## REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Hanover:

We respectfully submit the One Hundred and Thirty-Third Annual Report of the Officers and Committees of the Town of Hanover for the year ended December 31, 1985.

This 1985 Town Report is dedicated to Wendell D. Blanchard and Edward J. Norcott, and in Memory of Dr. Valentine F. Harrington, Irving Lovell, and G. Elliott Robinson.

Wendell Blanchard retired as Fire Chief in January a position he held since 1975. Under his leadership the Fire Department grew, not only in numbers, but also in proficiency as Firefighters and Emergency Medical Technicians. He is honored for maintaining the tradition of our earlier Chiefs in giving us a department of which we can all be proud.

Edward Norcott served many years as Veterans' Agent, and in that capacity helped Veterans of all wars to obtain all the benefits to which they were entitled after service in our armed forces.

We thank them both and wish them many years of happy and healthy retirement.

Doctor Valentine Harrington served on the Hanover School Committee for many years and the School Building Study Committee during which time the High School was built. He was an active member of the Hanover Historical Society. He was a member of the original South Shore Regional Vocational Technical School Committee, and served faithfully and with distinction, remaining a member until the time of his death.

R. Irving Lovell was active in Hanover town government for over 50 years. He joined the North Hanover Fire Company in 1927, and served actively in many capacities until he retired in 1979. He was a Selectman when that Board also served as Assessors and Board of Public Welfare. He also served as Registrar of Voters. He was a member of the Board of Assessors for 15 years before he retired. He was truly a dedicated public servant.

G. Elliott Robinson was a member of the Planning Board and was Hanover's Representative to the North River Commission. For many years, he served as Trustee of the John Curtis Free Library until he resigned last year for health reasons.

There have been many personnel changes in Town Hall this year. Deborah Wilson resigned as Town Treasurer after five years in that position. She has accepted employment in the banking profession, and although she is missed, we wish her success in her chosen field. She performed the tasks of the Treasurer conscientiously, and the Town of Hanover benefited from her terms in that office.

Assistant Treasurer Eleanor Houghton retired after more than 20 years of faithful service. Her knowledge of the Town's financial matters and her expertise in that office were an asset to that department and to the Town.

Betty Stoddard retired after more than twenty years as Board of Health Secretary, where she served efficiently and pleasantly. Her cheerful disposition will be remembered by all with whom she came in contact.

The Selectman accepted with regret the resignation of Robert J. Stewart who has been the Town's Plumbing and Gas Inspector for 25 years.

There were many changes in the membership of the Council on Aging. We thank all those who gave so generously of their time. They were Caroline Sullivan, Dorothy Tripp, George Spooner, and Bernice Ronan.

Our best wishes for health, happiness and success to all those who have left the service of the Town, and on behalf of all our citizens, we thank them for their years of devotion to their tasks.

We would like to mention some of those who died during the past year, who had served the town generously in various capacities. They were: Clifford L. Stoddard, a lifelong Hanover resident, had been employed by the Hanover Highway Department, was a Cemetery Commissioner, and a member of the Volunteer Fire Department. Until shortly before his death, he was a volunteer driver of the Senior Citizen van.

Marjorie Thomson, a member of the Visiting Nurse Association and an Election Worker for many years died in October.

Louis Marotta served as Chairman of the Personnel Board, and we were saddened to learn of his death in California where he had been recently transferred.

We were sorry to learn of the untimely death of Donald C. Hayes, a lifelong Hanover resident who served 25 years as a Volunteer Firefighter.

Stanley B. Goldman was Acting Executive Director of the Hanover Housing Authority since 1980. He actively aided the search for means of funding public housing for elderly, disabled, and low income citizens.

All these public servants will be fondly remembered by those who knew them. Our sympathy goes to their families. They will be missed.

Many vacancies occur on Boards because of members being transferred, or because of increased personal commitments. We try to maintain a list of those interested in serving. We try to match member's talents and interests with the needs of the various Boards. We suggest that those who wish to be appointed attend meetings of the groups in which they have an interest to acquaint themselves with the scope of the position.

Work continues on plans for the improvement of Route 53. Hearings will be held during the year on final plans and specifications for Phase I.

We no longer have State assistance to solve traffic problems on Town roads. Because of budgetary constraints, the State requires that the Towns perform all engineering, traffic counts, and statistic gathering needed for speed zoning, signs, and traffic controls, with town manpower at town expense. We try to handle complaints as they arise and solve them as quickly and efficiently as possible, and ask your patience because of the added burden on the town's manpower and budgets.

In late September, Hurricane Gloria struck the town resulting in loss of power for many days in much of the town. We thank all who worked so hard to help recover from the effects of this hurricane. We hope that we have all learned from the experience and will be better prepared should there be another such occurrence.

This year marked the appointment of a Lieutenant in the Hanover Police Department. This should assist the Chief in the administration of a department that operates 24 hours a day.

The Selectmen met Monday at 7 PM. Meetings are open to the public. The meeting consists of a review of correspondence and information received during the week. The balance of the meeting is spent on scheduled hearings and other business. Public Hearings are held on licensing matters pertaining to Alcoholic Beverages, Automobile Dealers, Gasoline Stations, and Gravel Removal Permits.

The Selectmen negotiate for the Town with labor unions of the Police and Fire Departments, Department of Public Works, and Municipal Employees League.

Proclamations are issued to honor people, organizations and events. We welcome all new citizens to our Town and invite them to become involved by registering to vote and attending Town Meeting, which is held on the first Monday in May at Hanover High School.

We thank the employees, officers and citizens of the Town for their continued cooperation and support.

Respectfully submitted,  
BOARD OF SELECTMEN  
Janet W. O'Brien  
Robert J. Nyman  
A. Donald Deluse

## REPORT OF THE TOWN CLERK

To the Citizens of Hanover:

We had our Annual Town Meeting and Election in May. Less than 25% of the eligible voters turned out for our Town Election. Although the quorum for our Annual Town Meeting has been reduced from 200 to 100 we had 371 voters present at the Town Meeting and 225 voters present at the Special Town Meeting in November, this enabled the meeting to start without a long wait to obtain a quorum.

This has been an off year for State and Federal Elections but office work for the State Election started in November.

If any of the various town organizations give us information regarding their activities, we will continue to pass it along to the people that call this office.

On behalf of the Town, I would like to express my sincere thanks to Mr. William Mullin for his thoughtfulness in presenting to the Town many old books and documents of great interest.

Town Clerk's receipts for the Calendar Year 1985 were as follows:

Marriage Intentions	\$ 960.00
Vital Statistics	1,572.00
Mortgage Recordings	3,260.00
Pole Locations	125.00
Business Certificates	440.00

## **Warrant for Annual Town Meeting Held on Monday, May 6, 1985**

(See Warrant and Return of Warrant before Journal for Special Town Meeting held on this same date.)

The Annual Town Meeting at Hanover High School was called to order by George H. Lewald, Moderator at 8:00 P.M., Monday, May 6, 1985, with 371 voters present.

The Town Clerk reported that the Warrant had been served and a return made as required by the Town By-Laws.

Rev. W. Roscoe Riley of the First Congregational Church of Hanover offered the invocation which was followed by the pledge to the flag.

The Moderator, George H. Lewald introduced himself, Town Clerk, John W. Murphy and the members of the Advisory Committee and explained their responsibilities. He outlined the procedure to be followed at the meeting in accordance with the Town By-Laws.

Mr. Lewald recognized Philip Dine member of the Advisory Board and commended him for serving on the board for nine years.

### **ARTICLE 1**

To see if the Town will accept the reports of the Officers and Committees as printed in the Town Report or take any other action relative thereto.

**VOTED:** That the Town so do.

### **ARTICLE 2**

To hear reports of the Committees and act thereon, or take any other action relative thereto.

**VOTED:** That the Town so do.

## **FIRE HEADQUARTERS STUDY COMMITTEE**

The charge to this Committee was to determine the need for, and if found necessary, the location of a new headquarters fire station for the Town of Hanover.

To aid in the accomplishment of this goal, the Committee toured fire headquarters in surrounding towns with similarly structured fire departments where we had an opportunity to view and discuss the relative merits of each facility. In addition, we benefited from publications that were made available to us from such organizations as the National Fire Protection Association, The Insurance Service Organization and the National Fire Association and Contract Administration. We also consulted with an architectural firm who has experience in the design and location of fire stations.

Our present fire headquarters, located adjacent to the Town Hall, was built in three sections; each of which was added when the housing of additional equipment became necessary. This station is owned and was built by the Hanover Fire Association whose members provided the labor and materials for the structure. The construction varies with each piece that was added, and will not lend itself to the modification or expansion necessary to meet the standards established by the professional organizations previously cited. The Committee, therefore, ruled out this alternative.

The Committee feels very strongly that a new headquarters fire station, which meets all of the accepted criteria of fire professionals that would serve the long-range needs of the Town, be built on land currently available adjacent to the sight of the present headquarters fire station. It is our understanding that the land and present structure are available for purchase by the Town for

the outstanding mortgage balance. It is the opinion of the Committee that the emergency response time from this location provides the best possible fire and ambulance coverage to the townspeople.

The Committee has, therefore, asked that Article 54 be placed in the warrant for consideration by those in attendance at the Town Meeting.

Mr. Moderator, we wish this report to be accepted as the final report of the Fire Headquarters Study Committee.

Respectfully submitted,

Robert K. White, Chairman  
A. Donald Deluse, Board of Selectmen  
Stephen Tucker, Fire Chief  
Wendell Blanchard, Clerk, Former Fire Chief  
Frederick Briggs  
Joseph Hannigan

### **BY-LAW STUDY COMMITTEE**

During the past year, the Committee has reviewed a number of by-laws for possible revisions. These by-laws included the Sign By-Law, the Hawkers, Peddlers and Vendors and the Animal Control By-Law.

In addition, the Committee researched potentially new by-laws in areas of Gun Control, Helicopter Landing Zones and the reduction of the Town Meeting Quorum. The proposed quorum reduction was passed by the Townspeople at the Annual Town Meeting in May, 1984, and subsequently approved by the Attorney General later in August, 1984.

The Committee is presently reviewing drafts for potential by-law changes for the Capital Improvement Committee.

We offer our services to any organization of Town Government which would like aid in researching or writing a by-law. These services are also extended to any citizen or other organization in the Town.

We ask that this report be considered as a report of progress.

Respectfully submitted,

Donald W. Moores, Chairman  
William N. Middleton  
Kathy C. Gilroy  
Edward S. Vaughn, Jr. (Resigned)  
William B. Sides

### **CAPITAL IMPROVEMENT PLANNING COMMITTEE**

The Capital Improvement Planning Committee has now existed for four years and has issued three annual reports. With voluntary cooperation from most people in Town government, many of the "new-kid-on-the-block" type procedural problems have been resolved. We have reached the point, though, where help from the voters is needed to improve our level of service.

