An amendment to make the sum \$5,000.00 instead of \$3,000.00 was voted upon and declared by the Moderator to have been defeated. The vote was doubted and on count by the tellers the motion to amend was passed by 113 votes in the affirmative and 76 in the negative.

VOTED: That the sum of \$5,000.00 be raised and appropriated for this purpose.

ARTICLE 72.

To see if the Town will vote to amend the Zoning By-Law by revising the Hanover, Massachusetts, Zoning Map of June 1965 (including revisions thereof to 1969) as follows: That land situated at the southeasterly corner of the intersection of Broadway and Columbia Road, shown on the Assessors' Map of the Town of Hanover as Lots 79 and 143, Plan 57; which land is now zoned "Residential" be hereafter designated as "Business".
Development and Industrial Commission

The following report was filed by the Planning Board:

A Public Hearing on this proposed zoning revision was held February 17,

1971, in accordance with all statutory provisions.

This location, at the southeasterly corner of Broadway and Route 53, is conceded to be relatively undesirable for residential use. There are two parcels involved, one privately owned and one owned by the Town of Hanover and which is the subject of the following article which proposes its sale to be combined with the privately owned parcel. Together they appear to involve less than six-tenths of an acre. They are completely surrounded by property on which the Salmond Elementary School is located. The other three corners of the intersection are zoned and developed for business use.

It was brought out at the Public Hearing, and conceded by the party having an interest in the development of this property, that the total area involved, even assuming the approval of the following article to combine the two parcels under one private ownership, is inadequate for any practicable business use without the approval of variances by the Board of Appeals because of the set-back and the side-line requirements of the zoning By-Law.

The Planning Board therefore recommends that this article NOT be approved.

Hanover Planning Board
Turner W. Gilman, Chairman
John A. Libertine, Clerk
Robert L. Kimball
Joseph J. Zemotel
Franklin N. Meissner

VOTED: That this Article be passed over.

ARTICLE 73.

To see if the Town will vote to authorize the Selectmen to convey to Lottie B. Peterson, her heirs, successors in title or assigns, whatever rights or interest the Town has in a small parcel of land on the Southeast corner of the intersection of Broadway and Columbia Road, and identified as Lot #143 of Plan 57 of the Assessors' Maps of the Town of Hanover, said parcel consisting of approximately 3,000 square feet of land, providing the Selectmen retain sufficient land for the radius of said intersection; and further providing that the purchase price of said land shall be \$750.00, and that Lottie B. Peterson, her heirs, successors in title or assigns, must lot with combine this Lot #79 of Plan 57, which is the adjoining lot byned by her, or take any other action relative thereto.

Board of Selectmen

VOTED: That this Article be passed over.

ARTICLE 74.

To see if the Town will vote to amend the By-Laws of the Town of Hanover by amending Article XVI, to add Section 99, to read as follows: No person shall operate any self-propelled passenger vehicle, including but not

Development and Industrial Commission

The following report was filed by the Planning Board;

Following is the report of the Hanover Planning Board on Article 75 of the Warrant for Annual Town Meeting called for March 1, 1971.

A Public Hearing on this proposed zoning revision was held February 17, 1971, in accordance with all statutory provisions.

This article proposes to rezone from Residential to Limited Industrial land adjacent to the area of the new Hanover Mall. Almost all of this land was originally proposed for Apartment zoning when the current zoning By-Law was adopted. When the Town Meeting overwhelmingly rejected the apartment zoning the land reverted to its previous status - that is, residential zoning - by default. At that time, in 1965, the Development and Industrial Commission would have recommended Limited Industrial Zoning for this land, as it did for similar parcels North and South of this area, but deferred to the recommendation of the Planning Consultants that the area was even better suited to an Apartment Zone.

The Development and Industrial Commission, in proposing this rezoning, is acting to implement its original recommendation for this land.

The Planning Board in each of the past few years has stressed in its annual report the urgent necessity for more Limited Industrial land near major highways in Hanover and unanimously recommends that this article be approved.

Hanover Planning Board
Turner W. Gilman, Chairman
John A. Libertine, Clerk
Robert L. Kimball
Joseph J. Zemotel
Franklin N. Meissner

The area mentioned in this article is adjacent to the Hanover Mall which is under construction at this time and it is anticipated that if this amendment to the Zoning By-Laws is adopted, the area will be used for warehouses in connection with the commercial activities of the Mall.

