Adrian Suciu, applicant, stated he had a letter of support from his neighbor at 30 Sequoya Lane whose property the shed would abut and submitted that letter in addition to the previously submitted letter of support for the abutter at 49 King Phillip Lane that is located behind the applicants property. Matt Perkins asked if there was anyone present in opposition which there was none. Matt Perkins asked the applicant if it was impossible to move the shed due to the leeching field which the applicant stated it was because for his property they had split the leeching field. Matt Perkins asked what the use would be for and if it was hazardous. The applicant stated it is to store construction materials, snow blowers, and personal equipment. Matt Perkins asked if this would be an improvement to the site. The applicant stated it would be especially visually because the current shed is ready to fall down. Frederick Adami asked if the current shed would be removed which the applicant stated it would be. Frederick Adami asked if the applicant could move it to the side which he stated was not possible due to the layout of his deck and backyard.
