citizens of Hanover, this project may become a reality in the very near future.

The membership of the Authority suffered a heartfelt loss upon the death of Mrs. Yolanda M. Colombo, our State Appointee to the Housing Authority. Her position remained vacant during the entire year. The Authority is now pleased in announcing that Governor Dukakis has appointed Mr. Anthony J. Krupa to fill the unexpired term of the late Mrs. Colombo.

The Authority will continually seek new concepts and programs in the hopes of eventually resolving the housing problems of our Town.

The Hanover Housing Authority, once again, takes this opportunity to thank the citizens of Hanover, the Boards and Committees for their continued assistance, encouragement and support during the past year.

Respectfully submitted,

Michael R. Pizziferr, Chairman  
Karen F. Cranton, Vice Chairman  
Michael J. Ahern, Secretary  
Carmine J. Salines, Treasurer  
Anthony J. Krupa, Commissioner

## REPORT OF THE PLANNING BOARD

The construction activity predicted last year has struck with a vengeance. Older subdivisions are seeing renewed vigor. Over 70 new houselots have been authorized and new businesses are springing up throughout the town. The Planning Board's efforts have been almost exclusively taken up with Site Plan or subdivision hearings.

Thanks to the cooperation of the BPW we now have improved field inspection for new subdivision roads, and thanks to the Building Inspector improved Site Plan inspection. The revised subdivision regulations, adopted last March, are providing roads of higher quality. These efforts have disclosed one area which still requires more work — retention/detention basins — those man-made ponds meant to control rain water runoff. An ad-hoc group is examining such issues as who ought to own and maintain them, do we need additional design standards and who ought to oversee their construction. The Conservation Commission, BPW and Planning Board all have partial responsibility, but each of us looks at these basins with slightly different eyes and so coordination is needed.

In 1985 the Board intends to focus on two issues which have been pushed aside by new construction activity. Enforcement of active site plans and too long deferred planning studies will resume. With a population of roughly 12,000 Hanover is no longer a small town in the 'country'. Problems such as traffic congestion, residential vs. business uses or lost open space are the problems of a suburb. If we acknowledge this reality we can plan for our best future.

The Board accepted, with deep regret, the resignation of Donna B. O'Neill after six years of dedicated service. Ralph Barnes has joined the Board and is proving a valuable asset.

Respectfully submitted,

HANOVER PLANNING BOARD

T. Todd Andersen, Chairman

John A. Libertine, Vice Chairman

# **TOWN REPORT — 1983-1984**

## **TRUSTEES FOR PLYMOUTH COUNTY COOPERATIVE EXTENSION SERVICE BY MARY M. MCBRADY, DIRECTOR**

The Plymouth County Cooperative Extension Service's office is located on High Street, Hanson (on the grounds of Plymouth County Hospital) and can be reached by calling 293-3541, 447-5946.

The Extension Service is the educational arm of the University of Massachusetts and the United States Department of Agriculture at the county level. This is where the name "Cooperative Extension" is derived. It is a nationwide informal educational network with more than 3,000 offices throughout the country.

For 70 years the County Extension Service has provided county residents with free, informal education, emphasizing practical, self-help solutions to everyday concerns and needs. Our program areas include:

- Home Economics and Family Living
- 4-H (Youth Development)
- Agriculture: Food Marketing and Production
- Community Resource Development (C.R.D.)
- Food and Nutrition (Expanded Food and Nutrition Education Program)

Our staff is comprised of a director, two regional agricultural specialists, a community resource development specialist, two home economists, three 4-H agents, and a split position, 4-H/Home Horticulture. In addition to this, we administer a federally-funded nutrition education program for families with limited food dollars. This is staffed by one supervisor and eight part-time paraprofessionals.

In Plymouth County last year 92,974 face-to-face contacts were reported by Plymouth County agents. Total enrollment for 4-H was 768. In addition to that 12,009 youth participated in short-term or school projects. 44 lectures were presented by county agents, by requests, in the areas of financial planning, home economics, home horticulture and agriculture.

Major county-wide events that the Extension Service staff is responsible for include: 4-H Fairs, Small Farms Day (March), Home & Harvest Day (October), Fisherman's Harvest Festival (June) in addition to departmental lecture series offered in various county locations throughout the year.

Over 6,974 residents receive one of our 4 informational newsletters:

- 1) Garden Clipping - for the backyard gardener,
- 2) Kitchen Quotes - for basic nutrition facts and recipes,
- 3) Extension Post - written by county Home Economists,
- 4) 4-H Newsletter - for our 300 active club leaders.

Newsletters are also available for commodity groups, commercial growers, farmers and special interest areas. In addition to face-to-face learning situations, correspondence courses are available; last year we featured a popular microwave series.

Telephone inquiries continue to come in at a rapid rate particularly in the areas of food preparation and preservation, stain removal, home grounds and insect identification.

We continue to provide free testing of soil pH and pressure gauge accuracy testing of home canners. Free fact sheets are available in the above subject areas, along with U.S.D.A. publications for a minimal handling charge.

To learn more about the Plymouth County Extension Service, contact your Town Director Edward Keirstead, or the Extension Service office.

# **1983-1984 REPORT OF TRUSTEES FOR COUNTY COOPERATIVE EXTENSION SERVICE TOWN OF HANOVER**

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town, or by the Federal Government for carrying out the provisions of the law, under which they are appointed.

Their agents have made contacts during the past year in every community, either by public meetings, individual visits, group discussions, demonstrations, or otherwise, in attempting to assist the needs of the citizens toward helping to solve management problems, better living, and better community service, and have been ably assisted by many local volunteer leaders.

