APRIL 1955

SCALE OF FEET  
KEY TO DISTRICTS\*

RESIDENCE	INDUSTRIAL
BUSINESS SEE BY-LAW	INDUSTRIAL FIREWORKS

\* NOTE: LINES MARKED P ARE PROPERTY LINES

- The boundaries of each of the districts are hereby established as shown, defined and bounded on this map, and as further described:
- Where boundary lines are shown upon this map within street lines of public and private ways, the center lines of such ways shall be the boundary lines.
  - Where the boundary lines are shown approximately on the location of property or lot lines, and the exact location of property, lot or boundary lines is not indicated by means of dimensions shown in figures, then the property or lot lines shall be the boundary lines.
  - Boundary lines located outside of street lines and shown approximately parallel thereto shall be regarded as parallel to such street lines, and dimensions shown in figures placed upon this map between such boundary lines and street lines are the distances in feet of such boundary lines from such street lines, such distances being measured at right angles to such street lines unless otherwise indicated.
  - In all cases which are not covered by other provisions of this section, the location of boundary lines shall be determined by the distance in feet, if given, from other lines upon this map, by the use of identifications as shown on this map or by the scale of this map (to the nearest twenty-five (25) feet).