There was considerable discussion on this article particularly as to possible contamination of the Third Herring Brook and the Town's water supply off Pond Street.

Mr. W. Thompson Fulton, who owns an island of property within this area, moved that the article be amended to exclude his land.

The presence of a quorum was doubted but a count by the tellers confirmed that a quorum was present.

VOTED: That the description of the area in the "First Parcel", be amended so that the rezoning to Limited Industrial District as described in this article under the "First Parcel", shall in no way apply to Lots number 13, 22, 58, 59 and 60 east of Washington Street as shown on Plan 24 of the Assessors' Map of Hanover. These lots shall continue to be zoned as they are as residential.

On motion duly made and seconded it was

VOTED: That action be taken separately on the "First Parcel" and "Second Parcel".

VOTED: 138 having voted in the affirmative and 28 in the negative, to amend the Zoning By-Law and so note on the zoning map by changing the area described in the "First Parcel" from a Residential District to a Limited Industrial District, excluding lots numbered 13, 22, 58, 59 and 60 as shown on Plan 24 of Assessors Map of Hanover, which lots will remain residential.

VOTED: 133 having voted in the affirmative and 33 in the negative, to amend the Zoning By-Law and so note on the zoning map by changing the area described in "Second Parcel" from a Residential District to a Limited Industrial District.

ARTICLE 76.

To see if the Town will amend the Zoning By-Law by deleting from Section VI, B, 2, sub-paragraph "e", and to re-number the following sub-paragraphs "f" and "g" to be "e" and "f" respectively or to take any action relative thereto.

JOURNAL OF ANNUAL TOWN MEETING HELD ON MONDAY, MARCH 6, 1972

The Annual Town Meeting at Hanover High School was called to order by George H. Lewald, Moderator at 8:15 P.M. on Monday, March 6, 1972 with 749 voters present.

Reverend Robert L. Jones offered the invocation which was followed by the pledge to the flag.

The Moderator asked that the Town Clerk record that the Warrant had been served and returned as required by the Town By-Laws.

Mrs. Pearl Sapiro read the Following resolution honoring Miss Fanny Phillips and on a rising vote it was unanimously adopted to be recorded in the minutes of this meeting.

RESOLUTION - FANNY HITCHCOCK PHILLIPS

It has been customary to publicly honor and commend those who have served the Town long and well, and who now wish to give up the responsibility so others may have the same opportunity to serve you as they have.

Since 1890, the John Curtis Library has had the helping hands of the Phillips Family. In 1890, Calvin Tilden Phillips was elected to the Library Committee to be succeeded by his brother, Morrill Allen Phillips in 1892. He was to serve as clerk and Treasurer from that date to 1918. His daughter, Catherine Tilden Phillips was appointed in his place and she served 42 years, until 1960. In 1960, Fanny Hitchcock Phillips was elected and has served twelve years with dedication and devotion in the tradition of her family.

Miss Phillips' service to the community goes beyond the Library for since her retirement from teaching she has been active in many civic organizations. She has been Past-President of the Hanover Historical Society, Past-Regent of the Daughters of the American Revolution, Board Member of the Hanover Visiting Nurse Association, Hanover Garden Club, St. Andrews Church and the Committee for Area Historical Preservation of Hanover. In 1966, Miss Phillips generously donated fifty acres of land to the Town in memory of her father to be known as "The Morrill Allen Phillips Wild Life Sanctuary".

With the growth of the Town, additional library facilities were needed and with Miss Phillips interest and efforts this was accomplished. The addition was officially opened November 1968. The old reading room was refurnished and named the Phillips Room in tribute to this fine family.

It is fitting on her retirement from the Board of Trustees of the John Curtis Library that we so honor and remember so gracious a lady. With sincere appreciation of her many years of service in our behalf and with every

good wish for her future happiness in our midst, we respectfully move that a copy of this tribute be incorporated in the records of the Town Clerk and that this Town Meeting rise and publicly express its gratitude to Miss Fanny Hitchcock Phillips.

