

Capital Improvements

PROJECT DETAIL SHEET

Fiscal Year: 2021

Department: Fire, Police, DPW, EMA

Project Title: Light Tower Trailer

Requested Amount: \$10,000

Description: Purchase a Light Tower Trailer

Project Overview:

Purchase a second light tower trailer for emergency scene and event lighting. The Town approved the purchase of the first light tower trailer back in 2013. It has been used extensively by various departments to provide scene lighting during emergency and planned events such as Hanover Day.

Financial impact of this project on the department's operating budget:

Purchasing a second light tower trailer will enhance the Town's ability to provide safe work areas for employees during emergencies and safe walkways for residents during planned events.

Light tower trailers cost little to maintain and are powered by efficient diesel engines.