Based on our experience, three areas are especially of concern. First, the bylaw that supports this committee needs to be revised. An improvement will be presented for your deliberation under Article 14.

Second, your formal consideration of and advice on the Capital Program is sought. The Committee withdrew an article for this year which would have addressed this matter. However, the Capital Program will be discussed later at this meeting.

Third, a financial policy is needed to guide Hanover's future capital expenditures. The present practice, by some, of ignoring regular maintenance until major improvements become essential jeopardizes the planning for the future financial needs of all. Suggestions for control of capital expenditures have been discussed with the Selectmen and the Advisory Committee. A pro forma policy is printed on page 28 of the CIPC report for your information with the intent of stimulating discussion and action.

Respectfully submitted,

John S. Goldthwait

David T. Hutton

Mark A. Leahy

Linard Risgin (Resigned)

Charles H. Minott, V. Chairman

Roger P. Miller, Chairman

The Moderator, George H. Lewald spoke about a group of people involved in the Drug and Alcohol Task Force and the good job done by these people and that anyone interested could obtain information and brochures from them in the hallway outside by the entrance.

## ARTICLE 6

To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town Charges for the period July 1, 1985 through June 30, 1986, inclusive, or take any other action relative thereto.

Moved that the Town vote to raise and appropriate or appropriate from available funds, such sums of money to defray town charges in the amounts specified and by the method designated, as recommended for Article 6 on the following pages of the Advisory Committee Report. Each item is to be considered as a separate appropriation and such appropriation is to be expended for that purpose only.

The following is the copy of the advertisement to do with Revenue Sharing Funds (State and Local Assistance Act of 1972.)

## TOWN OF HANOVER

### NOTICE TO HANOVER CITIZENS

The Town of Hanover will conduct a budget hearing for revenue sharing expenditures at 8:00 P.M. on Monday, May 6, 1985, at the Hanover High School on Cedar Street.

The amount of revenue sharing funds to be discussed for this fiscal year is \$250,000.00 plus anticipated funds of \$210,000.00 to be received in fiscal year 1986.

All interested citizens will have the opportunity to give written and oral comment on uses of the funds. Senior citizens are encouraged to attend and comment. Handicapped persons needing assistance or aid should contact the Selectmen's Office before the meeting.

The following budget is proposed for fiscal year 1986.

#### **Section 1.**

A committee to be known as the Capital Improvement Committee if hereby established, composed of one member of the Advisory Committee appointed by and from it, and four additional members to be appointed by the Moderator with the approval of a majority of the Board of Selectmen. The member from the Advisory Committee shall be appointed for a one year term. The other members shall be appointed for four year terms such that one will expire each year. None shall be a town officer or employee. The Town Administrator/Accountant shall be an ex-officio member without right to vote. A member who ceases to reside in the town or accepts employment for it shall resign. A vacancy shall be filled for the unexpired term in the manner of the original appointment. The committee shall annually choose its own officers. It may spend such sums as shall annually be appropriated for its use.

#### **Section 2.**

The Committee shall study all proposed capital outlays involving the acquisition of land or an expenditure of at least \$10,000.00 having a useful life of at least three years. All officers, boards and committees of the Town shall by September 1st of each year give to such

Committee, on forms prepared by it, information concerning all capital projects anticipated by them to need town meeting action during the ensuing six years. Any registered voter may propose a capital project to the Committee for inclusion in its capital program on forms supplied by the Committee with ten signatures of registered voters in support thereof.

#### **Section 3.**

The Committee shall consider the relative need, timing and cost of these expenditures and the effect each will have on the financial position of the town. It may undertake such investigations and hold such hearings as it may deem necessary.

#### **Section 4.**

The Committee shall prepare a capital budget of such outlays for the next fiscal year for presentation to the Advisory Committee before the Articles are submitted. The Committee shall also prepare a program of proposed capital outlays for the following five fiscal years. The capital budget and capital program shall be published and distributed in a manner similar to that of the Advisory Committee Report. The Capital Program shall be presented to the Town at the Annual Town Meeting. \*(for adoption subject to voter approval at the several future Town Meetings.)

## ARTICLE 47

To see if the Town will vote to amend the Hanover Zoning By-Law as follows:

Add a new paragraph to Section VI USE REGULATION, C. Residence A District:

5. Cluster Development, as described below, may be permitted upon approval of the Planning Board, as a Special Permit, under the procedures listed in Section VII, G.

a. Minimum development size: Ten (10) acres for lands not within the Water Resource Protection District; otherwise Fifteen (15) acres. At least 3/4's of the site shall be buildable (i.e., neither Wetlands nor within the 100 yr. floodplain).

b. Minimum open space: Half the site with at least half of this open space as upland (i.e., neither Wetlands nor within the 100 yr. floodplain). Provide adjacent to and clearly related to each dwelling unit an area of private open space equal to the total floor area of the dwelling unit. This open space is part of the open space computed above.

c. Maximum density: Fourteen (14) dwelling units per 10 acres for sites not within the Water Resource Protection District; otherwise ten (10) dwelling units per 15 acres. Use these ratios for sites larger than minimum and round down all fractional dwelling units.

d. Maximum cluster size: Seven (7) dwelling units of which no more than four dwelling units may be attached together.

e. Parking: Provide 1.5 off street parking spaces for every unit. For the purpose of this section parking areas are to be built to the same standards as roads and drives.

f. Dimensions:

1. Minimum distance between any dwelling unit and an interior lot line: 100 feet.

2. Minimum distance between clusters as measured from nearest structures: 75 feet.

3. Minimum distance between buildings with a cluster: one wall windowless - 25 feet; otherwise 50 feet.

4. Minimum distance to an abutting public way; 75 feet.

5. Maximum distance from a dwelling's primary entry to its dedicated parking space; 100 feet.

6. Minimum distance from parking areas to a lot line: 50 feet.

g. All attached dwelling units shall be townhouses (i.e., "flats" are not permitted.).

h. No lot shown on a plan for which a permit is granted under this section may be subdivided, and a notation to this effect shall be shown on the plan.

i. No principal or accessory use other than residential shall be permitted, and the By-laws of the home owners' association shall include this condition.

j. The proposed development shall be a cooperative, condominium or similar association of home owners; the master deed shall provide for the home owners' association to maintain common grounds, roadways, driveways, utilities and services and to enforce the requirements of this By-law.

k. Relation to Subdivision Control Act:

The granting of a Special Permit hereunder shall not constitute compliance with the Subdivision Control Law nor oblige the Planning Board to approve any related definitive plan for subdivision, nor reduce any time periods for Planning Board consideration under that law. However, in order to facilitate processing, the Planning Board shall, insofar as practical under law, adopt regulations establishing procedures for submission of a combined plan and application which shall satisfy this section and the Planning Board's regulations under the Subdivision Control Law. All streets, ways and utilities within or serving the cluster development shall conform with all Planning

Board subdivision regulations, even if the proposed development is not subject to the Subdivision Control Law.

**1. Bonus Provision:**

Upon application, the Planning Board may permit additional dwelling units provided that:

1. the otherwise allowable density shall not be increased by more than 10 per cent;

2. such additional dwelling units are to be purchased or leased by the Hanover Housing Authority for the purpose of meeting low and moderate income housing needs of the Town.

3. the purchase and sale agreement or lease for these additional units has been executed by the developer and the Hanover Housing Authority;

4. such additional units are similar in character to other dwelling units in the proposed development;

5. such additional units are not concentrated in one cluster, but are scattered throughout the development;

Upon application, the Board may waive construction requirements concerning road width, paving depth and/or curbing, provided that:

1. the Board of Public Works finds such waivers technically acceptable;

2. the proposal contains two of the following:

a. a play field for children of at least 30,000 sq. ft. which is open and substantially level;

b. basements for at least half the units in the development;

c. more than 1/3 of the development are detached units;

d. non-fossil fuel energy source(s) provide at least 1/3 of the proposal's projected energy consumption.

Planning Board

A favorable report was read by the Planning Board.

**VOTED:** That this Article be passed over.

## **ARTICLE 48**

To see if the Town will vote to petition the General Court for a Special Act of the Legislature to read substantially as follows: Notwithstanding the provisions of Section 53 of Chapter 44 of the Massachusetts General Laws, or any other General or Special Law to the contrary, the Town of Hanover Conservation Commission shall be authorized to establish a Guaranteed Deposit Fund by adding the following section to the Town of Hanover Protection By-Law (6-14).

### **Section 11.**

In addition to the fees authorized by Section 10, applicants filing Notices of Intent for business, commercial, industrial and/or subdivision projects shall reimburse the Town for certain costs incurred by the Town in processing

the application. The applicant shall with submission of a Notice of Intent, deposit with the Treasurer of the Town funds equal to one percentum (1%) of the estimated cost of the project or five hundred dollars (\$500.00) whichever is greater. For business, commercial and industrial filings "estimated cost" shall mean the estimated cost of the entire project, including building construction. For subdivisions "estimated cost" shall mean the estimated cost of land preparation, grading, placement of utilities, and construction of roads and drainage systems.

The Conservation Commission shall direct the Treasurer to expend such funds to pay for all reasonable design review by its consulting engineer, or by other professional persons required to assist the Conservation Commission to determine as to the adequacy of the submitted Plan(s) with regard to MGL C, 131, s.40 and this By-Law. However, no such payment shall be directed until 14 days after a photocopy of the bill purporting to represent charges for such services and review has been sent, by first class mail, to the applicant. If the applicant disputes the amount, the bill shall be reconsidered by the Conservation Commission, and the Commission's decision will prevail. The balance of this account shall at no time be less than one-half the initial deposit; upon notice from the Commission by first class mail, the Applicant shall deposit with the Treasurer such additional funds as are required to restore the account to the amount of the initial deposit. Within 21 days of issuance of a Certificate of compliance, all remaining funds shall be returned to the Applicant.

The Conservation Commission may require similar deposits for other classes of filings if the submitted plan(s) require design review by its consulting engineer or other professional persons. If a deposit is required for a Request for Determination of Applicability, all remaining funds shall be returned to the Applicant within 21 days of the issuance of an Occupancy Permit by the Building Inspector.

## **Journal of Special Town Meeting Held On Wednesday, November 13, 1985**

The Special Town Meeting at Hanover High School was called to order at 7:55 P.M., Wednesday, November 13, 1985, with 225 people present.

The Moderator, George H. Lewald, introduced himself and the Advisory Board and described their duties. The Town Clerk reported that the Warrant had been served and a return made as required by the Town By-Laws.

