**Re:** Fiscal Year 2015 Budget

---

It is with great pleasure and enthusiasm that I hereby submit to you my proposed operating budget for Fiscal Year (FY) 2015 for the Town of Hanover.

According to the Hanover Town Manager Act, the Town Manager must, "prepare and submit at a public meeting to the board of selectmen and advisory committee, not later than 90 days prior to the annual town meeting, a written proposed balanced budget for town government, including the school department, for the ensuing fiscal year." This budget is indeed balanced, and honors the Board of Selectmen's theme and mandate of a conservative approach to both revenues and expenses, while proposing some consolidation, honoring a long-standing commitment to education public safety and public works, and recommending new initiatives that fit with the Board's strategic goals and still maintain a commitment to responsible spending.

The Act also requires that the budget submission "detail all estimated revenues from all sources, and all expenditures, including debt service for the previous, current, and ensuing year." The document attached to this budget message fulfills those requirements, and goes well beyond, honoring the Selectmen's goal of improving communication with the public. This budget document provides an unprecedented level of detail, and represents a transparent and inclusive approach to appropriation of the peoples' money.

This budget is separated into three major categories: Revenues, Expenses, and Capital Spending, and represents a collaborative effort of all departments. Particular recognition goes to Finance Director Janine Smith, whose attention to detail and commitment to quality are represented throughout this volume of information.

## **REVENUES**

Projected revenues for FY15 include a continuation of the recent trend of austere growth and plentiful reserves. Revenues are forecasted responsibly and conservatively, including local receipts, which are estimated at levels designed to support continued plentiful free cash. Revenue projections are provided in a detailed manner in this budget proposal, continuing the practice established last year of a more detailed and transparent budget document that begins to fulfill the vision of a budget fully compliant with the tenets of the Government Finance Officers Association (GFOA). Decision makers and the public continue to have a window through which to review, analyze, and question all categories of revenues and local receipts, representing a level of transparency heretofore not seen. This budget will be posted tomorrow on the town's award winning website.

The Governor's budget includes a modest increase in local aid for both schools and municipal services. Consistent with that information and communication with our legislators, we are keeping our local aid estimate constant for next year. In keeping with our conservative approach, however, we will not count on any additional funding unless and until it is approved by the legislature, a process that will likely conclude after Town Meeting.

Overall property tax revenue is projected to increase by the allowable 2 ½ percent in FY15, with a reasonable estimate for new growth, the tax revenue from new construction. The new growth estimate of \$240,000 is consistent with last year's modest allocation. It follows both our analysis of recent trending and continued robust building permit activity. While the local economy continues to improve, our financial position is best served by a continued conservative approach.

Ambulance receipts are projected to continue their robust performance, with last year's total of nearly \$1 million providing a strong foundation for the operational and debt service uses from this important fund. The vote of the Selectmen to bring ambulance charges more in line with South Shore communities is enabling us to take a long-term approach to capital replacement.

Local receipts are projected to remain relatively consistent in most categories. These figures are developed in detailed consultation with our department heads and reflect an analysis of industry trends as well as historic performance here in Hanover. They will continue to be forecast well below actual proceeds, providing a large portion of the cushion that helps create a sustainable annual free cash figure.

Consistent with the financial policies approved by the Board of Selectmen in December of 2011, this budget continues the practice of weaning the town off of free cash as a funding source for the operating budget. This year, an allocation of \$250,000 is proposed, a reduction of more than one million dollars from just three years ago. This budget also captures and fulfills the goals and requirements of these policies for both revenues and expenses.

## **EXPENSES**

This budget reflects the Selectmen's policy of a budget that, "preserve(s) our quality of life by providing and maintaining adequate financial resources necessary to sustain a sufficient level of municipal services, and to respond to changes in the economy, the priorities of governmental and non-governmental organizations, and other changes that may affect our financial well-being." It fulfills the core values of supporting education, public safety, and public works, while working toward a balance between fiscal responsibility and fulfillment of the Board's strategic goals.