Respectfully submitted,

(Signed) Pearl A. Sapiro

Mr. Henry Newcomb read the following resolution honoring Mr. Clifford Stoddard who recently retired as a Cemetery Commissioner. On a rising vote it was ordered that the resolution be incorporated in the minutes of this meeting.

TRIBUTE TO CLIFFORD L. STODDARD

On January 4, 1972 Clifford L. Stoddard retired from his position as Cemetery Commissioner after serving fifteen years in this office, most of this time as Chairman. Previous to being elected Cemetery Commissioner, Cliff was employed for nine years in the Highway Department.

Throughout his entire service to the Town of Hanover Clifford L. Stoddard has been a dedicated and sincere Town Official. He has consistently demonstrated great interest and pride in the maintenance and appearance of our Cemeteries and has justly earned the respect and admiration of all the citizens of Hanover.

With sincere appreciation for his many years of public service and with every good wish for his health and happiness in the years to come the Cemetery Commissioners respectfully move that a copy of this tribute be included in the records of this Town Meeting and that the Town Meeting rise and express its appreciation to Mr. Clifford L. Stoddard.

JOURNAL OF ANNUAL TOWN MEETING HELD ON MONDAY, MARCH 6, 1972

The following reports were read to the meeting:

REPORT OF THE TOWN GOVERNMENT STUDY COMMITTEE

The report of the Town Government Study Committee dated February 18, 1972 relating to the pending proposal to establish a department of Public Works in Hanover was distributed to the residents of the Town with the Town's Annual Report.

The Committee proposes to continue its work during the coming year. In the event that the voters on Saturday adopt the public works proposal, the Committee will during the coming year take whatever action is necessary and appropriate to facilitate the transition to public works which will take place upon the election of a three-member Board of Public Works in March of 1973. Whether or not public works is adopted in this year's election, the Town Government Study Committee proposes to continue during the coming year its study of the structure and operation of Hanover's municipal government. For these reasons, the Committee asks the town meeting to accept this as a report of progress.

REPORT OF ELEMENTARY SCHOOL ADDITION COMMITTEE

This Committee was established pursuant to a vote of the Annual Town Meeting four years ago. Within a few weeks the addition to the Cedar School will enter its third year of service to the Town. The discrepancies of which we spoke in our report to this meeting a year ago have been corrected, and the work of this committee is, therefore, substantially completed. There remains to be concluded a final reckoning with the appropriate State Authorities, and, pending that conclusion, we ask that this be accepted as a report of progress.

REPORT OF THE JUNIOR HIGH SCHOOL BUILDING COMMITTEE

Construction of the Junior High School was completed as per the contract and the students were able to move into the building following Christmas recess. The construction was completed on time with a minimum of problems and the Town is indebted to the General Contractor, the Architect

JOURNAL OF ANNUAL TOWN MEETING HELD ON MONDAY, MARCH 6, 1972

and the Clerk of the Works for a well constructed school.

The project has been completed well within budgetary allowances and it is anticipated that there will be a small surplus when all bills are finally paid. All that remains to be done is the adjustment of some equipment and the completion of some furnishings.

The Committee is considering the question of irrigation due to the critical water shortage so that we can adequately care for the lawns and playing fields. We hope that we can find a solution to this problem without a large expenditure.

We ask that this report be accepted as one of progress.

Very truly yours,

REPORT OF THE CONTINUING SCHOOL BUILDING STUDY COMMITTEE
1971 - 1972

The Continuing School Building Study Committee concentrated its efforts to find the best way of handling the anticipated increase in school enrollment. Two separate alternatives were studied - extended school year vs. additional classrooms. The extended school year, with all its recognized advantages, comes with several disturbing life style changes and increased operating costs. Its implementation at this time can not be recommended. We will continue to investigate this alternative and report to the Town when our findings are complete.

Alternatively, based on our projection studies, we are recommending to the Town that funds be appropriated to start planning for a 400-pupil addition to be completed by the 1974-1975 school year. We have submitted jointly with the Junior High School Building Committee an article to this effect in the Warrant for this Annual Town Meeting.

We would like to extend our appreciation for the fine work done by the subcommittee for the extended school year and the subcommittee for the school addition under the chairmanship of Mr. Gene Macomber and Mr. Robert Teetsel, respectfully. It should be mentioned that these subcommittees, reporting to this committee, are made up of townspeople who saw a need and came forth to volunteer their time and effort.