### **ARTICLE 1**

To hear reports of Committees empowered to report at the Special Town Meeting and act thereon, or take any other action relative thereto.

### **HANOVER FIRE HEADQUARTERS BUILDING COMMITTEE**

Since the Annual Town Meeting, this Committee has met many times for the purpose of establishing the guidelines for the selection of a designer for this project. The criteria were established, and we proceeded to solicit interest from architectural firms using the guidelines established by the State Design Selection Board.

A review of these responses began the week of September 2nd with subsequent interviews of the four finalists taking place on October 8, 1985. The Committee has selected the architectural firm of Donham & Sweeney to provide the design and site engineering work, and is currently reviewing the contract provided by this firm.

It is the goal of this Committee to be able to provide the voters at the Regular Town Meeting with complete design and details for a new Fire Headquarters Building for their consideration.

Respectfully submitted,

Robert K. White, Chairman  
Stephen Tucker, Chief, Fire Dept.  
Wendell D. Blanchard, Clerk,  
Frederick L. Briggs

Joseph E. Hannigan

### **AD HOC COMMITTEE ON HOUSING ALTERNATIVES**

During the past five months, the Ad Hoc Committee on Housing Alternatives has been meeting in keeping with the good faith effort presented to the state. Members of the committee are researching various ways to create more affordable housing within the Town of Hanover. A housing questionnaire has been published on three consecutive weeks in the Mariner to help the committee to understand the feelings of the town people on this issue. The results of the survey will be published in the next 3 or 4 weeks. Further discussion will include consideration of purchasing parcels of lands for development as well as an in depth study of the present zoning laws to allow alternative forms of development. The Committee invites and encourages participation of the towns people in these meetings. We ask the Town to consider this a report of progress.

Robert W. Egan, Jr., Chairman

**VOTED:** That the Town so do.

Board of Selectmen

**VOTED:** That this Article be passed over.

#### **ARTICLE 7**

To see if the Town will vote to amend the Zoning By-Law by adding to Article VII, Section G, Paragraph 4 an additional paragraph, to read as follows:

Site Plan approvals shall state a period of time, not to exceed two years, within which the project shall commence. Failure to begin the work within the stated time shall cause the approval to lapse. The stated time period shall include such time as may be required to pursue or await the determination of any appeal to the Board's approval.

A favorable report was read by the planning Board.

**VOTED UNANIMOUSLY:** That the Town so do.

## **ARTICLE 8**

To see if the Town will vote to amend the Zoning By-Law as follows:

1. Add to Section VI C 1(d) the following:

The Board of Appeals may grant by special permit an increase in the number of animals or birds above the limits specified in Section II 1 herein, provided the applicant is able to substantiate the following:

(1) such use is clearly incidental and secondary to the use as a residence

(2) that such use shall not produce noise, odors, unsightliness or other nuisances which may be discernable from other properties or public ways

(3) that such use shall not interfere with the safety, health or privacy of adjoining properties

(4) such use will not cause an immediate or potential devaluation of property values of adjoining properties or general area.

2. Add to Section VI F1 a new paragraph as follows:

h. Barns, stables and kennels for pets, guard dogs, or commercial purposes. Increases in the number of animals or birds above the limits specified in Section IIL herein may be requested, and where appropriate approved as part of the site plan procedure specified by Section VI G herein.

Planning Board

A favorable report was read by the Planning Board.

In reading of the motion the words after the word herein were deleted in the first paragraph and the words "provided that the criteria immediately above are met" were added. Also deleted in the reading of the motion were Sections (1), (2), (3), and (4).

Motion to Accept this Article as read SO VOTED UNANIMOUSLY.

THE COMMONWEALTH OF MASSACHUSETTS

*In the Year One Thousand Nine Hundred and Eighty-five*

AN ACT AUTHORIZING THE TOWN OF HANOVER TO ESTABLISH A GUARANTEED DEPOSIT FUND.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

Notwithstanding the provisions of section fifty-three of chapter forty-four of the General Laws, the town of Hanover may establish in the town treasury a guaranteed deposit fund which the town treasurer of said town shall keep separate and apart from all other monies and in which fund shall be deposited any design review fees collected by the conservation commission, under the authority of the town's wetlands protection by-law, for plans filed with said commission requiring design review costs. The principal and interest thereon may be expended at the direction of the conservation commission by said treasurer to pay for all reasonable design review costs incurred by said town in processing said applications, including but not limited to, any professional consulting services. Any such application fees paid in excess of the cost incurred by the town for design review shall be returned to the applicant by said treasurer.

House of Representatives, September 11, 1985.

Passed to be enacted,

*George Leverian*, Speaker.

In Senate, September 11, 1985.

Passed to be enacted,

*William M. Bulger*, President.

## JURY LIST

The Office of Jury Commissioners for the Commonwealth of Massachusetts has started jury selection in Plymouth County under the provisions of General Laws Chapter 234A, as amended in October, 1982. The system eliminates all exemptions and allows all citizens to serve for One Day/One Trial. Jurors are chosen from a list of residents submitted by each town on June 1 of each year. Jury questionnaires will no longer be sent out by the Town. We thank all those who served under the old system, and hope that the new system will be more convenient for all.

Board of Selectmen

## REPORT OF THE BOARD OF REGISTRARS

As of December 31, 1985, the registered voters were listed as follows:

Republicans	1,104
Democrats	2,363
Unenrolled	<u>2,993</u>
Total	6,460

The term "unenrolled" means not registered in any political party.

This was a very busy year, along with the Town Census we were required to include Official State Census.

The Town Census showed the population of Hanover to be 11,701.

The Official State Census showed the population of Hanover to be 11,384. The state figure is lower because we were not allowed to include residents who were staying elsewhere such as away at school or in the service, etc.

Residents may register at the Town Clerk's office daily Monday through Friday during the regular office hours.

Notification of special sessions were published in the local newspapers. Signatures on all nomination and petition papers were checked and certified when found to be correct. We check 212 petition papers that were presented for proposed questions for the 1986 State Election.

A call to the office of the Town Clerk can straighten out any questions regarding date of registrations, party affiliations, etc.

During this year we changed our voters list and census list from the service bureau that had been doing our computer work since 1974 to our inhouse computer. Much time was required to check out and correct the changeover and even with that, we have found much more to do.

## REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

To the Board of Selectmen and the Citizens of Hanover:

I hereby submit my annual report for the year ending December 31, 1985.

The Department responded to a total of 1,729 calls in 1985, representing a significant increase over past years.

Total number of Fire Calls	694
----------------------------	-----

Total number of Ambulance Calls	1035
---------------------------------	------

A total of \$31,672.17 in ambulance fees and \$1,680.00 in smoke detector inspection fees were collected and submitted to the Town Treasurer.

Last May, the Fire Headquarters Study Committee recommended to town meeting voters that a new fire facility be constructed on land adjacent to the present quarters located next to Town Hall. Based upon findings of structural deficiencies, inadequate space and/or storage for vehicles, equipment, administrative and personnel needs, voters approved Article 54 establishing a Fire Station Building Committee authorized to obtain preliminary plans, specifications, and cost estimates for the construction and equipping of a new fire facility.

At the May 1986 town meeting, this committee will report, and additionally sponsor articles for the construction of a new fire department headquarters. With growth comes an increasing demand for services. The construction of this fire station is critical to the fire department's efforts to fulfill your present, as well as future needs.

On January 31, 1985, after 43 years of service, Wendell D. Blanchard retired as Chief of the Fire Department. It is impossible to adequately express our gratitude for Chief Blanchard's dedication to the department, its membership, and the community over these many years. Additionally, a personal thank you for your patience, wisdom and support over the past several years. On behalf of the entire department, best wishes for a healthy and well-deserved retirement.

My sincere thanks to the many fire department officers and firefighters, town department heads, employees, and citizens of the town for their support and cooperation during the past year.

Respectfully submitted

Stephen R. Tucker  
Chief

## **REPORT OF THE EMERGENCY COMMUNICATION CENTER**

To the Board of Selectmen:

The Emergency Communications Center Committee is pleased to submit its Annual Report for 1985.

The Center has continued to conduct its role in the protection of life and property for the Citizens of the Town of Hanover.

The Committee would like to extend its thanks and appreciation to the Dispatchers for their efforts during a very active year. The experience of "Gloria" impacted the Town and all its Departments in providing the necessary services to its citizens during that difficult period, but as in the past, forces united and coped with each incident as it arose. The team work and cooperation of each department, board, or commission should be recognized for their responsiveness and cooperation.

As from the reports of the Fire and Police Departments, the demand for assistance in the protection of life and property continues its growth. This Committee continues to be responsive to these needs by revising procedures, upgrading of the facility and planning for the future. We have recently undertaken a study of the needs of the Center for future years, and will be making a detailed recommendation to the Town in the near future.

As Citizens of Hanover, you are reminded that you can assist the Center by restricting calls to emergency situations. Routine or need for information calls should be directed to specific Departments or Committees during normal business hours. Calls to the Center for emergency assistance, should provide clear information of the type of incident, location and any details pertinent to the dispatching of service. Callers should remain on the telephone, if practical, until the Dispatcher acknowledges full receipt of the required details.

Respectfully submitted,

Kenton W. Greene

John Lingley

Stephen Tucker

## REPORT OF CIVIL DEFENSE

To the Board of Selectmen and the Citizens of the Town of Hanover:

We hereby submit our annual report for the year ending December 31, 1985.

A total of \$3,500.00 was received by the Town Treasurer from the Federal Emergency Management Agency to assist in offsetting the administrative costs of our department.

The Town successfully participated in several test exercises, including the annual Pilgrim I nuclear plant evacuation test conducted in August.

We wish to express our gratitude to all the town boards, department heads, and employees who collectively, and so professionally performed their related duties during Hurricane Gloria.

Additionally, a special thank you must go to the many private organizations, businesses, and volunteers who so unselfishly gave their time and varied resources as well.

And finally, to the townspeople, for having the patience and understanding to endure the many inconveniences, as well as concerns for personal safety associated with the storm. Your cooperation made an immeasurable difference in our ability to carry out our responsibilities.

Respectfully submitted,

Stephen Tucker, Director

Albert Farr, Asst. Director

Leonard Howes, Asst. Director

## **REPORT OF THE BOARD OF APPEALS**

To the Board of Selectmen and Citizens of Hanover:

The Zoning Board of Appeals held nine public hearings during the calendar year 1985 on applications and petitions in accordance with Chapter 40A, The Zoning Act, Mass. General Laws. Two cases, 85-5 (Carney Buick) and 85-8 (Mathews) were withdrawn without prejudice. Six written decisions were filed in the Office of the Town Clerk as required by State law. The decision of Case No. 85-9 (Donovan) and the process of Case No. 85-10 (Parker) will be completed in 1986.