A total expense of \$100.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

## **EXPENSE 1983-1984**

## **REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL**

In 1984 your Hanover representative has attended Council meetings of the Metropolitan Area Planning Council, the regional planning agency. The Council promotes regional cooperation for policies and programs related to increasing metropolitan growth. Any MAPC town is eligible for at least 75 hours of professional assistance, at no charge, for projects of local concern, providing expertise in transportation, economic development, environmental quality, housing and land use.

The King Street Industrial Park was included in the Overall Economic Development Program and the upgrading of Route 53 in the Transportation Improvement Program, such listing being necessary to maintain eligibility for federal funding.

The MAPC is funded by local assessment at the rate of approximately \$.173 per capita. Local officials and citizens interested in regional planning issues affecting Hanover are encouraged to contact the MAPC representative for assistance.

Respectfully submitted,

Marilyn A. Colombo  
MAPC Representative

## HANOVER COUNCIL ON AGING

The Hanover Council on Aging continues to meet on the first Friday of each month at the Senior Center on Circuit Street. The public is always invited to sit in on our meetings.

Work is still continuing on the lower basement by the students of Vo-Tech. It is a slow process, but will be well worth the wait when it is completed. We are asking for an appropriation this year to extend the driveway around to the back of the building and make wheelchair access into the room when it is completed, also to repave the front driveway, with marked lines for parking.

The hot lunch program is still provided twice a week at the Jr. High with Marena Robinson the one to contact, so that the girls will know how many to expect. They continue to provide excellent lunches to any of the elderly in Town for a minimal amount of money. Lunches are also taken out to the various shut-ins in Town. We thank the drivers who make this special effort on the behalf of our elderly shut-ins.

We also now have a full time driver for our Mini bus. The money for the salary was appropriated at last year's Town Meeting. The van is now able to be used more effectively for the transportation needs of any of the Town elderly, for shopping, Drs. appointments, water and various of the other Town activities provided by the various organizations.

We would like to thank all the groups in town for their love and support of all of the elderly in their Town. All of the special dinners and activities that are provided for their benefit are most appreciated by all who attend.

On behalf of the Council members I would like to thank our office staff who manage to keep things running so well in the Office; for all the time and effort that is put into keeping up-to-date on anything that will be of importance to our town elderly.

If there are programs that you would like to see implemented in the Town, please call the office or any of the Council members, and we will see if we can do something about starting such a program.

## **REPORT OF OLD COLONY ELDERLY SERVICES**

**Gentlemen:**

As alternate delegate from the Town of Hanover, I attended six Directors' Meetings of Old Colony Elderly Services held in Brockton and the Annual Meeting held in Plymouth. Old Colony Elderly Services provides meals and home aide services in area towns.

Sincerely,  
W. Roscoe Riley

## **REPORT OF THE BYLAW STUDY COMMITTEE**

**To the Citizens of the Town of Hanover:**

During the past year, the Committee has reviewed a number of bylaws for possible revisions. These bylaws included the Sign Bylaw, the Hawkers, Peddlers and Vendors and the Animal Control Bylaw.

In addition, the Committee researched potentially new bylaws in areas of Gun control, Helicopter Landing Zones and the reduction of the Town Meeting Quorum. The proposed quorum reduction was passed by the Townspeople at the Annual Town Meeting in May, 1984 and subsequently approved by the Attorney General later in August, 1984.

The Committee is presently reviewing drafts for potential bylaw changes for the Capital Improvement Committee.

We offer our services to any organization of Town Government which would like aid in researching or writing a bylaw. These services are also extended to any citizen or other organization in the Town.

We ask that this report be considered as a report of progress.

## **REPORT OF THE CAPITAL IMPROVEMENT PLANNING COMMITTEE**

Three major projects which have been reported on in prior years continue to be refined as they near the action stage. Specific comments about the prospective new fire station, the reinforcement of water mains in the northeast section of town, and the replacement of school roofs will be mentioned in the Annual Report of the Committee.

That Report will describe capital projects proposed to the voters for consideration at the May, 1985, Town Meeting as well. The Capital Program for fiscal years 1987-1991 will also be included in The Report which will be published separately and distributed with this report.

Our thanks to the many Town officials and employees who supplied the information contained in our last year's Report which was judged by the Association of Town Finance Committees to be the best in the state. A special thank you to our volunteer secretary for the past three years, Prudence Miller.

## REPORT OF THE BOARD OF REGISTRARS

As of December 31, 1984, the registered voters were listed as follows:

Republicans	1163
Democrats	2456
Unenrolled	<u>2996</u>
Total	6615

The term "unenrolled" means not registered in any political party.

The Town census taken in January 1984, showed the population of Hanover to be 11,544. About 5% still did not co-operate in returning their forms, requiring house calls.

Residents may register at the Town Clerk's office daily, Monday through Friday during the regular office hours.

Notification of special sessions were published in the local newspapers. Signatures on all petitions and nomination papers were checked and certified.

We have noticed that many unenrolled persons, that have voted in primaries, have not filed the necessary form to maintain their unenrolled status.

A call to the office of the Town Clerk can straighten out any questions regarding dates of registrations, party affiliations, etc.

Respectfully submitted,

Malcolm C. Hatch, Chairman

Barbara P. Beal

Lois A. O'Donnell

John W. Murphy, Clerk

## REPORT OF THE VISITING NURSE

To the Board of Selectmen, the Hanover Visiting Nurse Association and the Citizens of Hanover:

A total of 3,456 clients were seen this year of which there were: 1,171 nursing; 120 physical therapy; 2,163 health supervision; 26 case assessments and numerous Social Service Activities, including 46 needy families at Thanksgiving and 50 needy families at Christmas.

Seventeen well-child conferences were held this year; 197 children attended and received physicals, immunizations and health counseling. Appointments may be made by calling the Visiting Nurse's Office at 826-4971.