REPORT OF MUNICIPAL GOLF COURSE STUDY COMMITTEE

The work of the Municipal Golf Course Study Committee has been hamstrung by resignations. At the present time the Committee has only one member. It is my recommendation that new committee members be appointed to complete the work that has been started and that this report be considered a report of progress so that appropriated funds for the Committee can be expended if necessary.

REPORT OF THE HANOVER HISTORIC DISTRICT STUDY COMMITTEE

This Committee had intended to present a comprehensive article at this Town Meeting. However, a significant change in the State Laws governing Historic Districts has made it necessary to re-evaluate our position and to start over from scratch. In essence, the law permits the local towns to exercise far greater freedom in establishing rules and regulations within a district or in a site. Your committee wholeheartedly approves of this change in favor of more home rule and hopes to have a revised program to present at next year's Annual Meeting.

We must also report, with deepest regret, the loss of a valued member of the committee: Mr. John W. Beal. His knowledge and talents . . . his personality and encouragement . . . will be sorely missed by us all.

We ask that this be accepted as a report of progress.

REPORT OF BUILDING COMMITTEE FOR A NEW POLICE STATION

Pursuant to Article #48 of the Annual Town Meeting held March 2, 1971 it was voted - To establish a Police Station Building Committee for the purpose of obtaining preliminary plans and cost estimates for the construction of a new Police Station and to study and recommend a suitable site and to appropriate from available funds the sum of \$5,000 for that purpose.

The committee reports as follows:

After examining several building sites, including town owned property, the committee determined the land offered to the town by the Tedeschi & Campanelli interests to be the best available.

Architects who expressed a desire to be considered in the design of

JOURNAL OF ANNUAL TOWN MEETING HELD ON MONDAY, MARCH 6, 1972

the police station were interviewed and it was decided to engage Phillip J. Burne, Saugus, Massachusetts to prepare preliminary plans and related costs.

Title to the land donated by the Tedeschi interests did not pass to the town until mid-December 1971.

The deed contained the following stipulation:

"This conveyance is made on condition that the Town of Hanover shall commence construction on said parcel of its police station on or before March 1, 1974 and said construction shall be completed within six months thereafter."

As requested by the architect, soil tests were made and a topographical map submitted to the architect.

The preliminary plans were then prepared by the architect and reviewed and accepted by the committee.

Architect Burne furnished the following construction cost schedule:

Basic Building 6,820 Sq. Ft. at \$30.00	\$ 204,600
Pistol Range in basement 1,476 Sq. Ft. at \$8.00	<u>11,800</u>
Total Basic Building	\$ 216,400
Radio Equipment (including mast)	5,000
Laboratory (including Photo Equipment, etc.)	2,000
Range Equipment	11,000
Well installation	4,000
Site improvement (parking lots, grading, etc.)	<u>25,000</u>
Total construction cost	263,400
Architectural and Engineering Fees	<u>20,000</u>
Total Cost	\$ 283,400

It is the opinion of the committee that the town should vote in favor to appropriate \$17,000 to obtain final plans and firm bids for the proposed police station as set forth in Article #43 in the warrant for the Annual Town Meeting scheduled for March 6, 1972.

It is the opinion of the committee the following points are pertinent and should be considered:

- (1) The land donated by the Tedeschi interests located on route #53 is the best site available as of this date.
- (2) A police station on this site will not affect the environmental conditions of an established residential section of the Town.
- (3) It is located where the present and future police activity will most likely be.
- (4) If this land is not used as a police station as stipulated in the deed, a similar site, or its equal, will cost the town between

BBF987

JOURNAL OF ANNUAL TOWN MEETING HELD ON MONDAY, MARCH 6, 1972

\$45,000 and \$75,000.

(5) In order to comply with terms of the deed, final plans and firm bids should be available to the Selectmen and Advisory Board not later than the fall of 1972.

(6) The article required to be included in the 1973 warrant requesting appropriations for funds to build should be completed not later than December 1972.

(7) If voted favorably at the March 1973 Town Meeting, construction commitments should be firmed up shortly thereafter, so that the March 1, 1974 deadline stipulated in the deed can be met.