The decision of BA Case No. 81-13 (Jurgela) appealed to the Superior Court, September 1981 (CA81-13847) was upheld with no modifications by this Court in May 1985.

We wish to thank all of the offices of this town and the surrounding towns for their cooperation.

Respectfully submitted,

James S. Oldham, Chairman  
Kenneth R. Lingley, Co-chairman  
Lorrimer Armstrong, Jr.

Associate Members  
Michael T. Jones

## REPORT OF THE BUILDING INSPECTOR

To the Board of Selectmen and the Citizens of Hanover:

The construction of new dwellings and businesses increased in 1985.

Building permits issued in 1985 were as follows:

New Residential Dwellings	85
New Business	19
Alterations/Additions/Misc.	217
Stoves	34
Pools	38
Signs	126

Business	64
Political	3
Yard Sale (no charge)	59

Total: 519

Certificates of Inspection 49

Total fees collected: \$41,112.00

The Building Department is located on the second floor of the Town Hall and is open Monday through Friday from 8-12 noon and 1-4 p.m. The inspector is also in Monday evenings from 6:30-8:30. I would like to thank the home and business owners, contractors and town departments for their cooperation.

Respectfully submitted,

Arthur M. Capaccioli  
Building Inspector

## **REPORT OF THE PLUMBING/GASFITTING INSPECTOR**

To the Board of Selectmen and the Citizens of Hanover:

There were 237 plumbing permits issued for the year 1985 and \$8,445 collected in inspection fees. Gasfitting permits numbered 152 and \$2,107 collected in inspection fees.

After twenty-five years of service Robert J. Stewart has retired as the Plumbing/Gasfitting Inspector. We wish to congratulate Bob for a job well-done.

Respectfully submitted,

Theodore F. Luscinski  
Plumbing/Gasfitting Inspector  
William E. Stewart, Alternate

## **REPORT OF THE INSPECTOR OF WIRES**

We hereby submit the report of the Inspector of Wires for the period January 1, 1985 through December 31, 1985.

During this period, a total of 403 permits were initiated and monies totalling \$12,589.50 were collected and submitted to the Town Treasurer.

We would like to take this opportunity to extend our thanks to the townspeople for their considerable patience during the difficult period following Hurricane Gloria. As always we appreciate the continued cooperation of the contractors and members of all town departments.

Respectfully submitted,

William F. Laidler  
Inspector of Wires  
Robert Stewart  
Inspector of Wires (Alernate)

## **REPORT OF THE BOARD OF PUBLIC WORKS**

Hurricane Gloria was a surprise and unpleasant visitor this year. The heavy rain characteristic of hurricanes was absent and damage was primarily wind downed trees and overhead utility lines. The Board, on behalf of all the Townspeople, highly commends the Public Works staff whose untiring efforts had all Town streets blocked by fallen trees passable for emergency equipment within hours after the storm had passed. A town wide vote of thanks is also given to Superintendent Simmons, whose speedy action secured commitments from contractors with the needed specialized equipment, and to the Board of Selectmen, for their efforts in obtaining State permission to burn debris, and to the work of the Public Works personnel, all of which enabled Hanover to be the first Town in the region to have all downed trees, branches and other debris completely removed from the Town's streets.

Residential and commercial development continued at the rapid pace begun in 1983, and a considerable amount of Board's, the Superintendent's, and the Deputy Superintendent's time was spent reviewing plans and resolving construction problems.

The spirit of cooperation between the Department of Public Works and the many other Town agencies and citizens groups assisted by Department, or whose responsibilities are affected by the Department, remains strong and the Board expresses its appreciation to all whose efforts contribute to this achievement.

### **HIGHWAY DIVISION**

Road improvement and maintenance work, and planning for major reconstruction projects, continued this year. Hurricane Gloria, due to its arrival during the normal paving season and the resulting diversion of personnel for cleanup, caused the cancellation of scheduled road sealing work.

Road improvements completed in 1985 include:

#### **Reconstruction —**

Winter Street — surface course paved, all work completed.

Whiting Street — drainage system improvement and pavement reclamation completed on the second of the two 2500 foot sections between Webster Street and the Rockland line.

#### **Resurfacing —**

Plain Street — Main Street to Old Farm Road

Main Street — At Bailey Brook between Stonegate Lane and Cedar Street

#### **Road Sealing (Preparation Only) —**

Old Hanover Street — Route 139 to Route 53

Walnut Street

North Street

Plain Street — Route 139 to Circuit Street  
Grove Street — Route 139 to Center Street  
Bardin Street  
Old Cross Street  
Alden Road

Bradford Road  
Brewster Lane

## **WATER DIVISION**

The second phase of a three year program of major maintenance at the Water Treatment Plant is currently underway. The work includes the cleaning of the surfaces in the concrete tanks, the application of new protective coating and the rehabilitation or replacement of tank machinery. The water color experienced by many homeowners during the shutdown period is an unavoidable condition in the water drawn from the Broadway and Hanover Street wells utilized for supply during this period and will disappear once the plant is back in operation.

A study to collect new data and to up-date the findings and recommendations contained in the 1979 Water System Evaluation Report is planned for this coming year. The study will concentrate on the need for additional water supply, treatment facilities, distribution system improvements and rate structure changes. Since 1975, over 1000 new water service connections have been made and plans for well over 100 new homes are presently undergoing Planning Board review.

The current water rate has been in effect since 1977. Hanover is approaching the point where the revenue generated by usage will not be sufficient to cover the cost of needed additional facilities and existing facility improvements. Rate changes will be needed to allow the Board to supply an adequate quantity of high quality water in the years ahead.

Preliminary engineering for the construction of larger water lines to provide needed fire flow volumes in the Assinippi area are being completed and final designs that will coordinate the work with the anticipated Route 53 widening are scheduled for 1986-87.

The Old Union Street standpipe was completely cleaned and painted and similar work on the Walnut Hill tank is scheduled for 1986.

The monitoring well equipment is in place and testing to accumulate base data on groundwater characteristics has begun.

## **PUBLIC GROUNDS**

A landscape architect consultant was commissioned to prepare a master plan for the undeveloped portion of the Town Cemetery on Silver Street and the development of additional sections in conformance with the plan is scheduled for 1986.

The Board and Department staff express their appreciation to the Townspeople for the continued support and cooperation in their continuing efforts to maintain and improve the Town's public facilities.

Respectfully submitted,

Benjamin L. Kruser, Chairman  
Thomas Berenz  
George Lowe

## REPORT OF THE HOUSING AUTHORITY

During the past year, the Hanover Housing Authority has continued to try to meet the ever-increasing demands for housing in Hanover. The Housing Authority has received an increase of five rental assistance units under the Chapter 707 Program, and is now able to assist a total of twelve families in Hanover with rental assistance payments. Even with this increase, the Housing Authority is still unable to help many other families that have applied for rental assistance. The Hanover Housing Authority will continue to seek additional rental assistance through the Chapter 707 Program.

The Housing Authority also administers the Section 8 Rental Assistance Mobility Program for four recipients residing in Hanover, who have received their certificates under this program from other towns.

The members of the Hanover Housing Authority suffered a great loss in August of 1985 when their Executive Director, Stanley B. Goldman, passed away. His expertise and dedication to his job will never be forgotten. The last project that Mr. Goldman was working on was a Chapter 689 Project. This project will provide funding to build a home for autistic children. Unfortunately, Mr. Goldman never knew the final outcome of his months of hard work, as the 689 Grant Award was received after his death. Mr. Goldman was a man who had dedicated his life to caring about people, and we hope that he will be remembered in that way.

In May, the Housing Authority welcomed a newly elected member, Maryann Brugnoli, to the board, and Mrs. Brugnoli was elected Treasurer at the reorganizational meeting in June.

In October, the Housing Authority hired Elizabeth Callahan, Executive Director of the Pembroke Housing Authority, to fill the vacancy left by Mr. Goldman. Mrs. Callahan has done an excellent job, and the Authority feels she is well qualified for the position. The Commissioners hope Mrs. Callahan will be an asset to the Town of Hanover and its people in her efforts to obtain funding for the 667 Elderly and Handicapped and 705 Family Housing Programs. Mrs. Callahan is already able to lend her expertise to the Hanover Housing Authority in working with the Chapter 689 Program, which the Town of Pembroke has already completed.

The Commissioners of the Hanover Housing Authority wish to thank the citizens of Hanover and the various Boards and Departments for their continued support.

Respectfully submitted,

Karen F. Cranton, Chairman  
Carmine J. Salines, V. Chairman & Asst. Treasurer  
Anthony J. Krupa, Secretary  
Maryann Brugnoli, Treasurer

**TOWN REPORT — 1984-1985**  
**TRUSTEES FOR PLYMOUTH COUNTY**  
**COOPERATIVE EXTENSION SERVICE**  
**BY MARY M. MCBRADY, DIRECTOR**

The County Extension Service is the educational outreach component of the United States Department of Agriculture, the University of Massachusetts in Amherst, and Plymouth County government.

The main office is located on High Street, Hanson on the grounds of Plymouth County Hospital and can be reached by telephoning 293-3541 or 447-5946. (In the telephone book under Plymouth County)

A federally funded Nutrition Education Program, designed to assist young families with limited resources, is located in Brockton at 32 Belmont Street. Under the guidance of Andrea Gulezian, 9 nutrition assistants (6 FTE's) worked with 320 homemakers. In addition they offered a week-long nutrition summer camp for youth and over 60 food demonstrations to improve family diets. As a cooperating agency they received 3/4 of their referrals from WIC, Project Good Health and Good Stamp offices. In schools (with nutrition education programs that reach 5,000 youth) 357 volunteers worked with the nutrition program.

Cooperative Extension Agents are specialists in the area of 4-H, Home Economics, Community and Natural Resource Development and Agriculture. Agents service all towns in Plymouth County through lectures, phone call assistance, field visits and county-wide programs.

In our 4-H program last year 15,178 youth were enrolled. Of that number 959 were enrolled in traditional club programs and 14,219 were exposed to 4-H short term projects, school enrichment or individual study programs. 786 volunteers assisted in conducting the county 4-H program.

**Newsletters . . . free for the asking**

The Home Economics department recently made available to residents a newsletter "Creative Living" which covers areas of Consumer Economics, Human Development, Nutrition and Clothing & Textiles.

"Garden Clippings", the extension newsletter for the backyard gardener has a circulation of 3,400, doubling in size since last year.

Agriculture and Resource Development agents service clients by reporting needed agriculture events as they happen, essential to produce growers and communities. A computer links our office to U/MA research.

Cooperative Extension works through a variety of ways to reach Plymouth County residents. 20,000 publication listings were distributed to all libraries and town halls this past year. Radio PSA and news releases are sent out weekly to ensure program coverage. Presently there are 10,800 names on our mailing lists who receive monthly newsletters in wide areas of interest.