Sixty senior citizen health conferences were held with 1,121 seen. Twelve adult blood pressure clinics were held with 156 seen. Diabetic screening clinics were held with 96 clients seen and there were tests for anemia done on request with a total clinic attendance of 1,373.

### Clinics held throughout the year:

*Senior Citizens:* The last Wednesday of every month from 1:30-3 p.m. at the Grange Hall, for all residents over 60.

*Adult:* The third Friday of every month from 1:30-3 p.m. in the nurse's office at the Town Hall.

*Legion Housing:* The second Wednesday of every month from 1:30-3 p.m. in the community house at Legion Housing.

*Cardinal Cushing Residence:* Blood pressure clinics are held on Mondays: Building #1 — the 1st Monday of the month; Building #2 — the 2nd Monday of the month; Building #3 — the 3rd Monday of the month. All clinics 1:30-3 p.m.

*Diabetic Screening Clinics:* The last Friday of each month from 8-9 a.m. Anemia screening is also available by appointment.

House calls are made to all first babies if desired, or to any new mother in need of assistance. Letters of congratulations are sent which include all services provided by the agency.

The nurses and board members assist with the annual flu clinic held at the Grange Hall in October.

The nurses attend in-service programs, lectures and seminars throughout the year to keep up with the latest trends in public health nursing.

The Visiting Nurse Office is located on the first floor of the Town Hall. An answering machine is in operation when the nurse is out of the office.

Respectfully submitted,  
Marjorie E. Townsend, R.N.  
Nurse Administrator

## **HANOVER VISITING NURSE ASSOCIATION, INC. ANNUAL REPORT 1984**

**To the Board of Selectmen and the Citizens of Hanover:**

Regular meetings of the Board of Management are held each month except July and August. The January and April meetings are open to the public.

Board members assisted the nurses at Well-Child Conferences, Pre-School Conference, Health Maintenance Conferences for the Elderly, held monthly, as well as at weekly Blood Pressure Clinics at the two residences for the elderly.

In October, nurses and board members cooperated with the Board of Health at a Flu Shot Clinic. A Lead Paint Testing Clinic was held in October with board members assisting the nurse administrator and the Board of Health nurse. They also did lead paint testing in the local nursery schools.

The VNA Board awarded \$800 in camperships to children in the summer and distributed \$2,000 in scholarships to Hanover residents.

Also, included upon request, a Home Safety Inspection is provided by the nurse administrator.

In October, a program was presented on the family dealing with the terminally ill.

The Association maintains a well-stocked supply of loan equipment, including sick-room supplies, which may be borrowed, free of charge, by any resident of the Town of Hanover.

Special thanks are extended to the members of the Board of Management and to the nurses: Mrs. Marjorie Townsend, R.N., Mrs. Avery Andrew, R.N., M.S., Mrs. Marilyn DeBoer, R.N., and Mrs. Maureen Cooke, R.N., who have served the town with much dedication.

Also, the VNA sincerely appreciates the generosity of the residents of Hanover who responded to our annual fund drive.

## REPORT OF THE BOARD OF HEALTH

The Board of Health respectfully submits our annual report for the year 1984.

The Board meets Monday evenings at 7:30 P.M. on the first, third and fifth Mondays of each month with the exception of holidays. Special meetings are posted with the Town Clerk. The office is open Monday through Friday from 8:00 A.M. to 4:00 P.M. There is a full time Health Agent who performs the various duties and enforces the rules and regulations which come under the jurisdiction of the Board of Health.

During the year 9534 tons of refuse were disposed of at the Transfer Station. Thanks to the continuing efforts of our citizens our recycling program returned monies to the Town. Newspapers and cardboard—\$6,831.36. Weighing of vehicles collected \$600.00. Recycling of waste oil amounted to \$138.50. We charged \$30.00 per ton for receiving out of town refuse and this amounted to \$2,880.61. Percolation tests, of which 58 were performed amounted to \$1,450.00. 98-Disposal Works Construction Permits were issued and brought in \$2,450.00. Fees for various licenses came to \$4,325.20. Total revenue returned to the Town in 1984 was \$18,675.73. There was a decrease in revenue this year because of the market price of recyclable glass was lower. However, the Town still saved \$22.90 a ton because these recyclables were eliminated from the cost of waste hauling.

Mosquito control aerial programs were continued again in 1984. A Flu Clinic was held for residents over 65 years of age. Vaccine was provided for school immunization programs: Diphtheria, Tetanus, Measles/Mumps/Rubella and Polio. Mantoux clinics were also held for testing for Tuberculosis for food handlers employed within the Town of Hanover and School personnel. Two Rabies Clinics for dogs were held in 1984. 251 animals were inoculated.

Mr. Sullivan continued to serve as Hazardous Waste Coordinator for the Town.

The following complaints were processed during the year:

- 48—Communicable Diseases were reported.
- 2—Complaints of various unsanitary conditions (homes).
- 23—Complaints of various unsanitary conditions (businesses).
- 16—Sewage complaints.
- 4—Brook and pond water complaints.
- 5—Substandard housing conditions reported.
- 2—Drainage complaints.
- 11—Restaurant complaints of uncleanness.
- 18—Mosquito complaints.
- 7—Miscellaneous complaints.
- 5—Complaints of landlord not providing heat.
- 7—Complaints of illegal dumping.

- 9—Complaints of pigs, rats, and cats.
- 3—Complaints of air pollution.
- 1—Complaint of noise pollution.

## REPORT OF HISTORICAL COMMISSION

Having the same five members as 1983, we met twelve times in 1984.

We have had copied for the town historical records five notebooks owned by Anne Henderson and Lucy Bonney.

From the Arts Lottery we received two hundred dollars to cover the cost of mailing forms to the owners of houses shown on the 1849 map of Hanover and still extant. The mailing was sent and received an approximately twenty-five per cent return. Another three hundred dollars was received from the Arts Lottery to cover the cost of photographing the houses inventoried.

