

TABLE 1

In accordance with the provisions of M.G.L. c. 148 § 13, the following amounts of flammable and combustible liquids, flammable solids or flammable gases may be kept, stored, manufactured or sold without obtaining a license from the Board of Selectmen. However, a permit is required from the Hanover Fire Chief.

Class I liquids	793 gallons†
Class I liquids	10,000 gallons‡
Class II liquids	10,000 gallons
Class IIIA liquids	10,000 gallons
Class IIIB liquids	10,000 gallons
Flammable gases (within a building)	3,000 cubic feet
Flammable gases (outside a building)	10,000 cubic feet
Flammable solids	100 pounds

† In container of 60 gallons capacity or less, or in portable tanks over 60 gallons capacity not intended for fixed use, including intermediate bulk containers (IBCs) designed for mechanical handling.

‡ In storage tanks having a liquid capacity that exceeds 60 gallons capacity, intended for fixed installation, and not used for processing.