Respectfully submitted,

Mary M. McBrady, Director

# **1984-1985 REPORT OF TRUSTEES FOR COUNTY COOPERATIVE EXTENSION SERVICE TOWN OF HANOVER**

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town, or by the Federal Government for carrying out the provision of the Law, under which they are appointed.

Agents have made contacts during the past year in every community, either by public meetings, individuals visits, group discussions and demonstrations, in attempting to assist the needs of the citizens toward helping to solve management problems, better living, and better community service. The Extension Service staff have been ably assisted by many local volunteer leaders.

A total expense of \$125.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

## **EXPENSE 1984-1985**

Books & Manuals Purchased for Town Officials	\$ 5.00
Town Director's Expense	—
Bulletins, Paper, etc.	50.00
4-H School Programs	50.00
4-H & Home Ec Leader Expense	20.00
	<hr/>
TOTAL	\$125.00

## **FINANCIAL SUMMARY**

Current Appropriation	\$125.00
Suggested Appropriation for 1986-1987	125.00

## **REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL**

During 1985 the Metropolitan Area Planning Council provided professional review of Environmental Notification Forms on a total of three commercial development projects proposed along Hanover's traffic-burdened Route 53. Their recommendations to the Secretary of Environmental Affairs underscored the need to improve this heavily congested corridor. M.A.P.C. endeavors to establish a priority for the Route 53 reconstruction and the project was included in the Transportation Improvement Program.

In June the Board of Selectmen requested technical assistance from M.A.P.C. for the Ad Hoc Committee on Housing Alternatives in developing proposals to address and assess Hanover's housing needs. Material was supplied to the Committee.

Lastly, M.A.P.C. staff provided support and information to encourage the ten neighboring South Shore towns, Weymouth, Hingham, Hull, Cohasset, Rockland, Hanover, Norwell, Scituate, Marshfield and Duxbury to form the South Shore Coalition, a smaller regional subgroup which can provide a forum to deal with particular issues affecting several of the communities in common, such as traffic, rail transportation, waste disposal and the future of the Weymouth Naval Air Station. Such issues deserve multi-community discussion; first, to protect the interests of individual towns and secondly, desirable projects will be more easily funded since state agencies are favoring funding of multi-community projects rather than those from individual towns.

M.A.P.C. Representative

## COUNCIL ON AGING

To the Board of Selectmen and the Citizens of Hanover:

As you may be aware there have been a number of changes involving the Council on Aging and its staffing in recent months. The selectmen appointed four new members to the council: Allison Stoddard, Ginny Palmieri, Gerard Bussiere and Majorie Abbot. Patricia Edgar was appointed Elderly Services Coordinator and Verna Kreger as Senior Aide.

The role of the Council on Aging and its staff is to try to address the various needs of Hanover's growing population of senior citizens. Hanover has a senior population of over 1500. Once the needs are identified we must design, advocate or implement services to fill these needs or coordinate existing services. However this is a monumental task which requires help from the senior citizens themselves by volunteering their time and expertise. To make any organization a success, volunteers are very important. We would not be able to assist so many Senior citizens without the help of our volunteers. They are the nucleus of this organization. The Council and staff wish to thank you all.

On Saturday, May 18, 1985 the main function room at the Senior Center was dedicated to the memory of Mrs. Dorothy Griffin. Mrs. Griffin will always be remembered for her services to the Senior Citizens of Hanover.

Work is still continuing on the lower basement of the Senior Center. We have some grant money and some donations to cover the cost of materials, however, the work itself must be done by volunteers. The Council continues to work toward getting this room completed.

The hot lunch program is still provided twice a week at the Junior High School. Lunches are also taken out to the various shut-ins in town. With the help of Marina Robinson, Sue Kelley and the staff we are hoping to extend this program to 5 days a week to better serve our shut-ins.

New programs have been started during recent months. Anyone interested in joining them please call the Senior Center. We are also planning a series of lectures, trips, parties, sports and cultural events for the near future.

The council meets monthly on the first Friday of every month at 9:30 a.m. These meetings are open to the public. All are invited.

We would like to take this opportunity to thank the townspeople, volunteers and members of all Town Departments for their assistance and cooperation during the past year.

Respectfully submitted,  
Council Members and Staff

## REPORT OF THE BYLAW STUDY COMMITTEE

To the Citizens of the Town of Hanover:

During the past year, the Committee has reviewed the bylaws for possible updating, both on an individual member basis and during committee meetings.

In the early months of 1985, the Committee reviewed drafts for the potential bylaw changes concerning the Capital Improvement Committee which subsequently became Article 14 in the 1985 Town Warrant.

We would like to extend our services to any organization of Town Government or to citizens who wish to initiate, to update or would like to have the Committee's aid in the research or in the writing of bylaws.

We ask this report be considered as a report of progress.

Respectfully submitted,

Donald W. Moores, Chairman

## **BLUE CROSS-BLUE SHIELD ADVISORY COMMITTEE REPORT FOR 1985**

The Blue Cross-Blue Shield Advisory Committee continued its study of health maintenance organizations (HMO) initiated in 1984. Modernization of town accounting methods permitted offering HMO options to employees for the first time this year.

On March 20, 1985, it was voted unanimously that the Committee recommend to the Board of Selectmen that Pilgrim Health Care and Multigroup Health Plan be authorized to enroll members for the year commencing June 1, 1985. On April 29, 1985, the Selectmen acted favorably on this recommendation with the provision that the programs take effect on October 1, 1985, to allow time for bookkeeping preparations.

An open enrollment period was held in September, with the result that 25 employees selected one of the HMO options. Remaining employees chose to remain with the Blue Cross program previously in effect.

The two providers selected by the Committee offer employees two different types of HMO, as well as two different service areas. Multigroup Health Plan is a group module provider with medical facilities available in nine locations around the Rte. 128 corridor. Their local facility is South Shore Medical Center, and their facilities are convenient to residents of Greater Boston.

Pilgrim Health Care, rather than providing medical centers, contracts with a network of over 900 doctors and dentists to provide service. With offices in Middleboro, they service primarily Plymouth, Bristol, and Barnstable counties. This HMO is convenient for employees living south of Hanover.

While the HMO concept is not beneficial for all employees, it is hoped that it will be a worthwhile health care option for some.

The Committee wishes to thank Debbie Wilson, former Town Treasurer, for her assistance in researching and implementing the HMO program.

## 1985 REPORT OF THE VISITING NURSE

To the Board of Selectmen, the Hanover Visiting Nurse Association and the Citizens of Hanover:

In February of 1985 the VNA received news of Nurse Administrator Marjorie Townsend's serious illness. We were all saddened by this, but Marjorie has rallied and is showing continued improvement. Since then I have assumed the duties of Nurse Administrator. I extend my thanks to the part-time nurses, VNA Board and members for their help, encouragement and support. This agency works closely with the Board of Health, Council on Aging, school nurses and many others to provide services to the townspeople. This was very evident during the State of Emergency after Hurricane Gloria. All department heads in town responded immediately and everyone worked together.

The awareness of the community to others and their needs is evident in the generous donations made at Thanksgiving, Christmas and many other times during the year. The VNA is most grateful.

We continue to orient Massasoit College nursing students to Public Health Nursing from January thru May.

A total of 4,608 clients were seen this year of which there were: 1,230 nursing; 312 physical therapy visits; 1,463 health supervision; 4 case assessments and numerous social service activities, including 51 needy families at Thanksgiving and 52 families at Christmas.

Sixteen well-child conferences were held; 175 children attended and received physicals, immunizations and health counseling. Appointments may be made by calling the Visiting Nurse Office at 826-4971.

Sixty senior citizen health conferences were held with 1,059 clients seen. Twelve adult blood pressure clinics were held with 131 seen. Twelve diabetic screening clinics were held with 98 clients seen and there were tests for anemia done on request, with a total clinic attendance of 1,463.

### **Clinics held throughout the year:**

*Senior Citizens:* The last Wednesday of every month from 1:30-3 p.m. at the Grange Hall, for all residents over 60.

*Adult:* The third Friday of every month from 1:30-3 p.m. in the nurse's office at the town hall.

*Legion Housing:* The second Wednesday of every month from 1:30-3 p.m. in the community house at Legion Housing.

*Cardinal Cushing Residence:* Held on Mondays from 1:30-3 p.m.: Building #1, the 1st Monday of the month; Building #2, the 2nd Monday of the month; Building #3, the 3rd Monday.

*Diabetic Screening:* The last Friday of each month from 8-9 a.m. Anemia screening is also available by appointment.

The nurses and board members assist with the annual flu clinic held at the Grange Hall in October, and at several other clinics.

If desired, house calls are made on all first babies, or to any new mother in need of assistance. Letters of congratulations are sent which list services provided by the agency.

The nurses attend in-service programs, lectures and seminars throughout the year to keep up with the latest trends in public health nursing.

The Visiting Nurse Office is located on the first floor of the town hall. An answering machine is in operation when the nurse is out of the office.

Respectfully submitted,  
Marilyn J. DeBoer, R.N.  
Nurse Administrator

# **HANOVER VISITING NURSE ASSOCIATION, INC.**

## **ANNUAL REPORT 1985**

To the Board of Selectmen and the Citizens of Hanover:

Regular meetings of the Board of Management are held each month except July and August. The January and April meetings are open to the public.

Board members assisted the nurses at Well-Child Conferences, Pre-School Conference, Health Maintenance Conferences for the Elderly, held monthly, as well as at weekly Blood Pressure Clinics at the two residences for the elderly. A monthly Diabetes Testing, by appointment for a small fee, and Anemia Screening on request are offered.

In April, Marilyn DeBoer, R.N. took over as full time Acting Nurse Administrator due to the illness of Marjorie Townsend, R.N.

In September, Mrs. Jacqueline MacKinnon, R.N., B.S., our new Consulting Supervisor was welcomed.

In October, nurses and board members cooperated with the Board of Health at a Flu Shot Clinic.

Acting Nurse Administrator, Marilyn DeBoer was assisted by members of the Board of Management in her loving task of distributing goods and assistance at Thanksgiving and Christmas. Board members also prepared special parcels for the elderly at Christmas time.

The VNA Board awarded \$965. in camperships to children in the summer and distributed \$2,200. in nursing scholarships to Hanover residents.

Also, included upon request, a Home Safety Inspection is provided by the Nurse Administrator.

The association maintains a well-stocked supply of loan equipment, including sick-room supplies, which may be borrowed, free of charge, by any resident of the Town of Hanover.