We received a grant from *Yankee Magazine* and The National Trust for Historic Preservation to help pay the cost of employing a college student to complete the inventory of historic places. Town Meeting voted us two thousand five hundred dollars, of which we used one thousand dollars to match the *Yankee* grant of fifteen hundred dollars.

Our intern, Roland Morgan from Roger Williams College, was outstandingly well qualified and hardworking, and with many hours of help by Larry Slaney, he completed the survey by December 20. He added some one hundred fifty buildings, some built after 1850, to the list, making about three hundred fifty in all.

The survey of historic buildings, the main work of the Historical Commission for 1985, is complete and will soon be available for use by any interested person.

Jeannine H. Risgin, Clerk

## **REPORT OF THE HANOVER ARTS COUNCIL**

The following is for the annual report of 1984.

The Hanover Arts Council regrants money every 6 months from state funds provided by the Megabucks game which was specifically devised for assisting with the artistic needs of the towns and cities of the Commonwealth. This year the town of Hanover was awarded \$4,236.00 for such purposes. The Arts Council regranted this money to groups and individuals for various endeavors such as a poetry workshop, the purchase of art books for the library, and concerts for the elementary students of Hanover.

Citizens needing funding for artistic purposes should obtain applications from the Town Clerk and submit these forms to the clerk before the deadlines which occur approximately the middle of April and October of each year. Specific deadlines are publicized through the local papers.

## REPORT OF CONSERVATION COMMISSION

To the Board of Selectmen and the Citizens of Hanover:

Regulation and protection of the wetlands in the Town of Hanover is one of the primary charges of the Conservation Commission. Wetlands are defined in Chapter 131, Section 40, of the General Laws of Massachusetts Regulations effective April 1, 1983, and in the Town of Hanover Wetlands Protection by-law #6-14. The other primary duty is concerned with the promotion, protection, and development of the natural resources in the Town.

The office of the Commission is open from 8:00 A.M. to Noon, Monday through Friday. Mrs. Lois McAfee is the Commission Agent and the telephone number there is 826-6505. The Commission meets in open session on the first Monday and the third Wednesday of every month. In 1984 several new members joined the Commission; Sheila Geary, Robert Krul, and Judith MacDonald. Maps of the Commission areas are available at the office.

The Commission held 29 Public Hearings, made 18 Determinations of Applicability, and issued 22 Certificates of Compliance during 1984. A fee schedule was put into effect on January 1st and approximately \$2500 was added to the E & D Fund. The cranberry bog brought in \$387.50 and scrap metal from Factory Pond Flume sold for \$100.

At the Town Meetings, citizens voted to allow the Commission to try for Self-help Funds from the State for land acquisition and a \$12,000 grant was filed. The Commission is also applying for financial aid on the up-dating of the 5-year Open Space Plan. Several meetings were held with the Police Department to tighten up regulations on the use of the pistol range on the King Street Property. The Commission continues to work with several citizens who are interested in donating tracts of land to the Conservation holdings.

Maintenance and regulation of activities in the various areas is an ever-present problem because of the fiscal limitations of the budget. However, the Commission appreciates the help and support of the other town agencies, particularly the D.P.W., and of the interested citizens.

## **REPORT OF THE SOUTH SHORE REGIONAL SCHOOL DISTRICT ANNUAL REPORT**

It is my pleasure to submit this brief report to the residents of Hanover on the current status of South Shore Regional Vocational Technical School.

South Shore Tech is currently offering nineteen vocational and technical programs to the students of our eight member communities. Since 1981, the programs available at South Shore have increased from eleven to a total of nineteen. Services provided to students with special needs have increased with the addition of an afternoon program for students who ordinarily would not be attending South Shore. Other program alternatives for special needs students are being designed and funding sought for initiation during the 84-85 school year.

Our adult evening school is providing an interesting array of technical, craft, and academic programs for a steadily growing number of adult students. The area's first post high school technical institute has begun for students wishing to prepare for employment in a variety of technical fields including the latest career opportunities in the electronic, machine and drafting technologies. These programs began in September, 1984. An associate degree is also available to graduates through Quincy Junior College.

In June, 1984, seventeen students from Hanover received their diplomas and technical certificates from South Shore Vocational Technical. Fourteen percent of our 1984 graduates went on to higher education. Most of the rest went directly into employment — 76% — or the military service — 9%. During the 1984/85 school year, South Shore had a total of 512 district and out-of-district students in attendance. A total of fifty-eight students attended from Hanover.

The athletic department has experienced excellent success in interscholastic soccer and basketball. Our varsity soccer and basketball teams finished with outstanding records over the last two years. The best teams in many years. The boys' varsity basketball team had its best record ever in 1983/84 and finished with a record of twelve wins and six losses. Both the soccer and basketball teams made the state tournaments in 83/84. In addition, girls basketball and softball is alive and well and competing at the junior varsity level this year.

The future is extremely bright for your regional vocational technical school. Responsible growth is being planned and initiated. Services are expanding and more citizens are being served. The School Committee, staff and students at South Shore are optimistic and upbeat and join together in thanking you for your confidence and support. We like having you as a partner.

## JOHN CURTIS FREE LIBRARY

To the Citizens of Hanover:

The Girl Scouts, the Hanover Garden Club, the Hanover Lions Club, the Hanover Woman's Club, Jrs. and the South Shore Registered Nurses Association, as well as several individuals, made contributions for the purchase of library materials for which the Trustees, staff and patrons are most grateful. A large number of books continue to be purchased from the income of the Alice Marian Curtis Trust, the Bradlee Rogers Trust, the Louise B. Middleton Fund, and the Ruthetta M. Sylvester and Emily E. Sylvester Fund. Funds to purchase books to honor or memorialize someone are most welcome. They provide a living memorial. Larger gifts in the form of cash or securities may be used to establish an annual program of book purchases.

