The library director, supported by the trustees and the facilities manager, attended the meeting of the Hanover Advisory Committee to present the capital budget items requested: permanent signage for the front of the building to allow for information on upcoming events; an elevator or stair-lift to allow access to the staff area; an upgraded control system for the HVAC system; replacement of carpeting in the library public spaces; a separation of the children's room from the main foyer for myriad safety concerns.

Information was presented, and questions were asked to clarify concerns.