Special thanks are extended to the members of the Board of Management and to the nurses: Mrs. Marjorie Townsend, R.N., Mrs. Avery Andrew, R.N., M.S., Mrs. Marilyn DeBoer, R.N., Mrs. Jacqueline MacKinnon, R.N.B.S., Mrs. Maureen Cooke, R.N. and Mrs. Suzanne Stevens, R.N. who have served the town with much dedication.

Also, the VNA sincerely appreciates the generosity of the residents of Hanover who responded to our annual fund drive.

Respectfully submitted,  
Honore Taylor, President  
Rita J. McLaughlin, Treasurer  
Helene F. Edwards, Secretary

## REPORT OF THE BOARD OF HEALTH

The Board of Health respectfully submits our Annual Report to the Citizens of Hanover for the year 1985.

The Board meets Monday evenings at 7:30 P.M. on the first, third and fifth Mondays of each month with the exception of holidays. Special meetings are posted with the Town Clerk. The office is open Monday through Friday from 8:00 A.M. to 4:00 P.M. There is a full time Health Agent who performs the various duties and enforces the rules and regulations which come under the jurisdiction of the Board of Health.

During the year 7,266 tons of refuse were disposed of at the Transfer Station. Thanks to the continuing efforts of our citizens our recycling program returned monies to the Town. Newspapers yielded \$3,562.78, waste oil \$206.00, scale fees for weighing vehicles \$385.00, percolation tests (149) \$3,725.00, disposal works construction permits (108) \$2,700.00 and fees for various licenses produced \$4,229.00. No money was received for recyclable glass and cardboard as there is presently no market for these materials.

Beginning on January 1, 1985 the Board began charging \$30.00 per ton for refuse accepted at the Transfer Station from all in-town disposal contractors, businesses and builders. Residents disposing of refuse over 500 lbs are charged a fee of \$30.00 per ton. OUT-OF-TOWN refuse is not accepted. Revenue from this program produced \$73,845.90.

Mosquito control programs were continued with aerial spraying conducted three times during the year.

A flu clinic was held for residents over 65 years of age. Vaccine was provided for school immunization programs: diphtheria, tetanus, measles/mumps/rubella and polio. Mantoux clinics were also held to test food handlers at restaurants and schools, for Tuberculosis.

Two rabies clinics were held in 1985 and 114 animals were inoculated.

Mr. O'Toole continues to serve as Hazardous Waste Coordinator for the Town.

Communicable diseases reported:

- 81 (Mumps, strep throat, etc.)
- 105 Chicken Pox.

The following complaints were processed during the year:

- 1 Unsanitary conditions (home)
- 16 Unsanitary conditions (businesses)
- 12 Sewerage
- 5 Brook and Pond water
- 1 Substandard Housing
- 6 Drainage
- 17 Restaurant - uncleanliness
- 5 Landlord - (No heat or Hot water)
- 2 Illegal Dumping

7 Air Pollution  
 1 Animal - (not dog bite)  
 6 Debris around businesses  
 4 Storage of Hazardous Waste  
 7 Food Poisoning  
 3 rat problem  
 6 Miscellaneous

## **HANOVER HISTORICAL COMMISSION 1985 ANNUAL REPORT**

Members Lawrence Slaney, Barbara Connors, James Kelliher, and Jeannine Risgin and Chairman Barbara Barker held six regular meetings in 1985. On April 23 we presented a program on video tape called "Historic Hanover," created by our Yankee Intern, Roland Morgan, committee member Lawrence Slaney, and Jody Silver from County Cable Television. We have encouraged the Planning Board and other town boards to consult us about new streets names and other matters of historic interest. We also sent ten slides, "A Commentary on Hanover History", to the Brockton Historical Commission Tercentenary Exhibition."

### **REPORT OF CONSERVATION COMMISSION**

To the Board of Selectmen and the Citizens of Hanover:

The primary charge of the Conservation Commission is the regulation and protection of the wetlands in the Town of Hanover. This charge is defined in Chapter 131, Section 40, of the General Laws of Massachusetts Regulations effective April 1, 1983. The Town of Hanover Wetlands Protection by-law #6-14 also determines the scope of the Commission's authority. The promotion, protection, and development of the natural resources of the Town is another responsibility of this board.

The Conservation Commission meets in open session the first and third Mondays of each month at 7:30 P.M. The office is open Monday through Friday from 8:00 A.M. to Noon and 1:00 P.M. to 4:00 P.M. Mrs. Lois McAfee is the Commission Agent; the telephone number is 826-6505. Gary James, an engineer, is a new member of the Commission replacing Robert Krul who moved from Hanover. Leslie Molyneaux also resigned after nine years of dedicated service because of other pressures, and Joann Finch who had served as recording secretary for thirteen years resigned for reasons of health. There is presently a vacancy on the board.

The Commission held 55 public hearings, 19 determinations, issued 21 certificates of compliance and 5 enforcement orders. During the summer of 1985 the cranberry bog lease brought in \$718.75; the fee schedule for filings produced \$10,760.75 for the Town Treasury.

The Commission added several important pieces of land to its jurisdiction. Two parcels on the south side of Webster Street near Assinippi Corner known as the Fairbairn land were give to the Town. Dr. Robert Pilon contributed 4.4 acres at Broadway. This will be dedicated in memory of Joseph Church and Harry Hansen. Approximately 2½ acres were purchased from Penn. Central Corporation connecting parcels of conservation land on Cross and Water Streets and on Broadway. The Self-Help project which allowed the purchase of 30 acres of Old Pond Swamp was completed satisfactorily the State providing 80% of the purchase price. This acreage and the Fairbairn gift provide protection for Third Herring Brook. Several subdivision owners are setting aside upland areas for open space also adding approximately 14 acres for conservation usage.

After ten years of litigation the problem concerning grading Kelleher land behind the Elks property was settled amicably. The Town also received \$3,000.00 from Mr. Gerald Kelleher to compensate for damaging wetlands in the Birchwood area.

An Article in the Town Warrant was approved to permit the Conservation Commission to petition the General Court to pass a bill authorizing a guaranteed deposit plan for developers to reimburse the Commission for consulting engineering costs. This was voted favorably in both instances. This new plan will go into effect on March 1, 1986.

The Commission is in the process of rewriting and revising the Town of Hanover Wetlands Protection By-law #6-14 and the Regulations. Public hearings will be held so that there may be input from the citizens of Hanover. The Commission also intends to provide more maintenance and environmental management for the areas under its protection.

The Commission appreciates the help and support of the other Town agencies, particularly the D.P.W., and of the interested citizens.

Respectfully submitted,

Margaret Burns, Chairwoman

## **SOUTH SHORE VOCATIONAL TECHNICAL HIGH SCHOOL DISTRICT ANNUAL REPORT**

South Shore Vocational Technical High School lost one of its founding committee members in 1985, Valentine F. Harrington. Mr. Harrington was instrumental in planning for the school back in 1956. Through his efforts on the original school district planning board, the school was established and became the first Regional Vocational High School in Massachusetts. Mr. Harrington continued on as a school committee member until his death in 1985.

The South Shore Vocational Technical High School is currently offering seventeen vocational and technical programs to the students of our eight member communities. Services provided to students with special needs have increased with the addition of an afternoon program for students who ordinarily would not be attending South Shore.

Eleven students from Hanover received their diplomas and technical certificates in June. Seventeen percent (17%) of our 1985 graduates went on to higher education. Seventy-nine percent (79%) gained employment and two percent (2%) entered the military services. During the 1985-86 school year, South Shore had a total of 541 district and out-of-district students in attendance. A total of 72 students are from Hanover, representing approximately 15% of the school population.

The athletic department experienced excellent success in interscholastic soccer and basketball during the 1984/85 school year. Our varsity soccer and basketball teams finished with outstanding records over the last two years.

Paul Smith, from Hanover, received a gold medal during the 1985 State Conference of the Vocational Industrial Clubs of America. Paul's area of expertise was in Precision Machining.

Responsible growth is being planned and initiated at the South Shore Vocational and Technical School. The District School Committee and the administration are continually assessing "old programs" and reviewing possible "new programs" to ensure that the needs of the district are being served. On behalf of the School Committee, the staff and the students at South Shore Vocational Technical High School thank you for your confidence and your support.

Respectfully submitted by,

Dennis Blackwell,  
District School Committee Member  
Town of Hanover.

## **JOHN CURTIS FREE LIBRARY ANNUAL REPORT FOR THE YEAR 1985**

To the Citizens of Hanover:

As the new director of the John Curtis Library, thank you for the welcome you have accorded me; I look forward to welcoming each and every one of you into the Library in the coming year. Let me use the occasion of this annual report to give my honest assessment of what currently is the Library's situation, and what is portended for the year ahead.

The most exciting development of the past year has been the beginning of the process of computerization. The Old Colony Library Network, of which our Library is one of sixteen members, has made great strides towards fulfilling the promise that led Hanover Town Meeting last year to approve a substantial sum of money for our participation. A vendor has been selected, and at this time contract negotiations are beginning. This is the result of many hours of creating technical specifications that will eventuate in meeting our Library patrons' collective needs. At the John Curtis Library, conversion of our collection so that it may be "read" by a computer was begun and is proceeding at a better-than-average pace. It is due to tireless participation by Library staff members and our wonderful volunteers that this is occurring. It will be during 1986 that town residents get tangible results from the computerization project.

Volunteerism benefits the John Curtis Library. The Hanover Newcomers Club pays for the Library's New England Aquarium Pass, which allows Hanover residents free entry all 7 days of the week. The Friends of the Library, with the assistance of the Hanover Women's Club, Jrs., continues to fund free passes to the Boston Museum of Science, the Children's Museum, the Museum of Fine Arts, and the U.S.S. Constitution. Our 12 Hanover residents who volunteer weekly at the library have made the Library the gift of more than 1,100 hours, helping to organize our materials, keep records, get ahead of schedule on the computerization project, and so much more. The Campfire Girls' Club has generously funded our ability to have story hours for the young children of Hanover. The Newcomers Club's members donate their volunteer time to run the toy-lending library out of the Library's "Hatfield Room," every Tuesday afternoon. And this is not to mention the countless donations of books and other materials, both in memoriam of a friend or loved one, which the Library received this past year from you, the residents of Hanover. The last example of volunteerism that the Library is the grateful recipient of is the unpaid service of the Board of Trustees, without whose thoughtful direction and planning we could not function near current levels, and without whose advocacy, many of the aforementioned volunteer efforts might not be happening.