The local Campfire Organization once again raised sufficient funds to support the Pre-School Story Hour for FY85, thus eliminating the need to charge for the program.

The Friends of the Library continued to fund, with the assistance of the Hanover Woman's Club, Jrs., memberships in the Boston's Museum of Science, the Children's Museum, the Museum of Fine Arts, and the USS Constitution. Passes to the museums are made available at no charge to the townspeople. 293 families availed themselves of this free service.

The Hanover Woman's Club, Jrs., made a very generous donation which was used to purchase a television set and a video cassette recorder. The equipment will be used for programming in the library.

The Hanover Garden Club made a very generous donation which will be used to purchase a display case for the Children's Room.

Donald Janson resigned from his position of library custodian.

Mr. G. Elliott Robinson, Treasurer of the Board of Trustees, resigned after many years of devoted service. Mr. Albert Reale was appointed to complete Mr. Robinson's term of office.

The library joined with the libraries of Abington and Rockland in applying for and being awarded a federal grant for improved services to the visually handicapped.

1,132 new patrons were registered as library users. 35 records and 1,603 books were added to the collection, and 44 records and 1,378 books were withdrawn, leaving a record collection of 1,795 titles and a book collection of 51,225 volumes. 216 inter-library loan transactions were made. This is the 3rd consecutive year in which there has been increased use of this service.

Volunteers worked a total of 1,191 hours, or the equivalent of one paid employee working more than 20 hours per week for one full year. They manned the toy-lending library, typed, filed, made books shelf-ready, shelved books, and assisted the staff with many special projects. The Trustees and staff are most grateful for this time and effort.

The Hatfield and Phillips Rooms, which are available to all organizations

in the town, were used by the Hanover Woman's Club, Jrs., and the Friends of the Library for their meetings.

The library's hours are: Adult Department — Monday, Tuesday, and Wednesday, 10 a.m. to 8 p.m., Thursday, Friday, and Saturday, 10 a.m. to 5 p.m.; Children's Department — Monday, Tuesday, and Wednesday, 1 p.m. to 8 p.m., Thursday and Friday, 1 p.m. to 5 p.m., Saturday, 10 a.m. to 5 p.m. The library is closed Saturdays from June through September.

The Board of Trustees meets regularly on the second Tuesday of each month at 7 p.m. in the library. The public is invited to attend and the Trustees welcome suggestions.

## **REPORT OF THE TAX COLLECTOR**

To the Board of Selectmen and the Citizens of Hanover:

Collections during the calendar year 1984 for Real Estate, Personal Property and Motor Vehicle Excise taxes, together with miscellaneous collections, such as interest and fees on late payments and fees for Municipal Lien Certificates, amounted to \$7,066,543.09.

Once again, I wish to express my gratitude to the Taxpayers of the town for their patience and understanding of the late issuance of Real Estate and Personal Property tax bills. A rate of \$23.30 per \$1000 was set in October for fiscal 1985, and the bills were mailed November 13, 1984. The prompt payment of same was appreciated as it alleviated additional borrowing by the Town in anticipation of tax revenue.

On March 22, 1984, a Tax Title lien was placed on 15 parcels for non-payment of fiscal 1984 Real Estate taxes. Since that time, 8 of these parcels have been redeemed.

Three license suspension hearings were held at the Brockton Registry of Motor Vehicles for non-payment of Motor Vehicle Excise taxes. Approximately 85 delinquent taxpayers were subject to suspension of their license to operate a vehicle.

The total receipts for Municipal Lien Certificates was \$6,435.00. A Municipal Lien Certificate is a document prepared for mortgage passings or refinancing. The cost of this certificate is \$15.00.

I would like to express my thanks to the Town Officials, Municipal Departments, my Office Staff, Deputy, and the residents for all their invaluable assistance throughout this past year.

Respectfully submitted,  
Eleanor M. Kimball  
Tax Collector

# REPORT OF THE BOARD OF ASSESSORS

To the Hanover Board of Selectmen and  
the Citizens of Hanover:

The past year saw many changes in the Assessors Office, both in personnel and valuation. Gerald S. Culhane was elected to the Board in May, Lori L. Hayes was appointed Sr. Clerk to replace D. Judith Murphy who was appointed Assistant Assessor Appraiser in September, and Linard Risgin was appointed to the Board in November after the resignation of Thomas A. Taylor.

New construction during calendar year 1983 resulted in an increase of value for fiscal 1985 of over \$5,000,000.

Data collection and analysis have begun on our fiscal 1986 revaluation, which is to be implemented using the Town's new NCR computer. The appraisal software was installed at the end of November and information on over 300 sale properties has already been entered.

Charles E. Hopkins, Gerald S. Culhane, and D. Judith Murphy all successfully completed the Department of Revenue's course in Assessment Administration in the Spring of 1984. Ms. Murphy also received her accreditation as a Massachusetts Accredited Assessor.

## **REPORT OF CIVIL DEFENSE**

To the Board of Selectmen and the Citizens of the Town of Hanover:

We hereby submit our annual report for the year ending December 31, 1984.

Although there were no declared emergencies during the year, the Town did successfully participate in several test exercises.

The department, this past year, was able to:

1. Acquire several generators to be used for emergency power requirements.
2. Purchase radio equipment through a Boston Edison grant for day-to-day use by the Fire Department, and emergency use by our department.
3. Receive Federal funds to cover administrative costs totalling \$3,206.40.

We would like to take this opportunity to thank the various Town boards, departments, and employees who have supported and assisted us throughout this past year.