The FY15 budget:

- Continues to work within sustainable revenue sources and is balanced;
- Includes the proposed establishment of a Capital Stabilization Fund as a way to begin to fund annual capital needs through a responsible allocation of free cash and other available funds. This fund is proposed to be seeded with \$100,000 from our FY15 levy limit funds;
- Fulfills a clear and unwavering commitment to the Hanover Public Schools, including an increase of more than \$1.3 million to the current budget. This includes an increased allocation of \$300,000 through a Town Meeting article to address the pressures of special education;
- Includes a transfer of the technology budget to the schools, signaling the next step in a combined and collaborative approach to technology. This transfer of nearly \$300,000 is in addition to the additional funds noted above. As of July 1, and with appropriate discussion and approvals, all technology activities, including personnel, will be coordinated by the Hanover School Department;
- Centralizes the purchasing of office supplies at Town Hall into a single account, which will be handled through the Selectmen's office. This unified approach to purchasing will save both time and money;
- Implements the changes sought in the Assessing office of the Finance Department by eliminating one vacant position, re-tooling the two other positions, and providing an allocation for outsourcing of property valuation, resulting in a net savings of over \$20,000;
- Implements the out-sourcing of payroll processing in the Treasurer's office of the Finance Department consistent with the Selectmen's goal to pursue privatization;
- Includes the results of an analysis of administrative workload in the Board of Registrars and resultant shuffling of duties in the Registrar's and Clerk's offices. A portion of the work of the Board of Registrars will be outsourced, including printing of the annual census, and some of the duties performed through hourly wages to Board members will be shifted to full-time staff

redeployed in the Clerk's office. This will result in a more efficient operation and savings of more than \$30,000;

- Includes a significant shift in operations at the Fire Department, based on discussions with both the Advisory Committee and the Board of Selectmen. This budget submittal includes shifting a significant amount of overtime to the full-time salary line, representing a major change in operations. The proposal included in the budget includes adding two full-time firefighters, bringing the total manning for each duty group to six. This will allow for the elimination of a the need to call back firefighters to fill a shift when an employee is sick or on vacation, resulting in significant overtime savings. This allows for the hiring of the additional firefighters without an increase in salary costs;
- Embraces ongoing refinement of duties and responsibilities in the Community Services Department. This budget includes the addition of the title of Assistant Town Manager to the Director of Community Services position without a salary adjustment, providing that position with additional administrative scope. It also includes the assignment of the current Assistant Health Agent to a newly created position of Project Manager, designed to coordinate ongoing projects and contracts within all departments;
- Includes ongoing refinement of the Facilities Management delivery of services, including the addition of administrative support as discussed with the Advisory Committee;
- Implements a 4/2 schedule for the Emergency Communications Center in anticipation of successful negotiations for a new collective bargaining agreement. This change in service delivery will match the emergency dispatchers schedule to the Police Officers with whom they serve. It will provide for additional training within current salary levels and will provide for more consistent service delivery. The 4-2 schedule will not only match the HPD schedule, it is consistent with schedules in many communities and it is becoming the standard for operations. Consistency of operations is more easily achieved with full-time employees. The schedule will also allow for greater supervisor oversight and administrative functions as the additional hire will allow for 8 hours of administrative duties by the supervisor. This time is spent in grant applications and administration, IT support and payroll and scheduling; and
- Estimates a modest 5% increase in health insurance rates through the Mayflower Municipal Health Group.

## **CAPITAL SPENDING**

Included in this proposal are the capital requests for FY15, as required in the Act. This year's capital items are reflected in an actual Capital Improvement Plan with varied identified funding sources. This represents an important step forward in the town's capital planning to have a plan that takes a comprehensive look at the affordability of our proposals.

This capital plan seeks to implement the Facilities Study conducted by DRA, as scrutinized and further refined by Facilities Manager Bob Murray. It also includes routine equipment replacement and shows the result of significant work with First Southwest in developing a funding strategy for levy limit debt as a legitimate funding source for capital needs.

## **CONCLUSION**

This budget represents many hours of hard work by several dedicated public servants and volunteers. Many thanks to our department heads, finance staff, and numerous volunteers who collaborated on this important work.

I look forward to detailed and engaging discussions with the Board of Selectmen and Advisory Committee.