But the past year has also experienced problems. The average price of a hardcover book of fiction has increased by 5% during the period 1983 to 1984; the average price of a paperbound book of fiction has increased by 18% during

the same period; the average price of a general interest magazine subscription has increased by approximately 6.5% during the period 1983 to 1984.<sup>1</sup> And though the figures for the period 1984 to 1985 are not yet available, past years' trends suggest the same increases all over again. Town of Hanover suggested across-the-board line increases have been and remain well below the increases in Library materials costs. And something has to be done about it, especially as we are given to understand that a traditional source of Curtis Library revenue, the dog tax, will no longer be available. The Town of Hanover, recent publications suggest, continues to grow<sup>2</sup>, and we of the Library are trying to grow with the information needs and recreational/educational needs of the Town. Something must be done.

A major Library effort begun during 1985 is the creation of an up-to-date and extensive reference collection. This has been funded by the monies received from the income of the Alice Marian Curtis Trust, the Bradlee Rogers Trust, the Louise B. Middleton Fund, and the Ruthetta M. Sylvester and Emily E. Sylvester Fund. During 1985 many business reference sources and consumer reference sources were purchased. This will lead to the creation of a "Consumer Corner" and "Business Reference" section during 1986 when more such materials will also be purchased with the income of trust monies. Reference books, it should be noted are the most expensive type of Library Holding. The 1984 average per volume prices were: \$25.32-Business Reference; \$46.16-Science Reference; \$27.15-History Reference; \$34.97-General Works.

During 1985, the Library added new services. Most notable is a notary public service, free for all transactions except profit-making and very complex ones. Also of note, the new Librarian has inaugurated professional reference/information services. If the Library does not possess information which you need, a concerted effort will then be made to find out that information for you by telephone. We hope to further expand this service during 1986. Working in conjunction with professionals at American Cablesystems, Library staff have begun to film special programs which instruct Hanover residents in the use of Library materials. Plans currently include such topical programming on Business, Consumer, Young Adult, and Educational resources. We are also open to Hanover residents' suggestions for topics of interest to them.

During 1985, the Library was open 51 hours per week for a total of more than 2,600 hours. This is slightly above average for a Massachusetts public library in a town of 10-15,000 population. In the future, I would like to see the number of hours that the Library is open, increase slightly.

During 1985, materials circulation decreased slightly to a level of 80,000. This means 8 items were circulated per capita. In 1983, 9 books or other materials were circulated per capita. This is clearly a trend to be reversed, and, with the acquisition of high interest materials such as young adult paperbacks, books-on-tape, and consumer materials, it is a trend that we can expect to indeed be reversed shortly (requiring only that you use your Library more). We are replacing low-use magazines with ones that usually receive high

use. We are letting you know of new materials we have received both through numerous press releases, and through a new publication "New Books at the John Curtis Library."

The Hatfield and Phillips Rooms, available to all organizations' meetings, were used by the Hanover Women's Club, Jrs., and the Friends of the Library for their meetings, during 1985.

The Library's hours are: Adult Dept.: 10 AM-8 PM, Monday-Wednesday;  
10 AM-5 PM, Thursday-Saturday;  
Children's Dept.: 1 PM-8 PM, Monday-Wednesday;  
1 PM-5 PM, Thursday & Friday;  
10 AM-5 PM, Saturday

The Library is closed on Saturday from June to September.

The Library's Board of Trustees meets regularly on the second Tuesday of the month at 7 PM in the library. The public is invited to attend and the Trustees welcome suggestions.

## REPORT OF THE TAX COLLECTOR

To the Board of Selectmen and the Citizens of Hanover:

Collections during the calendar year 1985 for Real Estate, Personal Property and Motor Vehicle Excise taxes, together with miscellaneous collections, such as interest and fees on late payments and fees for Municipal Lien certificates, amounted to \$7,282,856.16.

The Fiscal 1986 tax rate of \$23.40 per \$1000.00 was certified on October 29, 1985, and the bills were mailed November 19, 1985. The prompt payment of these late bills was appreciated as it alleviated additional borrowing by the Town in anticipation of tax revenue.

Many hours were spent preparing notices to taxpayers in arrears of Fiscal 1984 real estate taxes. A Tax Title lien was placed on seven parcels of which six of them have already been redeemed.

A hearing was held at the Registry of Motor Vehicles in Brockton, and approximately thirty-six delinquent Motor Vehicle excise taxpayers became subject to a license suspension.

The total receipts for Municipal Lien Certificates was \$9,000.00. A Municipal Lien Certificate is a document prepared for mortgage passings or refinancing indicating whether or not the taxes and water charges are paid. The cost of this certificate is \$15.00.

I would like to thank the citizens of Hanover for their conscientious efforts to pay the many bills that are mailed from this office. My appreciation is also extended to my competent office staff and Deputy Collector for their efforts and many courtesies.

Respectfully submitted,  
 Eleanor M. Kimball  
 Hanover Tax Collector

## REPORT OF THE BOARD OF ASSESSORS

To the Hanover Board of Selectmen and  
the Citizens of Hanover:

Hanover experienced a \$14.4 million increase in valuation due principally to new residential and commercial construction in calendar year 1984. Total assessed value of the town amounted to approximately \$300 million. New property tax revenues generated by the new construction amounted to approximately \$305,000.

During the year the Board's request for a postponement of the revaluation of the town was granted by the Department of Revenue. The postponement was due to delays in entering information in the new appraisal software.

Mrs. Lois Kendall was appointed assistant assessor in December to replace D. Judith Murphy who resigned. Mrs. Kendall had previously worked in the assessor's office for 16 years. Gerald S. Culhane received his designation as a Massachusetts Accredited Assessor. Linard Risgin was certified as an assessor by the Department of Revenue after successfully completing their requirements. All members of the Board of Assessors are now certified as assessors by the Commonwealth.

Respectfully submitted,

Gerald S. Culhane, Chairman

Linard Risgin, Clerk

Charles E. Hopkins

## **ANNUAL REPORT OF THE PERSONNEL BOARD 1985**

The Personnel Board met on a regular basis during the past year to conduct its business.

The Board reviewed several salary increase and position reclassification requests during the year.

The chairpersonship of the Board was assumed in November by Paul Salines. Subsequently, the Board added two new members to replace Kathy Gilroy and Mike Ahern who had left earlier in the year.

The chairperson and the Board have identified a full set of goals and objectives to be addressed during the coming year, they are: to complete a thorough review of the town's Personnel By-Laws, including the system of classifying positions, to do a classification review of town positions covered under certain collective bargaining agreements, and to continue to shape the Board into a cost effective and professional function of town government.

## REPORT OF THE SCHOOL DEPARTMENT 1985

After two years of debate, the state legislature, in July, passed the landmark reform bill known as the Public School Improvement Act of 1985. Since the bill highlighted critical areas in current education, and since this bill will begin changes affecting many aspects of public education, some of the areas emphasized in the bill can serve as an outline by which to review thirteen current operations in the Hanover Schools in 1985.

Curriculum Assessments is a key part to the legislation and curriculum development a major aspect guiding any school system. In Hanover the master blueprint is under final revision now that its structure is found to comply with the new state law. Some ninety-six people, both lay and professional, worked to determine what should be taught in the Hanover Schools. Now the document will enter final review stages with all teachers having opportunity for input. Then a steering committee will produce the final document for school committee review.

One area of the curriculum is mathematics and, even while the master plan is being finalized, work is ongoing to improve math in grades K-12. At the elementary school level (K-5) there are three areas of progress. To implement the curriculum written last year, first existing texts were tailored to the new program and additional materials were added to aid in teaching math concepts to provide each school with a library of resources for remediation and enrichment. Aided by a state/federal grant, teachers have been involved with six in-service workshops where teachers, under expert supervision, learned to work with the resource materials used in the curriculum as well as learned ways to teach problem-solving skills. Finally, ten teachers were involved in a math pilot program testing different series of math texts so recommendations might be made for a series of texts to be adopted universally throughout the elementary schools as current texts wear out.

Coordinating with the elementary school curriculum, the junior high mathematics program is undergoing revision. A program of study will be developed for each of the three ability levels of grades 6, 7 and 8. The teacher committee is concentrating not only on content but on coordination with the lower and higher grades so that there will be a sequential, modern, effective mathematics curriculum K-12.

Mathematics is only one part of the entire Hanover *Educational Objectives* and the state program goes beyond curriculum development to assessing the results in some standardized manner. While the state will begin to sample educational performance against national standards in three subject areas and in only three grades, Hanover has had a nationally accepted achievement testing program using several types of tests in place for the last 13 years. Annually, the results are presented but, as they have never been included in this report, a few comments seem in order. The Metropolitan Achievement Tests have been around since 1932 and the newest version developed in 1978 was standardized on 800,000 students from all 50 states.

They offer a national comparison for the community, curriculum direction for the schools, and individual performance data for teachers and parents so as to best educate each student. There has been an improvement in all areas over the past 13 years; the current results indicate a five-year plateau of excellence. The 1985 Metropolitan Achievement test results by grade equivalent are as follows:

### 1985 METROPOLITAN ACHIEVEMENT TEST RESULTS BY GRADE EQUIVALENT

SUBTEST	Grade 1	2	3	4	5	6	7	8
Reading	<u>2.4</u> 80	3.8	4.7	6.8	6.7	10.1	10.5	11.7
Mathematics	<u>2.6</u> 80	3.5	5.2	6.7	7.1	8.6	10.6	PHS
Language					7.9	10.1	11.2	PHS
Basic Battery					7.2	9.1	10.3	PHS

There are several ways to show test results, the commonest being grade equivalents used here. A grade equivalent means that a typical student in grade 6 scoring 10.0 is working in reading like a typical student in the beginning of his tenth grade. It does not mean he/she knows everything a 10th grader does but on this test he scored the same as an average 10th grader tested in September.

A second type of standardized test used in Hanover is the College Entrance Examination Board Tests. These are far more difficult than the proposed state tests and are used to predict success in college. It is not considered a way to evaluate schools, since the material tested relates to college success rather than high school achievement. Also, as far as averages go, in many states 2-10 percent of the top students take the test, while on average one-third of the graduating class will have been tested; the larger the group the lower the average because less able students pull down averages. Hanover is especially hurt in this fashion when averages are used because two-thirds of the graduating class take the test, including many who do not go to college, hence the average is far lower than the typical score of the strong college-preparatory student. Nonetheless the class graduating in 1985 scored as follows:

	Verbal	(Averages)	Mathematics
National	426		471
Massachusetts	429		467
Hanover	445		479

Two other areas related to curriculum and testing in the state legislation and ongoing in Hanover this year are the Essential Skills and Basic Skills. The state wants to be sure every student has mastered certain essential basic skills and will finance, in part, school systems found very weak in teaching

such skills. To measure these skills in a fashion that allows school-to-school and town-to-town comparisons the law mandates tests at three grade levels for each student. Hanover has been using similar state tests since the program was first introduced but set a higher level for a passing grade than the ones proposed for state use next year. Hanover's results have never appeared in this report so some 1985 data might well be shown here. In Hanover the eighth grade test is much harder to pass as it is the first time a high school graduation standard is used. While many fail in grade 8 as would be expected, all have passed the test in the past five years before high school graduation — remedial work is provided each year with retesting. Since different numbers of students are present on the different days tests are given, the totals per grade vary slightly.