Respectfully submitted,  
Stephen Tucker, Director  
Leonard Howes, Asst. Director  
Albert Farr, Asst. Director

## REPORT OF THE SCHOOL DEPARTMENT 1984

"Education has, in America's whole history, been the major hope for improving the individual and society," so said Gunnar Myrdal. In 1984 your school department has been moving forward to provide opportunities for individuals, and systems for groups, all aimed to create appropriate, high quality education in Hanover. As in earlier reports, this year we highlight some of many activities going on in your schools. For a more complete picture, we recommend a reader see earlier reports.

A blueprint — the curriculum — is the outline which everyone follows, so we will begin with some curriculum changes, and highlight some implementing activities in the areas of reading, English, math, computers, and able-student opportunities. In your schools this year, many individuals, groups and programs have earned particular recognition. A selection of these recognitions spanning the range of school activities will be detailed. Lastly, there are many individuals and programs which should be cited for their contributions to your schools this year; while many worthy items may not be mentioned, several are selected at this time.

The educational blueprint in your Hanover Schools is the "Educational Objectives". This document, based on the goals of the School Committee, details what should be included in each young person's education. In 1984, 96 people, laymen and professionals together, under the leadership of Elaine Cadogan, restudied the overall blueprint, reviewed various national reports, and presented to the School Committee an updated, cohesive plan which could provide excellence in education for all Hanover students. The publication of this master plan is awaiting state legislation which may mandate the form and structure of such a plan for each school district in the Commonwealth.

English and reading, K-12, are basic to each student's education and to Hanover's "English Objectives." Therefore, in 1983 specific English curricula, in grades 9-10, and reading curricula in grades K-5 were redefined and developed. In 1984, specific English curricula, grades 11-12 were completed as was a revision of the English Curriculum grades 6-8. These several curricula expanded the "Educational Objectives" and provided a coordinated blueprint K-12. Teachers, meeting during in-service time, further developed methods to best implement and coordinate these curricula. To further detail how reading and an equally important subject, mathematics, are developed from the "Educational Objectives" through curricula to activities which directly impact students, let us look at the early grades.

Reading and mathematics are the two key curriculum areas which have been the primary focus of professional study at the elementary level. Key objectives of both the reading and mathematics projects are: current, fully defined curriculum; systematic evaluation and implementation of materials which support the curriculum; insured continuity in instruction and materials for all students; application of research findings to the classroom; staff collaboration.

The Hanover Schools have a current fully articulated Elementary Reading guide which provides the framework and objectives for all reading instruction. A needs assessment identified the purchase of basal readers at the primary level at Cedar School and system-wide for grades four and five as a priority. During the 1984 school year, the Reading Committee conducted a comprehensive search for and evaluation of basal readers which reflect the components and characteristics of instructional design prioritized in our curriculum. This intensive evaluation included a search of the literature, pilot programs, in-service presentations, written evaluation, panel discussions and interviews.

Current basal readers for the primary level at Cedar School and system-wide for the intermediate level were purchased in 1984. Successful implementation has been achieved through in-service programs and consultation.

The purchase and organization of materials provides for the systematic sequential reading development delineated in the Curriculum Guide, accommodates individual learning styles and notes, assures continuity between grade levels and is consistent with current research. The elementary program insures continuous progress and cumulative achievement while providing challenging, appropriate material.

Like the reading program, the objectives of the K-5 mathematics project are to create a new mathematics curriculum, develop resources for teachers and recommend materials. During the initial phase of writing the curriculum, the committee has studied the compiled research, consulted staff, and utilized a variety of resources. Consistent with the goals and philosophy which have been developed, it is intended that the curriculum will actively involve students in the development of mathematical materials. Current research findings demonstrate that students who have learned mathematics with the help of manipulatives do score higher on achievement tests.

The current focus is to encompass all mathematic skills under five strands or threads. The five threads are: numeration, computation, geometry, measurement and problem solving. Mathematical concepts, basic facts and all facets of problem solving will be thoroughly addressed.

These efforts in 1984 should lead to improved and coordinated curricula in mathematics K-5 in 1985-86. Revisions are beginning in the middle grades and curricula in specific subjects have been approved for grades 9-12 in 1983 and 1984. It was especially important to revise the General Mathematics I and II for the high school grades as well as the critical course in geometry, all of which were approved in 1984 as part of the master plan.

Neither the high school mathematics nor business education departments can lay sole claim to computer education, the newest curriculum area in the "Educational Objectives". Both departments are offering courses using computers. In 1984, the town allocated \$25,000 for a second room at the high school to be equipped with microcomputers, and this has led to more computer availability to citizens, during school time, late afternoons and evenings and

even in the summer. The 1983 Computer Science Curriculum is now widely implemented. At the junior high one room housing microcomputers, purchased through federal funds, is used by students and their teachers nearly every period; most students have a unit involving computer introduction in grades 6-8. Final development of a middle grades computer curriculum and expansion into lower grades awaits a community decision for more equipment and the hiring of the first computer education teacher.

As the "Educational Objectives" blueprint was implemented in 1984 through English and reading, math and computers, it also impacted programs for the talented and gifted student. Education for the academically able student is a necessity in any school and a need for our country. It has been said that society is led by the most able five per cent of the population so it is essential that this group receive the best education we can offer. Most of this education occurs in the regular academic classroom and in specialized academic sections in high school like foreign languages, advanced science, mathematics and business courses and in honors sections of other subjects. A 1984 task force highlighted some ongoing programs in the Hanover schools K-12 and suggested improvements which are being implemented.

