New Business

P. A. Landers, Inc. & Tech Environmental – They presented their plan to have three dust monitoring units placed in three different locations around the neighborhood, two located on 312 & 351 Winter Street, and one on 59 Birch Drive, which is deeper into the neighborhood. Tech Environmental will collect data for about two weeks and analyze the particle matter (a.k.a. Dust). Also they will have a weather station site set up at Landers and their staff will continue to monitor all the equipment during the weeks ahead. Mr. Dougherty asked the residents that attend the meeting, if they were satisfied with the Tech Environmental plan and they will proceed with the testing. They will attend the December 19, 2017 Board of Health meeting and share their results.