### STATE BASIC SKILLS IMPROVEMENT RESULTS 1985

Subject	Grade Three		Grade Six		Grade Eight	
	pass	fail	pass	fail	pass	fail
Mathematics	135	3	141	5	199	7
Reading	134	1	138	8	192	14
Writing	137	0	138	8	196	10
Listening	136	0	146	0	206	0

Students receive work in the regular classroom after these tests in areas in which the group may do relatively poorly. Some young people receive special help or tutoring in addition. A very few, often students with severe learning problems on special programs are exempted from such tests by state law. Hanover feels the basic skills are important to every student and sees that these essentials are learned before graduation.

While School Improvement Councils sound as if they might work to improve those learning basic skills, the new state law, in this fourth area, is concerned with supplementing, not supplanting local effort to provide additional things needed to improve classroom and school learning. The state plan was patterned somewhat on a Hanover PTO project undertaken last year whereby individuals and groups of teachers would request and justify some desirable items which would help their students. The Hanover PTO is to be praised for both coming up with this idea and on raising funds and awarding monies on a lottery system so that items which were not able to be purchased through Proposition 2½ limited budgets might be obtained. The state in 1985 awarded \$10 for each student in grades K-6 to be spent on such enrichment activities and materials as local Councils composed of teachers and parents, might determine. By the fall of 1986, the state will distribute \$10 per every student in the schools K-12, to be awarded by local Councils. The money will appear on the "Cherry Sheet" showing state monies going to individual towns. Hanover already is using monies for such needed items as field trips, added library and classroom resources, repair of playground equipment and special assemblies; all enriching the daily life of students.

One area to improve the daily life of students is to address the needs of the very young who are being increasingly impacted by changing life styles. The state law recognizes the need to provide more for early childhood education but will award most of its money to schools having many urban poor families. While Hanover would not qualify for funds, an increasing problem is recognized and is under study this year by a lay-professional committee. An increasing number of students do not measure up to their potential in kindergarten through primary grades leading to expensive, remedial services. The causes are complex but research indicates that many such problems can be lessened by increasing schooling down into the prekindergarten years. This whole area of early childhood education will become an increasing concern in the years ahead especially with the rise in the number of students entering kindergarten the past two years.

Like early childhood education, educational technology — which generally means microcomputers — is another area addressed by the new state law and was an area for work in Hanover in 1985. A special article at town meeting allowed the high school to complete its computer laboratory including replacing some worn out, vintage machines. A teacher trained in computer education joined the staff to standardize the computer education program for all students in the junior high, to teach a few students in lower grades and to provide in-service education for staff as a prerequisite for expansion of the computer program. A study committee recommended a strengthened computer curricula, some expansion of offerings at the high school and expansion into grade five and possibly lower in the year ahead. Another special article is proposed to help in that regard.

Leaving the technology areas, the state law made three areas for changes in aspects relating to professional staff. The first of these concerns is the difficult area of staff evaluation. Hanover long has had a system of extensive screening of new teachers and uses a management-by-objectives type of evaluation for all professional staff. This industrial technique advocated by many writing the new law, calls for rating of skills by both the professional and his/her evaluator, then a plan of objectives to improve certain areas within a given time and with specific written progress reports being made. While the state plan is still being developed Hanover continues to use its system to raise the level of performance of each of its staff members. In-service education is a way groups of teachers can be helped to grow in specified skills or topics. A teacher/administrator team selects the skills and topics most generally needed, organizes programs and even seeks outside funds to help bring in experts. This year the team organized such diverse topics as the teaching of critical and creative thinking, working with talented students in the classroom, computer skills for teachers, ways to teach creative writing in the elementary school grades and how to present problem solving skills in the teaching of mathematics.

A second of three staff areas in the state law is known as professional improvement. While the law has led to differences in what is meant by

professional improvement, Hanover will receive funds in six installments over a three year period, as shown on the "Cherry Sheet". Likewise, a third area is known as the Horace Mann Grants and will also appear on the "Cherry Sheet". It provides extra pay for teachers who take on added responsibilities such as training of others, development of curriculum and expansion of programs. Even before the law was enacted, Hanover had teachers undertaking the in-service work and curriculum development mentioned earlier. Three teachers, giving of their summer vacation but partially funded by a Regents State Grant they helped obtain for Hanover, attended summer school in Connecticut to learn the latest ways to educate the gifted and talented student in the elementary schools.

Education for the gifted and talented is the tenth area from the state law and one in which Hanover has moved forward in 1985. The Hanover program known as SAGE and its teacher, Mrs. Constance O'Brien, have received various state recognitions and a number of small grants this year. Services are provided through the regular classroom with some outside work. Students have been involved in such diverse topics as computers, philosophy, French, Spanish, great books, environmental science and creative writing; also they have formed two problem solving teams entered for competition at the state level. Michael Zerphy worked with students for a week on mime and imagery; Michael Daley spent a month as a poet-in-residence. While a variety of grants including arts lottery monies and local organization contributions have helped fund these activities, added budgeted funds are needed to maintain this fine operation.

From the gifted at the elementary school level it is but a step in time to the eleventh area of state legislation, recognizing Commonwealth Scholars. Three Hanover graduates, the maximum allowed for the school, received \$1,000 scholarships from this new state fund — Mary Reaney, Anne Reale and David Walsh. At the 1985 graduation class members had received over \$217,000 in other financial aid as first year students, \$31,730 of which was raised locally. Students, parents and the professional staff join together to thank the many generous citizens who contributed this large sum to aid 1985 Hanover graduates. As many readers like to compare 1985 with the past years as far as what Hanover graduates are doing, the following seven-year study might prove helpful.

In addition to the six receiving National Merit Scholarship Recognition Karen McLaughlin was a National Merit Finalist, an outstanding honor. Janine Sylvia received a four-year ROTC and Ann Reale received the state Chancellor's Academic Talent Award worth four years of tuition; both of these were equally deserving.

Extra-curricula activities like athletics, while not included in state funded programs, are considered most valuable to the growth in the large number of students who participate in high school. As has been a custom, a brief review of the seasons follows. In the winter season 135 students competed on six teams. The girls' basketball, gymnastics and boys' ice hockey teams all qualified for state tourney play. The girls' basketball and boys hockey teams were second place finalists in their league while the gymnastics team was co-champions of the South Shore League Division. The team qualified, for the first time ever, for the South Sectionals, and freshman Dayna Curran qualified for the state individuals in vaulting, bar, beam and floor exercise.

In the spring, 198 students participated on nine different teams. All did well with the baseball team winning the league large school championship and qualifying for state tourney play. The girls tennis team, also did very well and qualified for their state tourney.

The fall season saw 207 students competing on 11 teams. The football team varsity had a strong season and was co-champions of their South Shore League Division. While it is hard to limit recognition of outstanding athletes to just three, the Boston Globe named two Hanover students to all-star status, Bob McQuin in football and Mara Frattasio in Field Hockey while Chris Murphy was named to an all league team each season — in girls basketball, in softball and in girls soccer.

Not part of the Educational Reform Law but of great state mandated importance is the Governor's Alliance Against Drugs; the Hanover School Department in conjunction with the Police Department has had much positive activity in this area. In 1985 a comprehensive drug education program was conducted throughout the grades. Elementary School Pupils learned about the dangers of drugs through specially prepared comic books. Sixth and seventh graders were taught about substance abuse through the use of puppets in a program sponsored by the Junior League and the Hanover Women's Club Juniors. Lt. Paul Hayes working with the school department's coordinator, Dr. Walter Sweeney, involved eighth graders in a program featuring the District Attorney, prisoners and dogs who sniffed out marijuana. High schoolers continued their fine program on drug/alcohol abuse in the spring and started a SADD program in the fall to heighten awareness among students. The entire community pulled together into the Governor's Alliance with student, parent, and citizen groups and individuals rallying behind school and police leadership in this concern. A strict disciplinary policy in the schools, with police cooperation, is also helping to lead Hanover to a decline in substance abuse among students this year.

No report on school activities would be complete without a few recognitions to the many activities and individuals who have helped this year.

The PTO and several scholarship organizations continue to provide financial help and support to students at all grade levels and those graduating each year. The many youth groups help both in and out of school. One particular group of parents organized and staffed a Friday night open gym program for junior high students.

The Hanover Parents Music Club has become a vital force in musical education, encouragement and productions systemwide. The High School Band continues to have its summer retreat because of the dedication of the Director and a group of parents. John Schumacher rejoined the school staff and continues to organize, write, direct and produce original musical productions the cast and crews of a Schumacher production received a Second Prize in State Competition. A Save the Lady Campaign saw Cedar School students raise a large sum of money for this Statue of Liberty project. Jessica Billings, a 4th grade student, as part of a SAGE project organized an Oxfam Program and raised \$600 for this worthy cause. The high school staff is participating in a state requested experiment to develop a model examination schedule. In the John Hopkins National Talent Search among seventh graders 14 Hanover students participated with four receiving a Distinction rating and two earning state Ceremony presentations. The staff and students of grade 6 participated in their 14th week-long ecology campout. School and bicycle safety continue to be stressed in elementary school programs sponsored by staff and parents.

We, in the school department, thank all those referred to in this report and the many others who, while not mentioned, know that their contributions are sincerely appreciated. On field trips, at the library, through financial aid, and as supportive parents, Hanover residents make the schools what they are today. A dedicated staff, a fine student body, an involved school committee, and the many others who each help make our schools successful thank the town for their help and support in 1985.

# **REPORT OF THE TOWN ACCOUNTANT**

## **For the Fiscal Year July 1, 1984 through June 30, 1985**

Submitted herewith is the report of the Town Accountant in accordance with Chapter 41, Section 61 of the General Laws for the year ending June 30, 1985, showing in detail the receipts and expenditures of the various departments.

Also included is a Balance Sheet of the General Accounts, Debt Accounts, Trust Funds, and Federal Revenue Sharing Funds for the year ending June 30, 1985. The accounts of the Tax Collector and Treasurer were found to be in agreement with the amounts shown in this report.

The Town continues to experience a great deal of growth coupled with a strong economy both locally and statewide. Maintaining quality municipal services to the growing population will be a challenge for the future particularly as Federal funds, both in the form of revenue sharing and categorical grants in aid, are reduced.

I would like to thank the Town officials, Boards, Committees, and employees for their help, support and cooperation during this past year.

Respectfully submitted,

Gregory J. Doyon  
Town Accountant