Staff members have sought out special opportunities for those students who have the ability and desire to excel. The Advanced Studies Program is offered to 200 students in Massachusetts in the summer after their 11th grade. In 1984 six were accepted, five Hanover students attended this outstanding program. For those in grade 10, the Spotlight Program was developed in 1984. This is a university-based after-school enrichment program for gifted and talented 10th graders; Hanover, for its students, has organized ten surrounding school districts into this Spotlight Program so that the program may enrich those Hanover students who volunteer for it. The high school, in addition to the many recognitions and awards which have been developed over the years to highlight outstanding performance, this year developed the outstanding student of the month program in each discipline. These opportunities for able students at high school, have their counterparts in the lower grades.

The middle school, by definition, challenges each student to seek his/her potential but does not generally publicize the outstanding academic accomplishments of a few. However, parents are sent individual letters if their children have a "B-" or better in every subject on the report card. In the seventh grade those students who scored at the 98th percentile or better on the national Metropolitan Achievement tests may enter the John Hopkins Talented Youth Program competition. All such students take the regular Scholastic Achievement Test used to accept students to college. All 30 of the Hanover 7th graders who competed did so well that they received individual letters of recognition; six scored so high that they received state and regional commendations. These challenges for able students in the middle schools are matched by a rejuvenated program in the elementary school grades.

The program introduced in the elementary schools in 1984 is known as SAGE — Shared Approach to Gifted Education. It is modeled on the Renzulli

approach and seeks students with above average ability, task commitment and creativity. These, among other qualities, can be shown by student performance in regular classes. The goals of this program, as it is developing under the dynamic leadership of Mrs. Constance O'Brien, are to enrich and enhance the regular classroom curriculum for the gifted and talented students and to expand the specific interests of these students leading to task commitment and the creation of products in their areas of interest. A Commonwealth Institute grant helped finance special training for many elementary school teachers in this new approach; the work of each classroom teacher, in addition to that of the coordinating teacher, parents and other resource people, is essential for young people to achieve the full benefits. Hanover, with four other communities have joined with Bridgewater State College and are seeking a Board of Regents Collaborative Grant to expand opportunities in 1985 beyond those provided by the school budget. Development of more opportunities for able students and curriculum implementation in English, reading, math and computer education all are aspects of how the educational blueprint is progressing in the Hanover schools. Schools, however, are more than plans, they are achievements of individuals and groups. Achievements are most easily seen in high school and especially at graduation.

As of graduation 1984, class members had received over \$285,000 in financial aid as first year students, \$30,000. of which was raised locally. Students, parents, and all of us thank the many generous citizens who contributed this large sum to aid the graduates of this year.

In a study of the last six years of graduates, Hanover High students have applied and have been accepted to post-secondary institutions covering the whole spectrum of admission challenges — from the highly competitive, to the average public and private colleges.

Students this year were accepted into 230 colleges; a sampling of types of four-year institutions include Ivy League Colleges like Harvard, Dartmouth, Pennsylvania, Rutgers, Cornell. Smaller New England colleges abound like Babson, Bates, Bowdoin, Colby and Wheaton while larger Greater Boston schools include Boston University, Brandeis, Northeastern and Tufts. Other liberal arts institutions attended by Hanover grads are Boston College, Holy Cross, Providence, Regis and Notre Dame while still other out-of-New England colleges are William & Mary, George Washington, Niagara, Rensselaer Polytech and Syracuse. Many good state institutions are represented also such as Penn State, Michigan State, Universities of Massachusetts, New Hampshire, Connecticut and Colorado. While accepted across the country, costs and peer influence are major factors which affect the final college choices of our graduates.

Up to 125 post-secondary institutions have representatives visit Hanover High each year and this personal contact has a major influence on where our students apply and are accepted. The following chart shows the number of

students involved in college attendance in the last six years, and the financial aid they have received.

Participation beyond the regular school day in school-sponsored activities is not emphasized in current educational reform studies yet it is a traditional and educationally valuable activity in Hanover. Lessons learned on the playing fields of Hanover help develop leadership, competition and cooperation between individuals, skills which are needed by every graduate in the world ahead.

Interscholastic athletics is now limited only to high school teams and a user fee of \$35 remains in effect to partly offset the rising costs of programs. Despite these factors, participation continues to set records for the second straight year. In the winter season 128 students competed on eight teams. The boys' basketball team won the South Shore League title for the second consecutive year and entered tourney play — they had not lost a regular league game in two years. The ice hockey team also won the South Shore League title and played three post-season games before losing in the quarter finals. The girls' gymnastics team had another successful season finishing with an 8-2 record.

In the spring season, 164 students participated on nine different teams. All did well but particular recognition should be given to Holly Madden who completed an outstanding high school track career with a very strong season. The fall season saw 239 students competing on 13 teams. The field hockey team earned their second consecutive field hockey league championship, won three games in state competition only to lose in double overtime 1-0 in the Division II South final. Mara Frattasio was a top scorer and Michelle Cross was an All-Star goalie on this outstanding Hanover team. To this recognition of individual and group achievements in academics and athletics should be added a brief review of four of Hanover's special programs which have earned your school system distinction in the state.

While the Hanover schools have distinguished themselves in many areas this year, the Vacation School, College Costs Seminar, Special Needs Program and Drug/Alcohol Education each deserve a few words. This summer, our programs expanded by 25 per cent and included new endeavors such as tennis fun and fitness exercise, a computer camp and a special needs recreational program. While the quality of all programs — remedial and recreational — remains excellent each program also has paid for itself. The summer vacation school is totally funded through tuitions and its popularity grows. In 1983 289 students attended but in 1984 enrollments rose to 349 students.

A second program, the College Costs Seminar, was started in Hanover many years ago and is considered the finest in the area by both college professionals and parents. In 1984 there were 500 students and parents present and financial aid officers from such institutions as Bridgewater State, M. I. T., the Naval Academy, West Point, Harvard, Quincy Junior College, Franklin

Institute, Simmons, Emerson, Northeastern, Stonehill, Boston University and Boston College. This activity is co-sponsored by the Tri-Town Rotary and many of its members actively participate; we thank them here for their many years of service to the Hanover Schools.