(8) The General Laws for the Commonwealth of Massachusetts in Chapter 40 Section #34 require all towns having over 3,000 population shall maintain a secure and convenient lockup to which persons arrested may be committed. The law provides a penalty of \$ 10.00 per month during the period of neglect.

Note: The Committee did not research this law to determine whether it is enforceable or adaptable to the present situation. The Town, however, was put on notice of this shortcoming in 1963 as set forth in the Thomas Associates report on planning.

The Committee further reports the following expenditures made to date as authorized by Article #48 at the Annual Town Meeting March 2, 1971.

Appropriated Funds	\$5,000.00
Plot plan and Topographical Map	\$580.00
Soil Samples and Percolation Test	45.00
*Architect Fees Paid	1,500.00
Architect fees contingent	<u>1,500.00</u>
Total Expenditures	<u>\$3,625.00</u>
Unencumbered Appropriated Funds	<u>\$1,375.00</u>
Architect's Total Fee	\$20,000.
(Less than standard 10% Fee)	
* Architect's Fees (as above)	<u>3,000.</u>
Appropriation request (Article #43)	\$17,000.

Respectfully submitted,

REPORT OF ACQUISITION FOR TOWN FACILITIES COMMITTEE

Said committee appointed by the Town Moderator under vote of Article #36 of the Annual Town Meeting, March 1, 1971. To investigate the acquisition of the land and former main building of the Fireworks Complex owned by Clark Babbitt Foods Inc; being Lot 144, Plan #60 of Assessors Map of the Town of Hanover, and to determine its cost and possible use for Town facilities.

The committee investigated the above and found that the cost to the Town of Hanover would be \$ 75,000.00. The committee also made several visits to the site location and talked with members of the Town Departments, examined the exterior and interior of the building and found that at this time there would not be enough departments to utilize enough space in this building to justify the purchase at this time. We also found that parking in the area near this site was very limited. Your committee would like to submit this as a final report.

ANNUAL REPORT OF THE DRAINAGE COMMITTEE

To the citizens of the Town of Hanover and all Town Officials and Departments: The Town of Hanover Drainage Committee, during 1971, held monthly meetings and whenever required for emergencies, to hear complaints and review conditions. All necessary minor complaints have been taken care of by the General Drainage Appropriation, and when feasible, major emergency projects were relieved until a special article could be presented to a future Town Meeting.

This year under a major Brook and Stream Clearance project, Iron Mine Brook was completed from Riverside Drive to Broadway, including installation of a new 60 inch culvert on Old Elm Street.

In 1972, three special drainage articles will be presented to the Town Meeting for your consideration.

It is our opinion that the committee should be continued and that this report be accepted as a report of progress.

Respectfully Submitted,
Town of Hanover Drainage Committee

VOTED: That the foregoing reports be accepted as reports of progress or as indicated therein.

BBF987

The Chairman of the Advisory Committee asked and received permission to make the following statement:

Each year your Advisory Committee has been called upon to not only give recommendation but to estimate what the real estate taxes might be if all recommendations are followed. There are also questions concerning state distribution of funds that might be applied to the real estate taxes.

The estimate of real estate tax was arrived at by taking the total appropriations of 1971 and subtracting them from the total recommended appropriations contained in this year's report. The difference is \$915,000. It is our estimate that every \$60,000 appropriated is equal to one dollar on the tax rate. Dividing \$915,000 by \$60,000 gives the estimated \$15. The \$60,000 figure is higher than the actual figure to attempt to anticipate increased assessments. The important point is not the real estate tax rate but rather what the real estate taxes paid are for you, the taxpayer.

With the increase expenditure the average taxpayer can look forward to paying some \$200 to \$240 more this year than last year. In the past our estimate has proven to be quite close in actual dollars paid by the taxpayer.

State distribution is the only major area that we have no estimate on nor will we have any until such time that the state makes the distribution. Questions have arisen concerning the method of distribution. The legislature, in its wisdom, determined that the local aid fund should be distributed on the basis of education, population, and assessment. At any time the formulas could be changed or substitutes made, such as land area or miles of streets or any other method. It is a fact, however, that regardless of the formulas or distribution basis, our Town would more than likely receive the same amounts.

State distribution is not earmarked for any certain area of expenditure but is distributed to the Town to be used as the Town votes its use.