A third program, known nationally as Special Needs, helps about 14 per cent of the student population who have some form of special need, a few of which have great needs. While Hanover is recognized as having outstanding special services programs, cost factors for complying with state and federal statutes are becoming prohibitive. While young people should receive help if they really need it, current legislation requires the school system where the student resides to pay not only educational costs at a private school if needed, but, board, room and all related expenses. Some such programs now exceed \$50,000 per student per year and the problem becomes worse, when someone needing such service moves to town after budgets are established. The average citizen often is unaware that state/federal aid for these children does not go to the school budget but to the town general funds so all special needs costs compete with other educational programs under Proposition 2½ capping limits. One great help in the education of low-incidence special need situations has been the North River Collaborative. Organized by Hanover originally, the program is being rejuvenated by its new director and some state planning money. There is a difficult balance needed between appropriate education for everyone with special needs and adequate budgets for all students in Hanover. This 1984 problem will continue to be a challenge in 1985.

A fourth and final area is alcohol and drug abuse — a concern among all ages and in all communities. In Hanover citizens who attend school have helped and been helped by activities in your schools. In the middle school grades there have been numerous assemblies and programs to educate students about these drugs; the puppet shows stand out as a community-school project which related to students in this area of concern. In the elementary school grades Detective Paul Hayes, Hanover police drug officer, has worked with educators to explain the problems, has surveyed students to determine the best levels at which to install programs, and has gone into classes with a quality educational program designed to inform all students about the subject. The PTA and other adult groups have provided much support to these activities. The local press and even Boston TV has kept the public informed as to the activities in schools. Only through education are the future leaders of our society going to know what problems are at hand and how to resolve them. At the high school level, the student council, and especially Jeanine Sylvia, organized a full school day to present information to all students about drugs and alcohol. On the night of the high school prom, a state police roadblock stopped many Hanover highschoolers; the captain in charge called and wrote a laudatory commendation of the students commenting on their courtesy and the complete absence of drugs/alcohol at the checkpoint. Many other groups in town are organized to help and their fine work is herein recognized. An overall steering committee requested by the Governor, and authorized by the School Committee is in operation helping to keep all groups focused on the problem, filling in the areas not now fully serviced and providing support for all in meeting the concerns about alcohol/drug abuse among young people in Hanover.

So many other things remain to be said about individuals and programs which occurred in 1984 but space limits us to a few words about just a few.

Members of high school musical groups distinguished themselves in 1984. Selected for the Southeast Music Festival were eight chorus members and one band member; for the SEMSBA were 12 chorus and four band members. One

student was accepted into the All State Music Group; another toured Europe in the summer with the Youth of America band.

Besides regular concerts and concert tours the high school show choir presented Sondheim's "Company". John Schumacher wrote and directed "Magic Music" with and for elementary school students. Mr. Schumacher began work on a high school production "Gerry's Marketplace" another original musical which will be a first for the high schools of this area.

Students at all levels have worked hard raising money for worthy causes. Junior high students alone raised \$225 for Oxfam America in the cause of Ethiopian relief, \$1,025 for the Visiting Nurse Association with a Flea Market and Fun Run and \$2,350 for the Heart Fund.

Bus and bicycle safety have been special undertakings, grades K-8 with programs, demonstrations and great cooperation among many citizen groups, especially the local police.

A mini-course on stress management developed by Barbara Barker for fifth grade volunteers was not greatly different from programs developed at other grade levels by other staff members. However, the story was picked up by the local press, then the state media and finally all the major networks in New York. Calls poured in, offers to appear on national TV were rampant but those most closely involved chose to respond to the inquiries from across the country with a standard reply and to continue teaching the basic academic work rather than accept national publicity.

Your schools hosted many meetings this year; one of the most interesting was the welcoming of the State Board of Education. It was a pleasure to greet the Board's Chairman, James Grande of Hanover.

The Hanover P.T.A. this year has created a variety of exciting enrichment activities for Hanover students and has been a strong and consistent supporter of programs and good communications.

So much goes on in your school system that just would not happen if it were not for the strong support and encouragement of many townspeople. As individuals, and in groups they volunteer to help in school libraries, on field trips, with financial aid, with technical and moral help for students. As parents, they work with school and child, they attend day and evening functions, they work with other youth groups which in turn help with school needs. We in the schools, are most proud of our able and dedicated staff; parents, too have helped recognize and encourage these professionals in our common pursuit — creating appropriate, high quality education in Hanover.

## **REPORT OF THE TOWN ACCOUNTANT**

### **For the Fiscal Year July 1, 1983 through June 30, 1984**

Submitted herewith is the report of the Town Accountant in accordance with Chapter 41, Section 61 of the General Laws for the year ending June 30, 1984, showing in detail the receipts and expenditures of the various departments.

Also included is a Balance Sheet of the General Accounts, Debt Accounts, Trust Funds, and Federal Revenue Sharing Funds for the year ending June 30, 1984. The accounts of the Treasurer and Tax Collector were found to be in agreement with the amounts shown in this report.

The Town of Hanover ended the fiscal year in its best shape financially since the tax limitation was passed. Conservative fiscal policies, coupled with a strong local economy and additional state aid, have been largely responsible for this situation.

Unfortunately, the Town has little or no direct control over the economy and the state aid allocations, so it becomes extremely important to maximize locally produced revenues and to look beyond the current budgetary cycle in planning for the provision of municipal services for Hanover's growing population.

Accordingly, it is important to support the efforts of the Town Officials, Boards and Committees involved in financial planning and protecting the Town's assets.

I would also like to thank the various town officials and employees for their help, support and cooperation during this past year.

Respectfully submitted,

Gregory J. Doyon  
Town Accountant