There are Articles in the Warrant that will be recommended for passage and additional sums of money requested. The total amount is in excess of \$40,000. This, if approved, is an additional increase in real estate taxes over the original estimate.

Your committee has attempted to be as realistic as possible in its recommendations. There are those areas that we recommend be passed over at this time, not because they may not be important; but rather that they could be delayed in this year of such heavy expenditures in all areas of the budget.

Your committee called upon the School Committee to reduce its expenditure from that which was proposed in January. From that time to tonight

the Committee did reduce their request by nearly \$200,000. This was meeting our request halfway. While the Advisory Committee would ^{HAVE} preferred the \$400,000 figure, we are willing to meet halfway too. We, therefore, are recommending the amount requested and urge in the year to come that all possible means be employed to hold or reduce the expenditures.

Your Advisory Committee has met for many hours, has had long discussions, and has arrived at the recommendations openly and honestly. We, with you, hope that our estimates are greater than what actually occurs.

The Moderator outlined the procedure to be followed for the conduct of the meeting.

To see if the Town will vote to amend Article XIX of the By-Laws of the Town of Hanover by deleting Section 1 and substituting therefor the following Sections, entitled:

REMOVAL OF SOIL, LOAM, SAND, GRAVEL, AND OTHER EARTH MATERIALS

Section 1. Permit Required.

- a. No soil, loam sand, gravel, or other material shall be removed from land in any zoning district within the Town without a permit from the Board of Selectmen unless such removal shall constitute an exempt operation as hereinafter provided.
- b. "Removed" shall be defined as the displacement of any of the specified land elements from its existing location to any other area.
- c. No permit shall be granted hereunder until a public hearing has been held by the Board of Selectmen after first giving seven (7) days notice of the time and place of the hearing in a newspaper having general circulation in the Town of Hanover and by mailing thereof to all abutters. Any permit issued by the Board shall automatically expire upon the termination date stated therein. A Permit for any removal hereunder shall not be issued for more than six (6) months duration and may thereafter be renewed at the direction of the Board of Selectmen after a public hearing advertised seven (7) days prior to such hearing. The applicant shall pay all costs incident to the foregoing advertising and mailing requirements.
- d. No permit for removal of earth materials shall be granted unless the Board finds the operations conducted under such permit, subject to the conditions imposed thereby, will not be contrary to the best interests of the Town. For this purpose, an operation shall be considered contrary to the best interests of the Town, which:
 - (1) will be injurious or dangerous to the public health or safety;
 - (2) will produce noise, dust or other effects observable from adjacent

property in amounts seriously objectionable or detrimental to the normal use of adjacent property;

(3) will result in such use of the Town streets so as to cause congestion or hazardous conditions;

(4) will result in change in topography and cover which will be disadvantageous to the most appropriate use of the land on which the operation is conducted; or

(5) will have a material adverse effect on the water supply, health or safety of persons living in the neighborhood, or on the use of, or amenities of adjacent land.

*(3) This part of By-Law not approved by Atty General
R.D. Washburn
Town Clerk*

Section 2. Application.

a. Each application for a permit for earth removal shall be accompanied by a Permit Fee of Fifty Dollars (\$50.00) per acre, or any part thereof; a plan submitted in triplicate (the exact size and number of copies of which may be indicated by rule of the Board of Selectmen), prepared at the expense of the applicant by a Registered Land Surveyor or Civil Engineer, showing:

- (1) The existing contours of the land shall be shown in elevation increments of four (4') feet.
- (2) The contours as proposed after completion of the operations shall be shown in elevation increments of four (4') feet.
- (3) The proposed lateral support of all adjacent property;
- (4) The proposed drainage including calculations;
- (5) Other information necessary to indicate the complete physical characteristics of the proposed operation including test borings, when requested by the Board of Selectmen.

Section 3. Conditions of Permit.

a. In granting a permit hereunder, the Board of Selectmen shall impose reasonable conditions specially designed to safeguard the neighborhood and the Town, which may include conditions as to:

- (1) Method of removal;
- (2) type and location of temporary structures;
- (3) hours of operation;
- (4) routes for transporting the material through the Town;
- (5) area and depth of excavation;
- (6) distance of excavation to street and lot lines;
- (7) steepness of slopes excavated;
